

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549

**FORM 10-K**

(Mark One)

**ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the fiscal year ended December 31, 2024

or

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

Commission File Number: **001-34382**

**ROCKY BRANDS, INC.**

(Exact name of registrant as specified in its charter)

**Ohio**

(State or other jurisdiction of incorporation or organization)

**No. 31-1364046**

(I.R.S. Employer Identification No.)

**39 East Canal Street, Nelsonville, Ohio 45764**

(Address of principal executive offices, including zip code)

Registrant's telephone number, including area code **(740) 753-1951**

Securities registered pursuant to Section 12(b) of the Act:

Title of class	Trading symbol	Name of exchange on which registered
Common Stock – No Par Value	RCKY	NASDAQ

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark if the registrant is a well-known seasoned issuer as defined in Rule 405 of the Securities Act. Yes  No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes  No

Indicate by checkmark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to the filing requirements for at least the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer  Accelerated filer  Non-accelerated filer  Smaller reporting company  Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered public accounting firm that prepared or issued its audit report.

If securities are registered pursuant to Section 12(b) of the Act, indicate by check mark whether the financial statements of the registrant included in the filing reflect the correction of an error to previously issued financial statements.

Indicate by check mark whether any of those error corrections are restatements that required a recovery analysis of incentive-based compensation received by any of the registrant's executive officers during the relevant recovery period pursuant to §240.10D-1(b).

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

The aggregate market value of the registrant's Common Stock held by non-affiliates of the registrant on June 28, 2024, the last business day of the registrant's most recently completed second fiscal quarter was \$266,045,065, determined using a per share closing price of \$36.96, as quoted by Nasdaq on that date.

There were 7,462,452 shares of the registrant's Common Stock outstanding on February 28, 2025.

**DOCUMENTS INCORPORATED BY REFERENCE**

Portions of the registrant's Proxy Statement for the 2025 Annual Meeting of Shareholders are incorporated by reference in Part III.

*This Annual Report on Form 10-K contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended. The words "anticipate," "believe," "expect," "estimate" and "project" and similar words and expressions identify forward-looking statements which speak only as of the date hereof. Investors are cautioned that such statements involve risks and uncertainties that could cause actual results to differ materially from historical or anticipated results due to many factors, including, but not limited to, the factors discussed in "Item 1A. Risk Factors." The Company undertakes no obligation to publicly update or revise any forward-looking statements.*

## **PART I**

### **ITEM 1. BUSINESS.**

All references to "we," "us," "our," "Rocky Brands," or the "Company" in this Annual Report on Form 10-K mean Rocky Brands, Inc. and our subsidiaries.

We are a leading designer, manufacturer and marketer of premium quality footwear and apparel marketed under a portfolio of well recognized brand names, including The Original Muck Boot Company ("Muck"), Rocky, Georgia Boot, Durango, Lehigh, XTRATUF, Ranger and the licensed brand Michelin. Our brands have a long history of representing high quality, comfortable, functional, and durable footwear and our products are organized around six target markets: work, outdoor, western, commercial military, duty, and military. Our footwear products incorporate varying features and are positioned across a range of suggested retail price points from \$48.00 for our value priced products to \$655.00 for our premium products. In addition, as part of our strategy of outfitting consumers from head-to-toe, we market complementary branded apparel and accessories that we believe leverage the strength and positioning of each of our brands.

Segment Reporting and each of our reporting segments continue to employ consistent accounting policies. See [Note 19 - Segment Information](#) of our Consolidated Financial Statements for further information.

The Company's portfolio of brands is organized into the following reportable segments, in which our products are distributed:

- Wholesale
- Retail
- Contract Manufacturing

#### ***Wholesale***

We distribute Muck, Rocky, Georgia Boot, Durango, Lehigh, XTRATUF, Ranger and Michelin products through a wide range of Wholesale distribution channels throughout the world. Our Wholesale channels vary by product line and include sporting goods stores, outdoor retailers, independent shoe retailers, hardware stores, catalogs, mass merchants, uniform stores, farm store chains, specialty safety stores, specialty retailers and online retailers. As of December 31, 2024, our products were offered for sale at over 10,000 retail locations in the U.S. and Canada as well as several international markets, such as Europe.

We sell to wholesale accounts in the U.S. through a dedicated in-house sales team, and exclusive, as well as independent, sales representatives who carry our branded products and other non-competing products. Our sales force is organized around major accounts, including Boot Barn, Tractor Supply Company, Amazon and Bass Pro, and around our target markets: work, outdoor, western, commercial military, duty and military. Our sales force is also organized around brands, regions and customers to target a broad range of distribution channels. All our salespeople actively call on their retail customer base to educate them on the quality, comfort, technical features and breadth of our product lines and to ensure that our products are displayed effectively at retail locations.

Our Wholesale distribution channels vary by market:

- Our work-related products are sold primarily through work-related retailers, farm and ranch stores, specialty safety stores, independent shoe stores, hardware stores and online retailers;
- Our outdoor products are sold primarily through sporting goods stores, outdoor specialty stores, online retailers, catalogs and mass merchants;
- Our western products are sold through western stores, work stores, specialty farm and ranch stores, online retailers and fashion-oriented footwear retailers;
- Our commercial military products are sold primarily through base exchanges, such as the Army Air Force Exchange Store (AAFES), and consumer e-Commerce websites; and
- Our duty products are sold primarily through uniform stores, catalog specialists and online retailers.

#### ***Retail***

We market products directly to consumers through three retail strategies:

- Lehigh business-to-business including direct sales and through our CustomFit websites;
- Consumer e-Commerce websites (B2C) and third-party marketplaces; and
- Brick and Mortar Stores, which include our outdoor gear and retail store.

### *Lehigh*

We sell our Lehigh brand of safety shoes along with in-house and third-party branded work product to our business customers directly through our CustomFit websites, that are tailored to the specific needs of our customers. Our customers' employees order directly through their employers' established CustomFit website, and the footwear is delivered directly to the customer via a common freight carrier.

### *Websites*

We sell our product lines on our websites at *muckbootcompany.com*, *rockyboots.com*, *georgiaboot.com*, *durangoboot.com*, *lehighoutfitters.com*, *lehighsafetyshoes.com*, *xtratuf.com*, and *slipgrips.com*, as well as through online third-party marketplaces. We believe that our internet presence allows us to showcase the breadth and depth of our product lines in each of our target markets and enables us to educate our consumers about the unique technical features of our products.

### *Outdoor Gear and Retail Store*

We operate the Rocky Outdoor Gear Store in Nelsonville, Ohio. Our outdoor gear store primarily sells first quality current and discontinued products in addition to a limited amount of factory damaged goods. Related products from other manufacturers are also sold in the store. Our outdoor gear store allows us to showcase the breadth of our product lines as well as to cost-effectively sell slow-moving inventory. Our outdoor gear store also provides an opportunity to interact with consumers to better understand their needs. Additionally, Lehigh has one retail store located at the Puget Sound Naval Base where we sell select product directly to customers.

### **Contract Manufacturing**

While we are focused on continuing to build our Wholesale and Retail business, we also actively bid, from time to time, on eligible footwear contracts with the U.S. Military. In addition to contracts with the U.S. Military, we bid on private label contracts. Our sales under such contracts are dependent on us winning the bids for these contracts.

In 2023, we were awarded a new multi-year contract with the U.S. Military pursuant to which we will produce and ship a minimum number of pairs to the U.S. Military through 2026, with the option to extend. The first quarter of 2024 was the first full quarter, in which shipments were made to the U.S. Military under this multi-year contract. We expect to continue to actively bid on U.S. Military contracts.

### **Brands and Product Lines**

Our products are marketed under eight well-recognized, proprietary brands: Muck, Rocky, Georgia Boot, Durango, Lehigh, XTRATUF and Ranger, in addition to the licensed brand Michelin.

### *Muck*

Muck was founded in 1999 and has pioneered the premium rubber and neoprene boot category by delivering high quality, innovative, weatherproof and comfortable products. Our current line of Muck footwear products is offered at suggested U.S. retail price points ranging from \$55.00 to \$265.00. Through widespread consumer validation in the farm, agriculture, hunt and equestrian markets, Muck has been able to expand to new markets such as outdoor, gardening, industrial and general work, as well as to new international regions such as the U.K., Norway and Germany to reach new consumers. Both new and existing consumer groups have welcomed line extensions from the brand as the total catalog expands beyond its core offering into premium leather and other new footwear categories.

### *Rocky*

Rocky, established in 1979, is our premium priced line of branded footwear, apparel and accessories. We currently design Rocky products for each of our six target markets and offer our products at a range of suggested U.S. retail price points: \$80.00 to \$415.00 for our footwear products; and \$18.00 to \$160.00 for our apparel and accessory lines.

The Rocky brand originally targeted outdoor enthusiasts, particularly hunters, and has since become a market leader in the hunting and rugged casual category. In 2002, we also extended into hunting apparel, including jackets, pants, gloves and caps. Our Rocky products for hunters and other outdoor enthusiasts are designed for specific weather conditions and the diverse terrains of North America. These products incorporate a range of technical features and designs such as waterproof breathable fabric, 3M Thinsulate insulation, nylon Cordura fabric and camouflaged uppers featuring either Venator, Mossy Oak or Realtree patterns. We use rugged outsoles made by industry leaders like Vibram, as well as our own proprietary design features, to make the products durable and easy to wear.

In 2002, we introduced Rocky work footwear designed for varying weather conditions or difficult terrain, particularly for people who make their living outdoors such as those in lumber, forestry, construction and oil & gas occupations. These products typically include many of the proprietary features and technologies that we incorporate in our hunting and outdoor products.

We have also introduced western influenced work boots for farmers and ranchers. Most of these products are waterproof, come in soft toe and safety toe options and utilize our proprietary comfort systems.

### *Georgia Boot*

Georgia Boot was launched in 1937 and is our moderately priced, high-quality line of work and rugged lifestyle footwear. Georgia Boot footwear is sold at suggested U.S. retail price points ranging from \$109.00 to \$280.00. This line of products primarily targets blue collar workers across various trades, including construction, logging, warehousing, landscaping and farming. Many of our boots incorporate safety toes and non-slip outsoles to prevent injuries in the workplace. We also offer other more specialized protective features, such as puncture resistance, as well as metatarsal guards that protect wearers' feet from heavy objects. Each boot is designed to meet the demands of specific trades while also integrating cutting-edge technology and materials to create the most comfortable and durable footwear that is tough enough to handle the rigors found on job sites across America.

### *Durango*

Durango Boots was established in 1966 and manufactures premium western footwear for men, women, and kids. For over half a century, Durango has earned a reputation for building authentic western boots using exceptional materials and innovative constructions. Our current line of Durango products is offered at suggested U.S. retail price points ranging from \$120.00 to \$655.00. Our brand portfolio categories include work-western, farm and ranch, western-performance, premium exotics, fashion-forward and casual wear.

Many of our western products are marketed to core western and aspirational western consumers who have an affinity and loyalty to the western lifestyle. Such products include high-performance technologies that include our patented Dually Shank System, which provides twice the torsion stability and midfoot support and various footbeds that offer flexibility, comfort, and support for immediate gratification.

### *Lehigh*

The Lehigh brand was established in 1922 as a high-quality line of occupational safety footwear that later expanded into a full-service program offering. While still manufacturing and selling branded core product, the brand primarily focuses on providing managed programs to companies that require and provide a subsidy to their employees to wear safety footwear. Most of the footwear incorporates a protective toe and can include a metatarsal guard, puncture-resistant, slip-resistant outsole and special materials to combat caustic substances. Lehigh offers an extensive selection of styles to fit any work environment. Lehigh's unique business model provides companies with customizations to fit their needs and digital tools for greater visibility and control of their program. As the established leader in the industry, Lehigh introduced and utilizes 3DFit technology and wellness foot products as a way to elevate safety and improve productivity. By providing an accurate fit, body aligning orthotics and anti-fatigue compression, Lehigh helps companies go beyond accident protection to full body wellness protection. Lehigh provides and improves safety and health to a wide range of customer accounts in the industrial, distribution, hospitality and healthcare industries.

The Lehigh brand line of safety shoes has suggested U.S. retail price points ranging from \$91.00 to \$295.00 .

### *XTRATUF*

Since the early 1950s, XTRATUF has been a leading outfitter in the commercial, sport, and recreational fishing market, having provided fishermen with capable, comfortable and reliable footwear for use in the harshest conditions. With roots in Alaska and continued widespread use by those who live there, the XTRATUF brand has been able to expand to other regions throughout North America and most recently in the U.K. and Japan. Fueled by the strong growth in the outdoor market, particularly white boat lifestyle and sport fishing, the brand has been adopted by non-fishermen seeking quality, functional footwear. Our current line of XTRATUF footwear products is offered at suggested U.S. retail price points ranging from \$50.00 to \$195.00 .

### *Ranger*

Ranger primarily serves the outdoor recreational market and offers a range of pac-boots that are built for wet and cold weather that provide exceptional comfort and function at a value price. Our current line of Ranger footwear products is offered at suggested U.S. retail price points ranging from \$48.00 to \$100.00 .

### *Michelin*

Michelin is a premier price point line of work footwear targeting specific industrial professions, primarily indoor professions. The license to design, develop and manufacture footwear under the Michelin name was secured in 2006. Suggested U.S. retail prices for the Michelin brand are from \$210.00 to \$237.00 . The license agreement for the Michelin brand expires on December 31, 2025, with the option to renew.

## **Product Lines**

Our brands are organized into six distinct product lines, which consist of high-quality products that target the following markets:

- *Work.* Our work product line consists of footwear and apparel marketed to industrial and construction workers, as well as workers in the hospitality industry, such as restaurants or hotels and those who partake in farm and ranch work. All of our work products are specially designed to be comfortable, incorporate safety features for specific work environments or tasks and meet applicable federal and other standards for safety. This category includes products such as safety toe footwear for industrial and construction workers and non-slip footwear for hospitality workers.
- *Outdoor.* Our outdoor product line consists of footwear, apparel and accessory items marketed to outdoor enthusiasts who spend time actively engaged in activities such as hunting, fishing, camping and hiking. Our consumers demand high quality, durable products that incorporate the highest level of comfort and the most advanced technical features, and we are committed to ensuring our products reflect the most advanced designs, features and materials available in the third-party marketplace. Our outdoor product lines consist of all-season sport/hunting and fishing footwear, apparel and accessories that are typically waterproof and insulated and are designed to keep outdoor enthusiasts comfortable on rugged terrain or in extreme weather conditions.
- *Western.* Our western product line currently consists of authentic footwear products marketed to farmers and ranchers who generally live in rural communities in North America. In addition, we have western styles that are marketed for fashion and casual wear.
- *Commercial Military.* Our commercial military product line consists of footwear products marketed to military personnel as a substitute for the government issued military boots. Our commercial military boots are designed to be comfortable, lightweight, and durable and are marketed under the Rocky brand name.
- *Duty.* Our duty product line consists of footwear products marketed to law enforcement, security personnel and postal employees who are required to spend a majority of their time at work on their feet. All of our duty footwear styles are designed to be comfortable, flexible, lightweight, slip resistant and durable. Duty footwear is generally designed to fit as part of a uniform and typically incorporates stylistic features, such as black leather uppers in addition to the comfort features that are incorporated in all of our footwear products.
- *Military.* Our military product line consists of footwear products designed specifically for U.S. Military personnel. These footwear products are designed and manufactured to meet rigorous specification requirements, which include lightweight, durable, waterproof footwear products manufactured in the U.S. The U.S. Military products are marketed under the Rocky brand name.

## Competitive Strengths

Our competitive strengths include:

- *Strong portfolio of brands.* We believe the Muck, Rocky, Georgia Boot, Durango, Lehigh, XTRATUF, Ranger and Michelin brands are well recognized and established names that have a reputation for performance, quality and comfort in the markets they serve: work, outdoor, western, commercial military, duty, and military. We plan to continue strengthening these brands through product innovation in existing footwear markets, by extending certain of these brands into our other target markets and by introducing complementary apparel and accessories under our own brands.
- *Commitment to product innovation.* We believe a critical component of our success in the third-party marketplace has been a result of our continued commitment to product innovation. Our consumers demand high quality, durable products that incorporate the highest level of comfort and the most advanced technical features and designs. We have a dedicated group of product design and development professionals, including well recognized experts in the footwear and apparel industries, who continually interact with consumers to better understand their needs and are committed to ensuring our products reflect the most advanced designs, features and materials available in the third-party marketplace.
- *Long-term retailer relationships.* We believe that our long history of designing, manufacturing and marketing premium quality, branded footwear has enabled us to develop strong relationships with our retailers in each of our distribution channels. We reinforce these relationships by continuing to offer innovative footwear products, by continuing to meet the individual needs of each of our retailers and by working with our retailers to improve the visual merchandising of our products in their stores. We believe that strengthening our relationships with retailers will allow us to increase our presence through additional store locations and expanded shelf space, improve our market position in a consolidating retail environment and enable us to better understand and meet the evolving needs of both our retailers and consumers.
- *Diverse product sourcing and manufacturing capabilities.* We believe our strategy of utilizing both company operated and third-party facilities for the sourcing of our products offers several advantages. Operating our own facilities significantly improves our knowledge of the entire production process, which allows us to more efficiently source product from third parties that is of the highest quality and at the lowest cost available. We intend to continue to source a higher proportion of our products from third-party manufacturers, which we believe will enable us to obtain high quality products at lower costs per unit.

## **Growth Strategy**

We intend to increase our sales through the following strategies:

- *Expand into new target markets under existing brands.* We believe there is significant opportunity to extend certain of our brands into our other target markets. We intend to continue to introduce products across varying feature sets and price points in order to meet the needs of our customers.
- *Cross-sell our brands to our retailers.* We believe that many retailers of our brands target consumers with similar characteristics and, as a result, we believe there is significant opportunity to offer each of our retailers a broader assortment of footwear and apparel that target multiple markets and span a range of feature sets and price points.
- *Expand business internationally.* We intend to extend certain of our brands into international markets. We believe this is a significant opportunity because of the long history and authentic heritage of these brands. We intend to grow our business internationally through a network of distributors.
- *Grow our e-Commerce business.* We intend to drive business to our branded e-Commerce websites as well as third-party marketplace platforms. We believe there is an opportunity to capitalize on the changes in the market to online shopping as we focus advertising efforts and maximize our distribution capabilities.
- *Increases in our Lehigh business.* We believe that our business-to-business CustomFit platform has ample opportunity to grow as we continue to pursue large manufacturers, distributors, and other companies who are reliant on safety footwear programs. We feel that diversifying our product lines and continuing to provide an easy, no hassle approach to purchasing will allow us to expand within the market.
- *Acquire or develop new brands.* We intend to continue to acquire or develop new brands that are complementary to our portfolio and could leverage our operational infrastructure and distribution network.

## **Marketing and Advertising**

We believe that our brands have a reputation for high quality, comfort, functionality and durability built through their long history in the markets they serve. To further increase the strength and awareness of our brands, we have developed comprehensive marketing and advertising programs to gain national exposure and expand brand awareness for each of our brands in their target markets.

## [Table of Contents](#)

We have focused the majority of our advertising efforts on both digital advertising and consumer advertising in support of our retail partners. Digital advertising includes online brand level marketing, search engine pay-per-click, retargeting and social media targeting. A key component to supporting our retail partners includes in-store point of purchase materials that add a dramatic focus to our brands and the products our retail partners carry. We also advertise through targeted national and local cable programs, radio advertisements and print publications aimed at audiences that share the demographic profile of our typical customers. In addition, we promote through event sponsorships which provide significant national exposure for all of our brands as well as a direct connection to our target consumer. Our print advertisements and television commercials emphasize the technical features of our products as well as their high quality, comfort, functionality and durability.

We also support independent dealers by listing their locations in our national print advertisements. In addition to our national advertising campaigns, we have developed attractive merchandising displays and store-in-store concept fixturing that are available to our retailers who purchase the breadth of our product lines. We also attend numerous tradeshows which allow us to showcase our entire product line to retail buyers and have historically been an important source of new accounts.

### **Product Design and Development**

We believe that product innovation is a key competitive advantage for us in each of our markets. Our goal in product design and development is to continue to create and introduce new and innovative footwear and apparel products that combine our standards of quality, functionality and comfort and that meet the changing needs of our retailers and consumers. Our product design and development process is highly collaborative and is typically initiated both internally by our development staff and externally by our retailers and suppliers, whose employees are generally active users of our products and understand the needs of our consumers. Our product design and development personnel, marketing personnel and sales representatives work closely together to identify opportunities for new styles, patterns, design improvements and newer, more advanced materials. We have a dedicated group of product design and development professionals, some of whom are well recognized experts in the footwear and apparel industries, who continually interact with consumers to better understand their needs and are committed to ensuring our products reflect the most advanced designs, features and materials available in the third-party marketplace.

### **Manufacturing and Sourcing**

We manufacture footwear in facilities that we own and operate in the Dominican Republic, Puerto Rico, and Chuzhou, China and source footwear, apparel and accessories from third-party facilities in China, Vietnam, India, the Dominican Republic and Mexico. We do not have long-term contracts with any of our third-party manufacturers. We believe that operating our own facilities significantly improves our knowledge of the entire raw material sourcing and manufacturing process, which enables us to more efficiently source finished goods from third parties that are of the highest quality and at the lowest cost available, as well as reduce our lead times. In addition, our Puerto Rico facility allows us to produce footwear for the U.S. Military and other commercial businesses that require production by a U.S. manufacturer. Sourcing products from offshore third-party facilities generally enables us to lower our costs per unit while maintaining high product quality and limits the capital investment required to establish and maintain company operated manufacturing facilities. Because quality is an important part of our value proposition to our retailers and consumers, we source products from manufacturers who have demonstrated the intent and ability to maintain the high quality that has become associated with our brands.

Quality control is stressed at every stage of the manufacturing process and is monitored by trained quality assurance personnel at each of our manufacturing facilities, including our third-party factories. In addition, we utilize a team of procurement, quality control and logistics employees in our China office and a third-party quality control service provider to visit factories to conduct quality control reviews of raw materials, work in process inventory and finished goods. We also utilize quality control personnel at our finished goods distribution facilities to conduct quality control testing on incoming sourced finished goods and raw materials and inspect random samples from our finished goods inventory from each of our manufacturing facilities to ensure that all items meet our high-quality standards.

### **Foreign Operations and Sales Outside of the U.S.**

Our products are primarily distributed in the U.S., Canada, the U.K. and other international markets, mainly in Europe. We ship our products from our finished goods distribution facilities located in Ohio and Nevada. Certain of our retailers receive shipments directly from our manufacturing sources, including all of our U.S. Military sales, which are shipped directly from our manufacturing facility in Puerto Rico. Net sales to foreign countries represented approximately 3.2% of net sales in 2024 and 5.1% of net sales in 2023.

As previously mentioned, we also maintain manufacturing facilities that we operate in the Dominican Republic and Chuzhou, China. In addition, we utilize an office in China to support our contract manufacturers.

The net book value of fixed assets located outside of the U.S. totaled \$11.2 million at December 31, 2024, of which approximately \$3.7 million resides in the Dominican Republic and approximately \$7.5 million resides in China.

### **Resources and Suppliers**

We purchase raw materials from sources worldwide. We do not have long-term supply contracts for the purchase of our raw materials. The principal raw materials used in the production of our products, in terms of dollar value, are leather, Cordura nylon fabric and soling materials. We believe these materials will continue to be available from our current suppliers. However, in the event these materials are not available from our current suppliers, we believe these products, or similar products, would be available from alternative sources.

### **Seasonality and Weather**

Historically, we have experienced significant seasonal fluctuations in our business as many of our footwear products are used by consumers in adverse weather conditions. In order to meet these demands, we must manufacture and source footwear year-round to be in a position to ship advance and at-once orders for these products during the last two quarters of each year. Accordingly, average inventory levels have been highest during the second and third quarters of each year and sales have been highest in the last two quarters of the year. In addition, mild or dry weather conditions historically have had a material adverse effect on sales of our outdoor products, particularly if they occurred in broad geographical areas during late fall or early winter.

## **Backlog**

The dollar amount of our order backlog as of any date may not be indicative of actual future shipments and, accordingly, is not material to an understanding of our business taken as a whole.

## **Intellectual Property**

We rely on a combination of our trademarks, patents, and other intellectual property rights, as well as contractual provisions to protect our brands, product designs, technology, marketing materials, and other proprietary research and development, although no such methods can afford complete protection. We own numerous design and utility patents for footwear and footwear components (such as insoles and outsoles) in the U.S. and in several countries where our products are sold or manufactured, including China. We own numerous U.S. and foreign registrations for the patents and trademarks used in our business, including our major brands Muck, Rocky, Georgia Boot, Durango, Lehigh, XTRATUF, and Ranger. In addition, we license the use of third-party trademarks, including Michelin, in order to market our products.

Our license with Michelin Lifestyle Limited permits us to use the Michelin brand and related marks on our products. Our license agreement with Michelin Lifestyle Limited to use the Michelin name expires on December 31, 2025, with the option to renew.

In the U.S. and China, our design patents are generally in effect for 15 years from the date of issuance. Our utility patents are generally in effect for 20 years from the date of the filing of the patent application. Our trademarks are generally valid as long as they are in use and their registrations are properly maintained.

While we have an active program to protect our intellectual property by filing for patents and trademark registrations, we do not believe that our overall business is materially dependent on any individual patent or trademark. We are not aware of any material infringement of our intellectual property rights or that we are infringing any intellectual property rights owned by third parties. Moreover, we are not aware of any material conflicts concerning our trademarks or those owned by others. We actively enforce our trademarks and patents, and pursue those who infringe upon them, whether domestically or internationally, as we deem appropriate.

## **Competition**

We operate in a very competitive environment. Product function, design, comfort, quality, technological and material improvements, brand awareness, timeliness of product delivery and pricing are all important elements of competition in the markets for our products. We believe that the strength of our brands, the quality of our products and our long-term relationships with a broad range of retailers allow us to compete effectively in the footwear and apparel markets that we serve. However, we compete with footwear and apparel companies that have greater financial, marketing, distribution and manufacturing resources than we do. In addition, many of these competitors have strong brand name recognition in the markets they serve.

The footwear and apparel industry is also subject to rapid changes in consumer preferences. Some of our product lines are susceptible to changes in both technical innovation and fashion trends. Therefore, the success of these products and styles are more dependent on our ability to anticipate and respond to changing product, material and design innovations, as well as fashion trends and consumer demands in a timely manner. Our inability or failure to do so could adversely affect consumer acceptance of these product lines and styles and could have a material adverse effect on our business, financial condition and results of operations.

## **Human Capital**

At December 31, 2024, we had approximately 2,535 employees of which approximately 2,530 are full time employees. Approximately 1,690 of our employees work in our manufacturing facilities in the Dominican Republic, Puerto Rico and Chuzhou, China. We believe our relations with our employees are in good standing.

### *Employee Well Being*

Founded from the humble beginnings of a small, family owned business, our employees have always been the key to making our Company successful. As such, we believe that fostering an environment that advocates for all areas of employee health (including physical, mental and emotional) is crucial. We offer a tuition assistance reimbursement program and an employee assistance program, which can assist employees in various aspects of their personal life and overall well-being. We also encourage our employees to take continuing education classes that will aid in their day-to-day work responsibilities and we promote a healthy lifestyle through monthly newsletters and various health focused events throughout the year.

The health and safety of our employees is one of our highest priorities. Our Health and Wellness Committee strives to educate our employees on the importance of taking care of yourself both inside and outside the workplace. Throughout the year we contract with various health and wellness professionals outside of our organization to hold educational sessions for our employees both in-person and virtually. Nothing is more fundamental than providing our employees with an environment where they feel safe, secure and supported.

### *Talent Recruitment, Retention and Development*

Our employee culture is built on our core values of integrity, responsibility and humility. The ability to attract, retain and develop talented employees is crucial to our long-term success. We focus on attracting, developing and retaining highly talented individuals through practices that promote our core values. We recruit through a variety of outreach methods including our [rockybrands.com/careers](https://rockybrands.com/careers) website and other online platforms, such as LinkedIn, college recruitment efforts, network relationships and direct communication with career centers. When new employment opportunities within our Company arise, we send out internal communications to inform all associates of new openings. We review internal applications for consideration before considering external applicants.

We strive to maximize engagement with our employees in a variety of ways, including scheduled meetings between employees and executive leadership within the first few months of employment, face-to-face and virtual interviews with employees following 60 days and one year of employment, annual performance evaluations, regular check-in surveys and exit surveys. We also rely on our management team to influence growth and develop a path for success with employees on each team within our organization. Quarterly, our CEO and COO hold all-employee communication meetings to keep our employees apprised of recent happenings within our organization and to allow employees a forum for their voice to be heard.

## [Table of Contents](#)

We are committed to having a workforce which reflects a wide range of perspectives as well as varied professional and educational backgrounds. We strive to provide an environment that allows our employees to bring their authentic selves to work every day, and we are committed to fostering a workplace that is free of discrimination, harassment, and which promotes allyship, advocacy and an overall sense of belonging.

### *Compensation and Benefits*

Our compensation structure is set up to reward employees for performance. We regularly evaluate employee compensation to ensure it is competitive and in-line with market benchmarks and to reward employees who perform at a high level. We offer comprehensive benefit programs to our employees including medical, dental and vision. We also provide a 401(k) match and safe harbor contribution, paid time off, including maternal and paternal leave, life insurance and long-term and short-term disability.

### **Available Information**

As required by the Securities Exchange Act of 1934, as amended (the "Exchange Act"), we file annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission ("SEC"). The SEC maintains a website that contains information about issuers, like us, who file electronic reports with the SEC. The address of the SEC's website is [www.sec.gov](http://www.sec.gov). In addition, we make available free of charge on our corporate website, [www.rockybrands.com](http://www.rockybrands.com), our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and, if applicable, amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act as soon as reasonably practicable after such reports are electronically filed with or furnished to the SEC. Except as specifically incorporated by reference into this Annual Report on Form 10-K, information on those websites is not part of this report.

### **ITEM 1A. RISK FACTORS.**

An investment in our common stock is subject to certain risks inherent in our business. Before making an investment decision, investors should carefully consider the risks and uncertainties described below, together with all of the other information included or incorporated by reference in this Annual Report on Form 10-K. If any of the following risks occur, our business, results of operations, financial condition and cash flows could be materially and adversely affected. These described risks are not the only risks facing us. Additional risks and uncertainties not known to us or that we deem to be immaterial also may materially adversely affect our business, results of operations, financial condition and cash flows. If any of these risks were to materialize, the value of our common stock could decline significantly.

#### **Business Risks**

***Expanding our brands into new footwear and apparel markets may be difficult and expensive, and if we are unable to successfully continue such expansion, our brands may be adversely affected, and we may not achieve our planned sales growth.***

Our growth strategy is founded substantially on the expansion of our brands into new footwear and apparel markets. New products that we introduce may not be successful with consumers or one or more of our brands may fall out of favor with consumers. If we are unable to anticipate, identify or react appropriately to changes in consumer preferences, we may not grow as fast as we plan to grow. This could cause our sales to decline, brand image to suffer and operating performance to deteriorate.

Furthermore, achieving market acceptance for new products will likely require us to exert substantial product development and marketing efforts, which could result in a material increase in our expenses, and there can be no assurance that we will have the resources necessary to undertake such efforts. Material increases in our expenses could adversely impact our results of operations and cash flows.

We may also encounter difficulties in producing new products that we did not anticipate during the development stage. Our development schedules for new products are difficult to predict and are subject to change as a result of shifting priorities in response to consumer preferences and competing products. If we are not able to efficiently manufacture newly-developed products in quantities sufficient to support retail distribution, we may not be able to recoup our investment in the development of new products. Failure to gain market acceptance for new products that we introduce could impede our growth, reduce our profits, adversely affect the image of our brands, erode our competitive position and result in long term harm to our business.

***A majority of our products are produced outside the continental U.S. where we are subject to the risks of international commerce and other international conditions.***

The majority of our products are produced in China, the Dominican Republic, Puerto Rico, Vietnam, India, and Mexico. Therefore, our business is subject to certain risks of doing business offshore including:

- the imposition of additional U.S. legislation and regulations relating to imports, including quotas, duties, tariffs, taxes or other charges or restrictions, including recent tariffs on goods from China;
- foreign governmental regulation and taxation, including tariffs, import and export controls and other non-tariff barriers;
- fluctuations in foreign exchange rates;
- changes in economic conditions, including expropriation and nationalization;
- transportation conditions and costs in the Pacific and Caribbean;
- changes in the political stability of these countries;
- labor disputes and other work stoppages or interruptions;

- changes in relationships between the U.S. and these countries; and
- the occurrence of contagious disease or illness.

Changes in any of these factors could materially increase our costs of products or cause us to experience delays and we may not be able to recover all of our cost increases or missed sales. If any of these factors were to render the conduct of business in these countries undesirable or impracticable, we would have to manufacture or source our products elsewhere. There can be no assurance that additional sources or products would be available to us or, if available, that these sources could be relied on to provide product at terms favorable to us or that is of the same quality. The occurrence of any of these developments could have a material adverse effect on our business, financial condition, results of operations and cash flows.

***Our success depends on our ability to anticipate consumer trends.***

Demand for our products may be adversely affected by changing consumer trends. Our future success will depend upon our ability to anticipate and respond to changing consumer preferences and technical design or material developments in a timely manner. The failure to adequately anticipate or respond to these changes could have a material adverse effect on our business, financial condition, results of operations and cash flows.

***We depend on a limited number of suppliers for key production materials, and disruptions in the supply of such materials could interrupt product manufacturing and increase product costs.***

We purchase raw materials from a number of domestic and foreign sources. We do not have long-term supply contracts for the purchase of our raw materials. The principal raw materials used in the production of our footwear, in terms of dollar value, are leather, Cordura nylon fabric and soling materials. Availability or change in the prices of our raw materials could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our ability to import products in a timely and cost-effective manner may also be affected by conditions at ports or issues that otherwise affect transportation and warehousing providers, such as fluctuations in freight costs, port and shipping capacity, labor disputes, public health crisis, pandemic, natural disaster, or severe weather due to climate change. These issues have in the past and may in the future delay importation of products or require us to locate alternative ports or warehousing providers to avoid disruption to customers. These alternatives may not be available on short notice or could result in higher costs, which could have an adverse impact on our business and financial condition.

***The emergence or persistence of geopolitical instability may disrupt the global economy, the impacts of which may negatively impact our business, financial, condition and results of operations.***

The emergence or persistence of geopolitical instability creates risks for disruptions in the global economy which may negatively impact our business, financial condition, and results of operations. Factors such as new tariffs proposed by the U.S. in various international markets, including China, shipping disruptions in the Red Sea, uncertainties related to the political environment in China, and ongoing conflicts such as the war between Russia and Ukraine have adversely affected the global economy and contributed to geopolitical instability. While we have managed to navigate impacts from these conflicts thus far, the ongoing instability resulting from these disruptions or other future disruptions could potentially harm our business, financial condition, results of operations, supply chain, intangible assets, partners, customers, or employees, should tensions escalate. Moreover, an escalation of geopolitical tensions may lead to broader impacts, including but not limited to cyberattacks, supply chain and logistics disruptions, lower consumer demand, and changes to foreign exchange rates and interest rates. Any of these factors may adversely affect our business and supply chain.

***Our outdoor and insulated products are seasonal and sales of such products are sensitive to weather conditions.***

We have historically experienced significant seasonal fluctuations in our business because we derive a significant portion of our revenues from sales of our outdoor products. Many of our outdoor products are used by consumers in cold or wet weather. As a result, a majority of orders for these products are placed by our retailers in January through April for delivery in July through October. In order to meet demand, we must manufacture and source outdoor footwear year-round to be in a position to ship advance orders for these products during the last two quarters of each year. Accordingly, average inventory levels have been highest during the second and third quarters of each year and sales have been highest in the last two quarters of each year. There is no assurance that we will have either sufficient inventory to satisfy demand in any particular quarter or have sufficient demand to sell substantially all of our inventory without significant markdowns. Mild or dry weather has in the past and may in the future have a material adverse effect on sales of our products, particularly if mild or dry weather conditions occur in broad geographical areas during late fall or early winter. Climate change may exacerbate these conditions.

***Our business could suffer if our third-party manufacturers violate labor, environmental or other applicable laws or fail to conform to generally accepted ethical standards.***

We require our third-party manufacturers to meet our standards for working conditions and other matters before we are willing to place business with them. As a result, we may not always obtain the lowest cost production. Moreover, we do not control our third-party manufacturers or their respective business practices. If one of our third-party manufacturers violates generally accepted labor standards by, for example, using forced or indentured labor or child labor, failing to pay compensation in accordance with local law, failing to operate its factories in compliance with local safety regulations or diverging from other labor practices generally accepted as ethical, we likely would cease dealing with that manufacturer, and we could suffer an interruption in our product supply. Similarly, if one or more of our third-party manufacturers violate applicable environmental or other laws and regulations, we could suffer an interruption in our product supply. In addition, such actions by a manufacturer could result in negative publicity and may damage our reputation and the value of our brand and discourage retail customers and consumers from buying our products.

***The growth of our business will be dependent upon the availability of adequate capital.***

The growth of our business will depend on the availability of adequate capital, which in turn will depend largely on cash flow generated by our business and the availability of equity and debt financing. We cannot assure that our operations will generate positive cash flow or that we will be able to obtain equity or debt financing on acceptable terms or at all. Our credit facilities contain provisions that restrict our ability to incur additional indebtedness or make substantial asset sales that might otherwise be used to finance our expansion. Security interests in substantially all of our assets, which may further limit our access to certain capital markets or lending sources, secure our obligations under our credit facilities. Moreover, the actual availability of funds under our credit facilities is limited to specified percentages of our eligible inventory and accounts receivable. Accordingly, opportunities for increasing our cash on hand through sales of inventory would be partially offset by reduced availability under our credit facilities. As a result, we may not be able to finance our current expansion plans.

***Our current level of indebtedness could adversely affect our business by increasing our borrowing costs and decreasing our overall business flexibility.***

Our current level of indebtedness could adversely affect our business by increasing our borrowing costs and decreasing our overall business flexibility. We have debt outstanding under two credit facilities, which contain customary restrictive covenants imposing operating and financial restrictions, including restrictions that may limit our ability to engage in certain actions that may be in our long-term best interests.

***We must comply with the restrictive covenants contained in our credit facilities.***

Our credit facilities require us to comply with certain financial restrictive covenants that impose restrictions on our operations, including our ability to incur additional indebtedness, make investments of other restricted payments, sell or otherwise dispose of assets and engage in other activities. Any failure by us to comply with the restrictive covenants could result in an event of default under those borrowing arrangements, in which case the lenders could elect to declare all amounts outstanding thereunder to be due and payable, which could have a material adverse effect on our financial condition. Our credit facilities contain restrictive covenants which requires us to maintain a minimum fixed charge coverage ratio.

***Interest rate increases could adversely affect our financial results.***

An increase in interest rates under our credit facilities would adversely affect our financial results, as our loan agreements provide for adjustments in our interest rates based on changes to the Secured Overnight Financing Rate (SOFR) and/or the prime rate.

***We face intense competition, including competition from companies with significantly greater resources than ours, and if we are unable to compete effectively with these companies, our market share may decline and our business could be harmed.***

The footwear and apparel industries are intensely competitive, and we expect competition to increase in the future. A number of our competitors have significantly greater financial, technological, engineering, manufacturing, marketing and distribution resources than we do, as well as greater brand awareness in the footwear market. Our ability to succeed depends on our ability to remain competitive with respect to the quality, design, price and timely delivery of products. Competition could materially adversely affect our business, financial condition, results of operations and cash flows.

***Our financial success is influenced by the success of our wholesale customers, and the loss of such a key customer could have a material adverse effect on our financial condition and results of operations.***

Much of our financial success is directly related to the ability of our retailer and distributor partners to successfully market and sell our brands directly to consumers. If a retailer or distributor partner fails to satisfy contractual obligations or to otherwise meet our expectations, it may be difficult to locate an acceptable substitute partner. If we determine that it is necessary to make a change, we may experience increased costs, loss of customers, or increased credit or inventory risk. In addition, there is no guarantee that any replacement retailer or distributor partner will generate results that are more favorable than the terminated party. We currently do not have long-term contracts with any of our retailers. Sales to our retailers and distributors are generally on an order-by-order basis and are subject to rights of cancellation and rescheduling by our wholesale customers. We use the timing of delivery dates for our wholesale customer orders as a key factor in forecasting our sales and earnings for future periods. If any of our major customers experience a significant downturn in business or fail to remain committed to our products or brands, these customers could postpone, reduce, or discontinue purchases from us, which could result in us failing to meet our forecasted results. These risks have been exacerbated recently as our key retail customers are operating within a retail industry that continues to undergo significant structural changes fueled by technology and the internet, changes in consumer purchasing behavior and a shrinking retail footprint. We may lose key retail and wholesale customers if they fail to manage the impact of the rapidly changing retail environment. Any loss of one of these key customers, the financial collapse or bankruptcy of one of these customers, or a significant reduction in purchases from one of these customers could result in a significant decline in sales, write-downs of excess inventory, or increased discounts to our customers, any of which could have a material adverse effect on our financial condition or results of operations.

***Certain of our larger wholesale customers may develop and manufacture competing products under their own brands and reduce purchases of our branded products.***

Certain of our larger wholesale customers may develop, and in certain cases have developed, products under their own brands that compete with our branded products. Wholesale customers who increase the concentration of their own brands may result in a reduction or elimination of purchases of our branded products, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

***We currently manufacture a portion of our products, and we may not be able to do so in the future at costs that are competitive with those of competitors who source their goods.***

We currently plan to retain our internal manufacturing capability in order to continue benefiting from expertise we have gained with respect to footwear manufacturing methods conducted at our manufacturing facilities. We continue to evaluate our manufacturing facilities and third-party manufacturing alternatives in order to determine the appropriate size and scope of our manufacturing facilities. There can be no assurance that the costs of products that continue to be manufactured by us can remain competitive with products sourced from third parties.

***We rely on our distribution centers in Ohio and Nevada and manufacturing facilities in the Dominican Republic, Puerto Rico, and China and if there is a natural disaster or other serious disruption at any of these facilities, we may be unable to deliver merchandise effectively to our retailers and consumers.***

We rely on our distribution centers located in Ohio and Nevada and our manufacturing facilities in the Dominican Republic, Puerto Rico, and China. Any natural disaster or other serious disruption at any of these facilities due to fire, tornado, hurricane, flood, other natural disaster, pandemic, public health crisis, labor dispute, terrorist attack or any other cause could damage our ability to manufacture our products, a portion of our inventory, or impair our ability to use our distribution center as a docking location for merchandise. Any of these occurrences could impair our ability to adequately supply our retailers and consumers and harm our operating results.

***If our efforts to establish and protect our trademarks, patents and other intellectual property are unsuccessful, the value of our brands could suffer.***

We regard certain of our footwear designs as proprietary and rely on patents to protect those designs. We believe that the ownership of patents is a significant factor in our business. Existing intellectual property laws afford only limited protection of our proprietary rights, and it may be possible for unauthorized third parties to copy certain of our footwear designs or to reverse engineer or otherwise obtain and use information that we regard as proprietary. If our patents are found to be invalid, however, to the extent they have served, or would in the future serve, as a barrier to entry to our competitors, such invalidity could have a material adverse effect on our business, financial condition, results of operations and cash flows.

We own U.S. registrations for many our trademarks, trade names and designs, including such marks as Muck, Rocky, Georgia Boot, Durango, Lehigh, XTRATUF and Ranger. Additional trademarks, trade names and designs are the subject of pending federal applications for registration. We also use and have common law rights in certain trademarks. Over time, we have increased distribution of our goods in several foreign countries. Accordingly, we have applied for trademark registrations in a number of these countries. We intend to enforce our trademarks and trade names against unauthorized use by third parties.

***An impairment of intangibles, including goodwill, could have an adverse impact to the Company's results of operations.***

The carrying value of intangibles represents the fair value of trade names and other intangibles as of the acquisition date. Intangibles expected to contribute indefinitely to the Company's cash flows are not amortized but must be evaluated by the Company at least annually for impairment. If the carrying amounts of one or more of these assets are not recoverable based upon discounted cash flow and market-approach analyses, the carrying amounts of such assets are impaired by the estimated difference between the carrying value and estimated fair value. An impairment charge could adversely affect the Company's results of operations.

***Our success depends on our ability to forecast sales.***

Our investments in infrastructure and product inventory are based on sales forecasts and are necessarily made in advance of actual sales. The markets in which we do business are highly competitive, and our business is affected by a variety of factors, including brand awareness, changing consumer preferences, product innovations, susceptibility to fashion trends, retail market conditions, weather conditions and economic conditions, and other factors. One of our principal challenges is to improve our ability to predict these factors in order to enable us to better match production with demand. In addition, our growth over the years has created the need to increase the investment in infrastructure and product inventory and to enhance our systems. To the extent sales forecasts are not achieved, costs associated with the infrastructure and carrying costs of product inventory would represent a higher percentage of revenue, which would adversely affect our business, financial condition, results of operations and cash flows.

***Our dividend policy may change.***

Although we have paid dividends to our shareholders, we have no obligation to continue doing so and may change our dividend policy at any time without notice to our shareholders. Our ABL Facility and Term Facility (as such terms defined in [Note 10 - Long-Term Debt](#) of our Consolidated Financial Statements) also contain restrictions on the amount of dividend payments. Holders of our common stock are only entitled to receive such cash dividends as our Board of Directors may declare out of funds legally available for such payments.

## Industry Risks

***Because the footwear market is sensitive to decreased consumer spending and slow economic cycles, if general economic conditions deteriorate, many of our customers may significantly reduce their purchases from us or may not be able to pay for our products in a timely manner.***

The footwear industry has been subject to cyclical variation and decline in performance when consumer spending decreases or softness appears in the retail market. Many factors affect the level of consumer spending in the footwear industry, including:

- general business conditions;
- interest rates;
- the availability of consumer credit;
- weather;
- increases in prices of nondiscretionary goods;
- taxation; and
- consumer confidence in future economic conditions.

Consumer purchases of discretionary items, including our products, may decline during recessionary periods and also may decline at other times when disposable income is lower. A downturn in regional economies where we sell products also reduces sales.

***The continued shift in the third-party marketplace from traditional independent retailers to large mass merchandisers may result in decreased margins.***

A continued shift in the third-party marketplace from traditional independent retailers to large mass merchandisers has increased the pressure on many footwear manufacturers to sell products to these mass merchandisers at less favorable margins. Due to the competition from large discount mass merchandisers, a number of our small retailing customers have gone out of business, and in the future more of these customers may go out of business, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

***The shift in consumer shopping to online retailers and our increased online sales pose various risks which may negatively impact our business.***

The retail industry and consumer preferences are rapidly changing and we must ensure our own online e-Commerce websites and third-party marketplaces can accommodate the consumer's growing desire to shop online. We must also provide digital assistance to our wholesale customers to support their e-Commerce websites. Failure to timely identify and effectively respond to the online trends of the retail industry could negatively impact our product reach and market share.

Our e-Commerce and third-party marketplace platforms pose numerous risks that could have an impact on our results of operations including:

- unanticipated operating problems such as computer viruses, electronic data theft and other disruptions;
- reliance on third-party software and service providers;
- continual investment in technology and cyber security;
- our ability to adapt and change to the ever-changing consumer buying habits through customer-facing technology, including mobile technology solutions that function, and provide a convenient and consistent experience for consumers;
- exposure to potential liability for online content; and
- increased competition among other e-Commerce vendors.

## General Risk Factors

***Changes to U.S. tax, tariff and import/export regulations may have a negative effect on global economic conditions, financial markets and our business.***

The current political climate has introduced greater uncertainty with respect to trade policies, tariffs and government regulations affecting trade between the U.S. and other countries. We source products from manufacturers located outside of the U.S., primarily in China, Vietnam, the Dominican Republic, India, and Mexico. Major developments in tax policy or trade relations, such as the disallowance of tax deductions for imported products or the imposition of unilateral tariffs on imported products, could have a material adverse effect on our business, results of operations and liquidity.

***There are risks, including stock market volatility, inherent in owning our common stock.***

The market price and volume of our common stock have been, and may continue to be, subject to significant fluctuations. These fluctuations may arise from general stock market conditions, the impact of risk factors described in this Item 1A on our results of operations and financial position, or a change in opinion in the market regarding our business prospects or other factors, many of which may be outside our immediate control. Changes in the amounts and frequency of share repurchases or dividends also could adversely affect the value of our common stock.

***Disruption of our information technology systems and e-Commerce platforms could adversely affect our business***

Our information technology systems and e-Commerce platforms are critical to our business operations. Any interruption, unauthorized access, impairment or loss of data integrity or malfunction of these systems could severely impact our business, including delays in product fulfillment and reduced efficiency in operations. In addition, costs and potential problems and interruptions associated with the implementation of new or upgraded systems, or with maintenance or adequate support of existing systems, could disrupt or reduce the efficiency of our operations. Disruption to our information technology systems may be caused by natural disasters, accidents, power disruptions, telecommunications failures, acts of terrorism or war, denial-of-service attacks, computer viruses, physical or electronic break-ins, or similar events or disruptions. System redundancy may be ineffective or inadequate, and our disaster recovery planning may not be sufficient for all eventualities. Such failures or disruptions could prevent access

to our online services and preclude retail transactions resulting in loss of sales. System failures and disruptions could also impede the manufacturing and shipping of products, transactions processing and financial reporting. Additionally, we may be adversely affected if we are unable to improve, upgrade, maintain, and expand our technology systems.

Some of our employees are working remotely which could strain our information technology systems and impact business continuity plans. Remote work could also introduce operational risk such as, but not limited to, cyber security risks.

***We are implementing a new enterprise resource planning system, and challenges with the implementation of the system may have an adverse effect on our business, financial condition results of operations***

We are in the process of completing a multi-year implementation of a complex new enterprise resource planning system ("ERP"). The ERP implementation has required the integration of the new ERP with multiple information systems and business processes and has been designed to continue to accurately maintain our books and records and provide timely information to our management team important to maximizing the operating efficiency of our business. Conversion from our old systems to the new ERP may cause inefficiencies until the ERP is stabilized and mature. The implementation of our new ERP will mandate subtle changes to our procedures and controls over financial reporting. If we are unable to adequately implement and maintain procedures and controls relating to our new ERP, our ability to produce timely and accurate financial statements or comply with applicable regulations could be impaired and impact our assessment of the effectiveness of our internal controls over financial reporting.

***A cyber-security breach could have a material adverse effect on our business and reputation.***

We rely heavily on digital technologies for the successful operation of our business, including electronic messaging, digital marketing efforts and the collection and retention of customer data and employee information. We also rely on third parties to process credit card transactions, perform online e-Commerce and social media activities and retain data relating to our financial position and results of operations, strategic initiatives and other important information. Despite the security measures we have in place, our facilities and systems and those of our third-party service providers, may be vulnerable to cyber-security breaches, acts of vandalism, computer viruses, misplaced or lost data, programming and/or human errors or other similar events. Any misappropriation, loss or other unauthorized disclosure of confidential or personally identifiable information, whether by us or by our third-party service providers, could damage our reputation and our customers' willingness to purchase our products, which may adversely affect our business. In addition, we could incur liabilities and remediation costs, including regulatory fines, reimbursement or other compensatory costs, additional compliance costs, and costs for providing credit monitoring or other benefits to customers or employees affected. We maintain cyber risk insurance, but this insurance may not be sufficient to cover all of our losses from any future breaches of our systems.

***Compliance with data privacy and marketing laws may subject us to increased additional costs, and our ability to effectively engage customers via personalized marketing may be impacted, all of which may have a material adverse effect on our business operations.***

As data privacy and marketing laws change, we may incur additional costs to ensure we remain in compliance. If applicable data privacy and marketing laws become more restrictive at the federal or state level, our compliance costs may increase, our ability to effectively engage customers via personalized marketing may decrease, opportunities for growth may be curtailed by our compliance capabilities or reputational harm and the potential liability for security breaches may increase. We are also subject to U.S. and international data privacy and cybersecurity laws and regulations, which may impose fines and penalties for noncompliance and may have an adverse effect on our operations. For example, the European Union's General Data Protection Regulation (the "GDPR"), which became effective in May 2018, extends the scope of the European Union's data protection laws to all companies processing data of European Union residents, regardless of our location, and imposes significant new requirements on how we collect, processes and transfer personal data.

In addition, California adopted the California Consumer Privacy Act ("CCPA"), which became effective January 1, 2020 and limits how we may collect and use personal data. Various other states have followed with similar laws governing the collection and use of personal data. As a result, GDPR, CCPA and other state law compliance increased our responsibility and potential liability in relation to personal data that we process, and we may be required to put in place additional mechanisms to ensure compliance with the new data protection rules. Any failure to comply with these rules and related national laws of European Union member states, could lead to government enforcement actions and significant penalties and fines against us, and could adversely affect our business, financial condition, cash flows and results of operations. Continued compliance with the foregoing laws and regulations, as well as any new laws or regulations that may be enacted in the future, can be costly.

***We are subject to certain environmental and other regulations.***

Some of our operations use substances regulated under various federal, state, local and international environmental and pollution laws, including those relating to the storage, use, discharge, disposal and labeling of, and human exposure to, hazardous and toxic materials. Compliance with current or future environmental laws and regulations could restrict our ability to expand our facilities or require us to acquire additional expensive equipment, modify our manufacturing processes or incur other significant expenses. In addition, we could incur costs, fines and civil or criminal sanctions, or incur liability for third-party property damage or personal injury claims, or we could be required to incur substantial investigation or remediation costs if we were to violate or become liable under any environmental laws. Liability under environmental laws can be joint and several and without regard to comparative fault. There can be no assurance that violations of environmental laws or regulations have not occurred in the past and will not occur in the future as a result of our inability to obtain permits, human error, equipment failure or other causes, and any such violations could harm our business, financial condition, results of operations and cash flows.

Many governmental and regulatory bodies globally are implementing regulations to address the impacts of climate change. Compliance with these laws and regulations, whether mandated or voluntarily adopted by us, our suppliers, or third-party manufacturers, may lead to heightened costs across various aspects of our operations. These increased costs may encompass energy, production, transportation, raw materials, capital expenditures, as well as insurance premiums and deductibles. Such financial impacts have the potential to adversely affect our business, financial condition and results of operations. We maintain an ongoing assessment and monitoring processes to gauge the impact that future climate change disclosures, regulations, or industry standards, and international treaties may have on our business and results of operations.

Our products are subject to increasingly stringent and complex domestic and foreign product labeling, performance, environmental and safety standards, laws and other regulations, including those pertaining to perfluoroalkyl and polyfluoroalkyl substances (PFAS) and other environmental impacts. These requirements could result in greater expense associated with compliance efforts, and failure to comply with these regulations could result in a delay, non-delivery, recall, or destruction of inventory shipments during key seasons, a loss of advance orders from wholesale customers or in other financial penalties. Significant or continuing noncompliance with these standards and laws could disrupt our business and harm our reputation. Our products are generally used in outdoor activities, sometimes in severe conditions. Product recalls or product liability claims resulting from the failure, or alleged failure, of our products could have a material adverse effect on the reputation of our brands and result in additional expenses.

***We are subject to periodic litigation and other regulatory proceedings, which could result in the unexpected expenditure of time and resources.***

We are a defendant from time to time in lawsuits and regulatory actions relating to our business and to our past operations. Due to the inherent uncertainties of litigation and regulatory proceedings, we cannot accurately predict the ultimate outcome of any such proceedings. An unfavorable outcome could have a material adverse impact on our business, financial condition and results of operations. In addition, regardless of the outcome of any litigation or regulatory proceedings, such proceedings are expensive and will require that we devote substantial resources and executive time to defend, thereby diverting management's attention and resources that are needed to successfully run our business.

***Loss of services of our key personnel could adversely affect our business.***

The development of our business has been, and will continue to be, dependent upon execution at all levels of our organization which requires an experienced and talented executive team. The loss of service of any of the executive officers or key employees could have an adverse effect on our business and financial condition. We have entered

into employment agreements with several executive officers and key employees, and also offer compensation packages designed to attract and retain talent.

None.

**ITEM 1C. CYBERSECURITY.**

***Risk Management & Strategy***

Rocky Brands recognizes the critical importance of developing, implementing, and maintaining a robust information security program to safeguard our information systems and protect the confidentiality, integrity, and availability of our data. We have established information security programs and policies, including processes for identifying, assessing, and managing risks arising from cybersecurity threats. These processes involve regular assessments of our information systems and infrastructure to identify vulnerabilities and threats. We focus on executing a centralized information technology and cybersecurity program. Our Company-wide approach is to be positioned as one security program, one posture and one roadmap for the enterprise. This platform is administered across our departments by our cybersecurity team led by our Vice President of Information Technology. Our information security programs and policies are aligned with those of the Center for Internet Security (CIS), Control Objectives for Information Technologies (COBIT), and National Institute of Standards Technology (NIST).

We are integrating our information security programs and cybersecurity risk management processes into our overall enterprise risk management (“ERM”) strategy. We are developing an entity-wide information technology ERM framework and will take steps to monitor, report on and communicate to stakeholders consistent with our ERM strategy. Recognizing the cybersecurity risk landscape is complex and ever evolving, we engage with a broad group of external experts and consultants, and auditors in evaluating and testing our information security programs. We leverage this specialized expertise to manage threat detection and response management, conduct regular audits and consult on our overall information security programs.

We are acutely aware of risks associated with third-party service providers and we incorporate cybersecurity into our third-party vendor management policy. We conduct thorough security assessment to determine the category of risk third parties pose to Rocky Brands, with a priority focus on vendors with products or services that will have access to private and sensitive information. Vendor assessments incorporate inputs, including for example, BitSight and Service Organization Control Type 2 (“SOC2”) information available for our third-party vendors. Our assessments and monitoring are designed to mitigate risks related to data breaches or other security incidents originating from third parties.

Although no cybersecurity incidents during the year ended December 31, 2024 which had a material impact on our business strategy, results of operations or financial condition, the scope and impact of any future incident cannot be predicted. See Item 1A. - Risk Factors for more information about our information security and cybersecurity risks.

***Governance***

Our Board of Directors has established governance protocol over risk management, including general oversight of information technology security and cybersecurity risk. The Audit Committee is central to the Board’s oversight of cybersecurity risks and is primarily responsible for this domain. The Audit Committee actively participates in discussions with management, external experts and amongst themselves regarding cybersecurity risks. The Audit Committee is comprised of Board members with broad expertise, including technology, risk management and finance, enabling them to effectively oversee and govern cybersecurity risks. One Audit Committee member is certified under the National Association of Corporate Directors Certificate in Cyber-Risk Oversight Program.

We have developed a robust organizational structure to manage and oversee our information technology and cybersecurity programs, including full-time information security associates dedicated to cybersecurity. These individuals possess relevant experience and expertise in cybersecurity and risk management. Our Director, IT Infrastructure & Security leads our information security, data privacy and protection, and information technology compliance programs. The Director stays current with security related topics by either webinars, training classes or cybersecurity conferences. Guided by management, our information technology teams maintain a detailed Cyber Incident Response Plan (“CIRP”) and hold frequent meetings to ensure the proper communication and execution of our security controls and procedures. The Cybersecurity team has various expertise ranging in Associate of ISC2-CISSP certification and extensive training on current security products. The Director, IT Infrastructure & Security regularly reports to the Vice President of Information Technology and maintains ongoing dialog with the reporting structure to our CEO, CFO and COO, and Board of Directors regarding our information security programs. This reporting includes updates on matters evaluated under our CIRP, the current threat landscape, cybersecurity initiatives, and the effectiveness of our cybersecurity programs.

Our Vice President of Information Technology has more than 35 years working as an IT professional, 13 years of which has been at the Company in various roles such as, Programming, Business Analysis, Systems Analysis, Operations, EDI Manager, and Applications Director.

**ITEM 2. PROPERTIES.**

We own or lease various properties in domestic and foreign locations. Our principal properties include our corporate offices, manufacturing facilities, distribution centers and our retail outlet store. Our administrative, sales, and marketing operations are generally performed from our owned facilities in Nelsonville, Ohio. We operate our manufacturing operations through our owned facility in Chuzhou, China as well as several leased facilities in Puerto Rico and the Dominican Republic. We operate our distribution operations through an owned facility in Logan, Ohio and a leased facility in Reno, Nevada. Our retail outlet store operates from an owned facility in Nelsonville, Ohio. Our owned properties have no major encumbrances. We believe our facilities are adequate for our current and near-term needs, and we will be able to locate additional facilities, as needed.

The following locations represent our major properties by segment:

*Wholesale:* Nelsonville, Ohio; Logan, Ohio; Chuzhou, China; Reno, Nevada; Puerto Rico; Dominican Republic

*Retail:* Nelsonville, Ohio; Logan, Ohio; Chuzhou, China; Reno, Nevada

*Contract Manufacturing:* Nelsonville, Ohio; Logan, Ohio; Reno, Nevada; Puerto Rico; Dominican Republic

**ITEM 3. LEGAL PROCEEDINGS.**

We are, from time to time, a party to litigation which arises in the normal course of our business. Although the ultimate resolution of pending proceedings cannot be determined, in the opinion of management, the resolution of these proceedings in the aggregate will not have a material adverse effect on our financial position, results of operations, or liquidity. A discussion of legal matters is found in [Note 20 - Commitments and Contingencies](#) of our Consolidated Financial Statements included in Part II - Item 8. Financial Statements and Supplementary Data of this Annual Report on Form 10-K.

**ITEM 4. MINE SAFETY DISCLOSURES.**

Not applicable.

**PART II**

**ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.**

**Market Information**

Our common stock trades on the NASDAQ Global Select Market under the symbol "RCKY."

As of February 28, 2025, there were 65 shareholders of record of our common stock.

***Dividends***

In 2013, our Board of Directors approved a dividend policy pursuant to which the Company intends to continue paying comparable cash dividends on its common stock.

***Share Repurchases***

On February 24, 2025, Rocky Brands announced that its board of directors has approved a new share repurchase program of up to \$7,500,000 of the Company's outstanding common stock, no par value per share. This repurchase program replaces the previous repurchase program authorized by the board of directors that expired on March 4, 2022.

***Performance Graph***

The following performance graph compares our cumulative shareholder return on our common shares with the NASDAQ Composite Index and the Standard & Poor's Footwear Index, which is a published industry index. The comparison of the cumulative total return to shareholders for each of the periods assumes that \$100 was invested in our common stock on December 31, 2019 and in the NASDAQ Stock Market (U.S.) Index and the Standard & Poor's Footwear Index and that all dividends were reinvested. This comparison includes the period ended December 31, 2019 through the period ended December 31, 2024.

**ITEM 6. [RESERVED]**

**ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

This Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") describes the matters that we consider to be important to understanding the results of our operations for each of the two years in the period ended December 31, 2024 and 2023, and our capital resources and liquidity as of December 31, 2024 and 2023. For the discussion of the changes in our results of operations and statement of cash flows between the years ended December 31, 2023 and December 31, 2022, refer to Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations", of our Annual Report on Form 10-K for the year ended December 31, 2023, filed with the SEC on March 15, 2024, which is available on the SEC's website at <https://www.sec.gov/edgar/search/> and our corporate website at [www.rockybrands.com](http://www.rockybrands.com). We analyze the results of our operations for the last two years (including trends in the overall business), followed by a discussion of our cash flows and liquidity, our credit facilities, and our contractual commitments. We then provide a review of the critical accounting policies and estimates we have made that we believe are most important to the understanding of our MD&A and our Consolidated Financial Statements. We conclude our MD&A with information on recent accounting pronouncements we adopted during the year, as well as those not yet adopted that are expected to have an impact on our financial accounting practices.

The following discussion should be read in conjunction with our Consolidated Financial Statements and the notes thereto, included elsewhere herein. The forward-looking statements in this section and other parts of this Annual Report on Form 10-K involve risks and uncertainties including statements regarding our plans, objectives, goals, strategies and financial performance. Our actual results could differ materially from the results anticipated in these forward-looking statements as a result of factors set forth under the caption "Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995" below. The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements made by or on behalf of the Company.

## BUSINESS OVERVIEW

We are a leading designer, manufacturer and marketer of premium quality footwear and apparel marketed under a portfolio of well recognized brand names including Muck, Rocky, Georgia Boot, Durango, Lehigh, XTRATUF, Ranger and the licensed brand Michelin.

Our brands have a long history of representing high quality, comfortable, functional, and durable footwear, and our products are organized around six target markets: work, outdoor, western, commercial military, duty and military. Our footwear products incorporate varying features and are positioned across a range of suggested retail price points from \$48.00 for our value priced products to \$655.00 for our premium products. As a part of our strategy of outfitting consumers from head-to-toe, we market complementary branded apparel and accessories that we believe leverage the strength and positioning of each of our brands.

Our products are distributed through three distinct business segments: Wholesale, Retail and Contract Manufacturing. In our Wholesale business, we distribute our products through a wide range of distribution channels representing over 10,000 retail store locations in the U.S., the U.K. and other international markets such as Europe. Our Wholesale channels vary by product line and include sporting goods stores, outdoor retailers, independent shoe retailers, hardware stores, catalogs, mass merchants, uniform stores, farm store chains, specialty safety stores, specialty retailers, and online retailers. Our Retail business includes direct sales of our products to consumers through our business-to-business web platform, e-Commerce websites, third-party marketplaces and our Rocky Outdoor Gear Store. Our Contract Manufacturing segment includes sales to the U.S. Military, private label sales and any sales to customers in which we are contracted to manufacture or source a specific footwear product for a customer.

During the second quarter of 2024, we amended and restated our Original ABL Facility (as such term is defined in [Note 10 - Long-Term Debt](#) of our Consolidated Financial Statements) which resulted in a restated \$175.0 million revolving credit facility and a new \$50.0 million term facility. The proceeds from this transaction were used to retire our existing senior secured term loan facility with TCW Asset Management Company, LLC as of April 26, 2024. This transaction resulted in an expense of \$2.6 million, consisting of a loss on extinguishment of term debt in the amount of \$1.1 million and a \$1.5 million prepayment penalty, which are included in Interest Expense and Other - net within the Consolidated Statements of Operations for the twelve months ended December 31, 2024. See [Note 10 - Long-Term Debt](#) of our Consolidated Financial Statements for further information regarding our long-term debt.

In 2023, we were awarded a new multi-year contract with the U.S. Military pursuant to which we will produce and ship a minimum number of pairs to the U.S. Military through 2026, with an option to extend. The first quarter of 2024 was the first full quarter in which shipments were made to the U.S. Military under this multi-year contract. The sales under this contract are included in our Contract Manufacturing segment.

During the first quarter of 2023, we divested the Servus brand. The gain of approximately \$1.3 million on the sale of the Servus brand was recorded within Interest Expense and Other - net in the Consolidated Statements of Operations for the year ended December 31, 2023. The Servus brand was sold to allow us to focus on our more profitable core brands and allocate resources toward growth and development of opportunities with those brands moving forward.

During the third quarter of 2023, we closed our manufacturing facility in Rock Island, Illinois. This facility primarily manufactured product for the Servus brand. Following the sale of the Servus brand in the first quarter of 2023, the Rock Island facility operations were underutilized, prompting our decision to close the facility during the third quarter of 2023.

## ECONOMIC CONDITIONS AND UNCERTAINTIES

Our growth strategy is founded substantially on the expansion of our brands into new footwear and apparel markets. New products that we introduce may not be successful with consumers or one or more of our brands may fall out of favor with consumers. If we are unable to anticipate, identify or react appropriately to changes in consumer preferences, we may not grow as fast as we plan to grow, or our sales may decline, and our brand image and operating performance may suffer.

Furthermore, achieving market acceptance for new products will likely require us to exert substantial product development and marketing efforts, which could result in a material increase in expenses to which there can be no assurance that we will have the resources necessary to undertake such efforts. Material increases in expenses could adversely impact our results of operations and cash flows.

We may also encounter difficulties in producing new products that we did not anticipate during the development stage. Our development schedules for new products are difficult to predict and are subject to change as a result of shifting priorities in response to consumer preferences and competing products. If we are not able to efficiently manufacture newly developed products in quantities sufficient to support retail distribution, we may not be able to recoup our investment in the development of new products. Failure to gain market acceptance for new products that we introduce could impede our growth, reduce our profits, adversely affect the image of our brands, erode our competitive position, and result in long term harm to our business.

As the macroeconomic environment is continuously evolving, we are aware that global trends, such as inflationary pressures, are weakening consumer sentiment, negatively impacting consumer spending, and creating differing traffic patterns across channels. These conditions have led to elevated inventory levels in certain markets and an increased promotional environment. We have also experienced higher interest rates which have resulted in increased borrowing costs. There is ongoing uncertainty surrounding the global economy and macroeconomic environment, which we expect to continue and could potentially cause disruption and near-term challenges for our business.

We continue to monitor pressures on the global supply chain, which have shifted the timing of shipments across our brands, resulting in increased inventory levels outpacing our sales growth. However, we have seen improvements in transit lead times and related freight costs compared to the prior period, which have had a positive impact on the results of our operations through 2024.

## 2024 FINANCIAL OVERVIEW

- Net sales decreased 1.7% to \$453.8 million in 2024 compared to 2023;
- Gross margin increased 70 basis points to 39.4% of net sales in 2024 versus 38.7% of net sales in 2023;
- Income from operations in 2024 compared to 2023 decreased 12.1% to \$31.1 million;
- Interest expense decreased 19.8% to \$17.0 million in 2024 over 2023;

[Table of Contents](#)

- Net income increased 9.6% to \$11.4 million, or \$1.52 per diluted share in 2024 compared to \$10.4 million, or \$1.41 per diluted share in 2023;
- Total debt, net of debt issuance costs, decreased 25.7% to \$128.7 million at December 31, 2024 compared to \$173.1 million at December 31, 2023; and
- Inventory decreased 1.5% to \$166.7 million at December 31, 2024 compared to \$169.2 million at December 31, 2023.

During the twelve months ended December 31, 2024, we reported a decline in net sales compared to the year ended December 31, 2023, which was attributable to a decline in sales in our Wholesale reporting segment, partially offset by increases in sales in our Retail and Contract Manufacturing reporting segments. The decline in sales in our Wholesale reporting segment was due to certain non-recurring sales in 2023, and Servus brand sales, which was divested in March 2023. The increase in Retail sales was attributed to increased sales in our Lehigh CustomFit Platform as well as year-over-year growth in our e-Commerce business.

The increase in gross margin to 39.4 % of net sales in 2024 from 38.7% of net sales in 2023 was attributed to an increase in Wholesale gross margin of 190-basis points as well as an increase in Retail net sales as percentage of total net sales. Our Retail reporting segment carries higher gross margins than both our Wholesale and Contract Manufacturing Reporting segments. The increase was offset by a decrease in Retail gross margins as a percentage of net sales in 2024 compared to the prior year.

Operating income decreased 12.1% to \$31.1 million for the year ended December 31, 2024 compared to \$35.4 million for the year ended December 31, 2023. The decrease in operating income was due to higher freight and logistics costs associated with higher Retail sales as well as higher marketing and other discretionary spending due to the pullback of spending in 2023.

Interest expense decreased 19.8% in 2024 compared to 2023 due to lower debt levels and lower interest rates resulting from the debt refinance that closed in April 2024.

Net income increased 9.6% to \$11.4 million in 2024 from \$10.4 million due to lower interest expense and lower tax expense in 2024 compared to that of 2023.

As of December 31, 2024, cash and cash equivalents were approximately \$3.7 million and our total indebtedness, net of debt issuance costs, was approximately \$128.7 million, a reduction of \$44.4 million, or 25.7%, over our indebtedness at December 31, 2023. Of total debt paydown, \$21.7 million occurred in the fourth quarter of 2024. Our strong sales in the second half of the year, coupled with additional cash on-hand resulting from lower interest rates and corresponding interest payments subsequent to the debt refinance in April 2024, provided excess cash flow that we were able to put towards debt repayments in the latter part of 2024.

Total inventory decreased 1.5%, or \$2.5 million, to \$166.7 million at December 31, 2024 compared to \$169.2 million at December 31, 2023. Our inventory on-hand decreased at December 31, 2024 by approximately \$14.9 million versus the prior year, partially offset by an increase in in-transit inventory of approximately \$12.6 million.

In 2024 and 2023, our business generated a positive cash flow from operating activities of \$52.8 million and \$73.6 million, respectively. Generally, the cash provided from operations consists of changes in our working capital and is sufficient to fund operations in any given year. Our positive cash flow in 2024 was offset by cash used in investing and financing activities of \$3.0 million and \$50.6 million, respectively, resulting in an overall decrease in cash of approximately \$0.8 million in 2024. For the year ending December 31, 2023, our positive cash flow from operations was enhanced by a positive cash flow from investing activities of \$13.4 million, offset by cash used in financing activities of \$88.2 million, resulting in an overall decrease in cash of approximately \$1.2 million in 2023.

Excluding certain non-recurring sales in 2023, 2024 was a year of growth for Rocky from a net sales perspective. This growth was primarily fueled by an increase in Retail sales, a combination of increases in sales in both our Lehigh CustomFit Platform and e-Commerce websites. We invested more in marketing and other discretionary spending in 2024, creating a decrease in income from operations in 2024 compared to 2023. Due to refinancing our long-term debt during 2024, which resulted in lower interest rates as well as lower debt levels, we achieved an increase in income before taxes in 2024 compared to that of 2023.

**Analysis of Results of Operations**

The following table sets forth Consolidated Statements of Operations data as percentages of total net sales:

(\$ in thousands)	Twelve Months Ended December 31,			
	2024		2023	
NET SALES:	\$	453,772	\$	461,833
Cost of goods sold		274,762		283,235
Gross margin		179,010		178,598
Operating expenses		147,944		143,226
Income from operations	\$	31,066	\$	35,372

Net sales decreased \$8.1 million or 1.7% for the twelve months ended December 31, 2024, due to a decrease in Wholesale net sales, partially offset by an increase in Retail and Contract Manufacturing net sales.

Gross margin in 2024 was 39.4% compared to 38.7% in 2023. The increase in gross margin was attributed to an increase in both Wholesale and Contract Manufacturing gross margin as well as a higher mix of Retail segment net sales, which carry higher margins than our Wholesale and Contract Manufacturing segments.

Operating expenses increased \$4.7 million to 32.6% of net sales in 2024 compared to 31.0% of net sales in 2023. The increase in operating expenses was due to a \$4.0 million impairment charge for the Muck trademark and an increase in outbound freight and other logistic costs associated with the increase in Retail sales. See [Note 7 - Goodwill and Other Intangible Assets](#) of our Consolidated Financial Statements for additional information on the Muck trademark impairment.

(\$ in thousands)	Twelve Months Ended December 31,			
	2024	2023	Inc./ (Dec.)	Inc./ (Dec.)
NET SALES:				
Wholesale	\$ 313,340	\$ 337,019	\$ (23,679)	(7.0)%
Retail	126,868	116,960	9,908	8.5
Contract Manufacturing	13,564	7,854	5,710	72.7
Total Net Sales	\$ 453,772	\$ 461,833	\$ (8,061)	(1.7)%

[Table of Contents](#)

The decrease in Wholesale net sales for the twelve months ended December 31, 2024 was due to non-recurring sales that occurred during 2023 and are not expected to continue on an on-going basis. These sales included temporarily elevated commercial military footwear sales to a single customer throughout 2023, Servus brand sales prior to its divestiture in March 2023, sales relating to the change to a distributor model in Canada in November 2023, and sales relating to the manufacturing of Servus product following the divestiture of the Servus brand.

Retail net sales for the twelve months ended December 31, 2024 increased due to growth in our Lehigh CustomFit Platform and our direct to consumer e-Commerce business. The increase in net sales in our Lehigh CustomFit Platform was attributed to the completion of the realignment of our sales organization in the first quarter of 2024 which allowed us to expand our customer base and increase offerings to current customers. The increase in sales under our direct to consumer e-Commerce business was due to increased targeted marketing efforts, primarily through digital marketing. This led to increased brand awareness and allowed us to engage more directly with consumers, which resulted in increased traffic on our branded websites and increased sales compared to the prior year ago period.

The increase in Contract Manufacturing net sales for the twelve months ended December 31, 2024 was due to a multi-year contract awarded with the U.S. Military.

**Product Line Information** - The following is supplemental information on net sales by product line for the years ended December 31:

(\$ in thousands)	2024				% of Sales
	Wholesale	Retail	Contract Manufacturing	Total	
Work footwear	\$ 106,187	\$ 81,873	\$ 2,289	\$ 190,349	41.9%
Outdoor footwear	100,872	29,350	-	130,222	28.7%
Western	74,040	8,599	-	82,639	18.2%
Duty and commercial military footwear	31,476	3,071	-	34,547	7.6%
Military footwear	-	-	11,275	11,275	2.5%
Other	765	3,975	-	4,740	1.0%
<b>Total</b>	<b>\$ 313,340</b>	<b>\$ 126,868</b>	<b>\$ 13,564</b>	<b>\$ 453,772</b>	<b>100.0%</b>

(\$ in thousands)	2023				% of Sales
	Wholesale	Retail	Contract Manufacturing	Total	
Work footwear	\$ 122,872	\$ 75,369	\$ (145)	\$ 198,096	42.9%
Outdoor footwear	102,710	27,714	-	130,424	28.2%
Western	63,108	7,266	-	70,374	15.2%
Duty and commercial military footwear	47,222	3,260	-	50,482	10.9%
Military footwear	-	-	7,999	7,999	1.7%
Other	1,107	3,351	-	4,458	1.0%
<b>Total</b>	<b>\$ 337,019</b>	<b>\$ 116,960</b>	<b>\$ 7,854</b>	<b>\$ 461,833</b>	<b>100.0%</b>

The following information is presented on gross margin for the years ending December 31, 2024 and 2023:

(\$ in thousands)	Twelve Months Ended December 31,		
	2024	2023	Inc./ (Dec.)
<b>GROSS MARGIN:</b>			
Wholesale Margin \$'s	\$ 117,245	\$ 119,485	\$ (2,240)
Margin %	37.4%	35.5%	1.9%
Retail Margin \$'s	\$ 60,153	\$ 58,391	\$ 1,762
Margin %	47.4%	49.9%	(2.5)%
Contract Manufacturing Margin \$'s	\$ 1,612	\$ 722	\$ 890
Margin %	11.9%	9.2%	2.7%
Total Margin \$'s	\$ 179,010	\$ 178,598	\$ 412
Margin %	39.4%	38.7%	0.7%

The increase in Wholesale gross margin as a percentage of net sales for the twelve months ended December 31, 2024 compared to the twelve months ended December 31, 2023 was due to product mix as well as more favorable sourcing costs in 2024 compared to the prior year. Additionally, we divested the Servus brand in March 2023, which carried lower gross margins than the rest of our product portfolio.

Retail gross margins as a percentage of net sales decreased for the twelve months ended December 31, 2024 compared to the same year ago period due to increased promotional efforts across all of our retail channels in order to optimize our inventory levels.

Contract Manufacturing gross margin as a percentage of net sales increased for the twelve months ended 2024 compared to 2023 due to increased sales with the U.S. Military which carried higher margins than private label sales.

(\$ in thousands)	Twelve Months Ended December 31,			
	2024	2023	Inc./ (Dec.)	Inc./ (Dec.)
<b>OPERATING EXPENSES:</b>				
General and administrative	\$ 109,354	\$ 110,677	\$ (1,323)	(1.2)%

Total Operating Expenses	\$ 147,944	\$ 143,226	\$ 4,718	3.3%
% of Net Sales	32.6%	31.0%	1.6%	

The increase in operating expenses as a percentage of net sales for the twelve months ending December 31, 2024 was attributable to increased outbound freight and logistics costs associated with an increase in Retail sales as well as an increase in marketing, incentive compensation and other discretionary spending in 2024 compared to 2023. Additionally, we recognized a \$4.0 million non-cash impairment charge for the Muck trademark following our annual indefinite-lived intangibles impairment test performed in the fourth quarter of 2024. See [Note 7 - Goodwill and Other Intangible Assets](#) of our Consolidated Financial Statements for additional information on the Muck trademark impairment.

(\$ in thousands)	Twelve Months Ended December 31,			
	2024	2023	Inc./ (Dec.)	Inc./ (Dec.)
<b>INTEREST EXPENSE AND OTHER:</b>				
Interest expense	\$ 16,119	\$ 22,904	\$ (6,785)	(29.6)%
Loss on term loan extinguishment	1,111	-	1,111	(100.0)
Other income, net	(222)	(345)	123	(35.7)
Gain on sale of business	-	(1,341)	1,341	(100.0)%
Total Interest Expense and Other	\$ 17,008	\$ 21,218	\$ 4,210	(19.8)%

The decrease in interest expense was mainly attributed to lower interest rates achieved through our debt refinance completed in April 2024, as well as lower debt levels for the year ended December 31, 2024 compared to the year ago period. The debt refinance resulted in \$1.1 million loss on term loan extinguishment charge and a \$1.5 million prepayment penalty which are included within Interest Expense and Other - net within the Consolidated Statements of Operations for the twelve months ended December 31, 2024. See [Note 10 - Long-Term Debt](#) of our Consolidated Financial Statement for more information.

We completed the sale of Servus brand and related assets in March 2023 which resulted in a gain on sale of approximately \$1.3 million for the year ended December 31, 2023.

(\$ in thousands)	Twelve Months Ended December 31,			
	2024	2023	Inc./ (Dec.)	Inc./ (Dec.)
<b>INCOME TAXES:</b>				
Income Tax Expense	\$ 2,671	\$ 3,728	\$ (1,057)	(28.4)%
Effective Tax Rate	19.0%	26.3%	(7.3)%	

The effective tax rate for the twelve months ended December 31, 2024 was 19.0% compared to 26.3% for the twelve months ended December 31, 2023. The decrease in our effective tax rate was due to a return to provision adjustment resulting from foreign tax credits recognized in the fourth quarter of 2023.

## LIQUIDITY AND CAPITAL RESOURCES

### Overview

Our principal sources of liquidity is our income from operations, as well as access to the borrowing capacity under our ABL Facility. We believe that we have sufficient liquidity to support our ongoing operations and to re-invest in our business to drive future growth. As of December 31, 2024, we maintained cash and cash equivalents of \$3.7 million and had \$55.9 million of availability under our ABL Facility. Our primary ongoing operating cash flow requirements are for inventory purchases and other working capital needs, capital expenditures, and payments on our credit facilities.

Our working capital consists primarily of trade receivables and inventory, offset by short-term debt and accounts payable. Our working capital fluctuates throughout the year as a result of our seasonal business cycle and is generally lowest in the months of January through March of each year and highest during the months of May through October of each year. Our cash generated from operations throughout the year is typically sufficient to fund our seasonal working capital requirements; however, we have the ability to borrow on our ABL Facility as needed and as such its balance may fluctuate significantly throughout any given year.

In addition to our ABL Facility with outstanding borrowings of \$95.9 million as of December 31, 2024, we also have a Term Facility with outstanding borrowings of \$35.1 million as of December 31, 2024. Our ABL Facility and Term Facility require us to maintain a minimum fixed charge coverage ratio, as defined in the agreement. Additionally, the ABL Facility and Term Facility contain restrictions on the amount of dividend payments. As of December 31, 2024, we were in compliance with the covenant and restrictions. We may utilize portions of our excess cash to prepay certain amounts of long-term debt prior to maturity. During the year ended December 31, 2024, we paid down a total of \$44.2 million in debt.

Our capital expenditures relate primarily to investments in information technology, molds and equipment associated with our manufacturing and distribution operations, merchandising fixtures and projects related to our corporate offices.

We lease certain machinery, equipment, and manufacturing facilities under operating leases that generally provide for renewal options. Future minimum lease payments under non-cancelable operating leases are outlined in further detail in [Note 11 - Leases](#) of our Consolidated Financial Statements.

[Table of Contents](#)

As of December 31, 2024, our material cash requirements from known contractual obligations and commitments relate primarily to our long-term debt and operating leases commitments. See [Note 10 - Long-Term Debt](#) and [Note 11 - Leases](#) to the Consolidated Financial Statement for more information. Based on our current expectations and forecasts of future earnings, we believe our cash generated from operations will provide sufficient liquidity to fund our operations and debt and lease obligations for the next twelve months and beyond.

The following table presents the key categories of our Consolidated Statement of Cash Flows:

(\$ in millions)	Twelve Months Ended December 31,	
	2024	2023
Operating activities	\$ 52.8	\$ 73.6
Investing activities	(3.0)	13.4
Financing activities	(50.6)	(88.2)
Net change in cash and cash equivalents	<u>\$ (0.8)</u>	<u>\$ (1.2)</u>

*Operating Activities.* Net cash provided by operating activities for the year ended December 31, 2024 was \$52.8 million compared to \$73.6 million for the year ended December 31, 2023. Adjusting for non-cash items, net income provided a cash in-flow of \$35.5 million and \$22.3 million for the years ended December 31, 2024 and 2023, respectively. The net change in working capital and other assets and liabilities resulted in an increase to cash provided by operating activities of \$17.2 million for the year ended December 31, 2024, compared to an increase of \$51.3 million for the year ended December 31, 2023.

During the year ended December 31, 2024, the net change in working capital was primarily impacted by an increase in accounts payable and accrued expenses of \$7.7 million and \$5.2 million, respectively. The increase in accounts payable and accrued expenses during the year ended December 31, 2024 compared to the prior year was due to increased inventory purchases in the fourth quarter of 2024, compared to the fourth quarter of 2023. The increase in inventory purchases also led to increased inventory in-transit at December 31, 2024 versus the year ago period and associated accrued duties and in-bound freight, which are included in accrued expenses and other liabilities on the Consolidated Balances Sheets at December 31, 2024 and 2023. During the year ended December 31, 2023 inventory decreased \$60.0 million, which was attributed to a concentrated effort to optimize inventory levels during 2023.

*Investing Activities.* Net cash used in investing activities for the twelve months ended December 31, 2024 was primarily a result of purchases of fixed assets, specifically machinery and equipment. Cash provided by investing activities for the twelve months ended December 31, 2023 was primarily derived from the proceeds from sale of the Servus brand. See [Note 3 - Sale of Servus Brand and Related Assets](#) of our Consolidated Financial Statements.

*Financing Activities.* Cash used in financing activities for the twelve months ended December 31, 2024 and 2023 was primarily related to payments on our revolving credit facility and term loan.

On February 24, 2025, we announced our new \$7,500,000 share repurchase program. For additional information regarding this share repurchase program, see [Note 14 - Shareholder's Equity](#) of our Consolidated Financial Statements.

We are contingently liable with respect to lawsuits, taxes and various other matters that routinely arise in the normal course of business. See [Note 20 - Commitments and Contingencies](#) of our Consolidated Financial Statements for further discussion of legal matters. We do not have off-balance sheet arrangements, financings, or other relationships with unconsolidated entities, also known as "Variable Interest Entities." Additionally, we do not have any related party transactions that materially affect the results of operations, cash flow or financial condition.

## CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of the Company's Consolidated Financial Statements, which have been prepared in accordance with accounting principles generally accepted in the U.S. ("U.S. GAAP"), requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. On an ongoing basis, management evaluates these estimates. Estimates are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Historically, actual results have not been materially different from the Company's estimates. However, actual results may differ materially from these estimates under different assumptions or conditions. The Company has identified the following critical accounting policies used in determining estimates and assumptions in the amounts reported. Management believes that an understanding of these policies is important to an overall understanding of the Company's Consolidated Financial Statements. Significant accounting policies are summarized in [Note 1 - Basis of Presentation and Summary of Significant Accounting Policies](#) of our Consolidated Financial Statements.

### *Revenue recognition*

Revenue is recognized when the performance obligations under the terms of a contract with our customer are satisfied. The performance obligation is satisfied, and revenue is recorded when control passes to the customer which is generally upon shipment to the customer or at the time of sale for our retail store customers. Revenue is measured as the amount of consideration we expect to receive in exchange for the transfer of our products, which is the net sales price.

The net sales price includes estimates of variable consideration for which reserves may be established. Components of variable consideration include discounts and allowances, customer rebates, markdowns, and product returns. These reserves are based on the amounts earned, or to be claimed, on the related sales of our products.

Elements of variable consideration including discounts and allowances and rebates are determined at contract inception and are reassessed at each reporting date, at a minimum, to reflect any change in the types of variable consideration offered to the customer. We determine estimates of variable consideration based on evaluations of each type of variable consideration and customer contract, historical and anticipated trends, and current economic conditions. Overall, these reserves reflect our best estimates of the amount of consideration to be earned on the related sales. Actual amounts of consideration ultimately received may differ from our estimates. If actual results in the future vary from our estimates, we will adjust these estimates, which would affect net revenue and earnings in the period such variances become known.

Our estimated sales returns are based on historical customer return data and known or anticipated returns not yet received from customers. Actual returns in any future period are inherently uncertain and thus may differ from estimates recorded. If actual or expected future returns are significantly higher or lower than the established reserves, a reduction or increase to net revenues is recorded in the period in which the determination is made. See [Note 17 - Revenue](#) of our Consolidated Financial Statements for additional information.

### *Inventories*

Inventories are stated at the lower of cost or net realizable value, on a first-in, first-out basis. We reduce the carrying value of inventories to the lower of cost or net realizable value for excess and obsolete inventories based upon assumptions about future demand and market conditions. If we estimate the net realizable value of our inventory is less than the cost of the inventory, we record an adjustment equal to the difference between the cost of the inventory and the estimated net realizable value. The adjustment is recorded as a charge to cost of goods sold. If changes in demand or market conditions result in reductions to the estimated net realizable value of our inventory below our previous estimate, we would further adjust the value of our inventory in the period in which we made such a determination.

### *Goodwill and Indefinite-Lived Intangibles*

Goodwill and intangible assets deemed to have indefinite lives are not amortized but are evaluated for impairment annually or whenever we identify certain triggering events or circumstances that would more likely than not reduce the fair value of the assets below their carrying amount. Events or circumstances that might indicate an interim evaluation is warranted include, among other things, unexpected adverse business conditions, macro and reporting unit specific economic factors, supply costs, and unanticipated competitive activities.

We test goodwill and indefinite-lived intangible assets for impairment annually in the fourth quarter each fiscal year by quantitatively comparing the fair values of the Wholesale and Retail reporting units and indefinite-lived intangibles to their carrying amounts. There was no goodwill allocated to our Contract Manufacturing reporting unit.

For goodwill, we estimated the fair value of each reporting unit by weighing the results of the income and market approaches. These valuation approaches consider a number of factors that include, but are not limited to, prospective financial information, growth rates, discount rates, and comparable multiples from publicly traded companies in our industry and require us to make certain assumptions and estimates regarding industry economic factors and future profitability of our business. When performing the income approach, we utilize the present value of cash flows to estimate fair value. The future cash flows for our reporting units were projected based on our estimates, at that time, of future revenues, operating income, and other factors (such as working capital and capital expenditures). The discount rates used were based on a weighted-average cost of capital determined from relevant market comparisons and take into consideration the risk and nature of the respective reporting unit's cash flows. For the market approach, we use the guideline public company method which relies upon valuation multiples derived from stock prices and enterprise values of publicly traded companies that are comparable to the reporting unit being evaluated.

The fair value of our trademarks was determined based on the income approach using the relief from royalty method. This method requires us to estimate the future revenues for the related brands, the appropriate royalty rate, and the weighted average cost of capital.

We did not recognize any impairment charges for goodwill during fiscal year 2024 or 2023. During the fourth quarter of 2024, we recognized a \$4.0 million impairment charge for the Muck trademark. The charge is included within Operating Expenses within the Consolidated Statements of Operations for the twelve months ended December 31, 2024. No impairment charges were recognized for the Company's indefinite-lived intangible assets during fiscal year 2023. Refer to [Note 7 - Goodwill and Other Intangible Assets](#) of our Consolidated Financial Statements for additional information on the Muck trademark impairment.

### *Income taxes*

We are subject to taxation in the United States, as well as various state and foreign jurisdictions. The determination of our provision for income taxes requires significant judgment, the use of estimates and the interpretation and application of complex tax laws. Our interpretation of tax laws, regulations and policies could differ from how standard setting-bodies interpret them. State, local or foreign jurisdictions may enact tax laws that could result in further changes to taxation and materially affect our financial position and results of operations.

On an interim basis, we estimate the annual effective tax rate and record a quarterly income tax provision in accordance with the projected annual rate. As the year progresses, the estimate is refined based upon actual events and earnings by jurisdiction during the year. This continual estimation process periodically results in a change to our expected effective tax rate for the year. When this occurs, we adjust the income tax provision during the quarter in which the change in estimate occurs.

## RECENT FINANCIAL ACCOUNTING PRONOUNCEMENTS

Refer to [Note 2 - Accounting Standards Updates](#) of our Consolidated Financial Statements for new accounting pronouncements adopted during the current year and the expected impact of accounting pronouncements recently issued but not yet required to be adopted. To the extent the adoption of new accounting standards materially affects financial condition, results of operations, or liquidity, the impacts are discussed in the applicable section of this MD&A and the Notes to Consolidated Financial Statements.

## SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

This report, including Management's Discussion and Analysis of Financial Conditions and Results of Operations, contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended, which are intended to be covered by the safe harbors created thereby. Those statements include, but may not be limited to, all statements regarding our and management's intent, belief, expectations, such as statements concerning our future profitability and our operating and growth strategy. Words such as "believe," "anticipate," "expect," "will," "may," "should," "intend," "plan," "estimate," "predict," "potential," "continue," "likely," "would," "could" and similar expressions are intended to identify forward-looking statements. Investors are cautioned that all forward-looking statements involve risk and uncertainties including, without limitations, dependence on sales forecasts, changes in consumer demand, seasonality, impact of weather, competition, reliance on suppliers, risks inherent to international trade, changing retail trends, the loss or disruption of our manufacturing and distribution operations, cyber security breaches or disruption of our digital systems, fluctuations in foreign currency exchange rates, economic changes, as well as other factors set forth under the caption "Item 1A. Risk Factors" in this Annual Report on Form 10-K and other factors detailed from time to time in our filings with the Securities and Exchange Commission. Although we believe that the assumptions underlying the forward-looking statements contained herein are reasonable, any of the assumptions could be inaccurate. Therefore, there can be no assurance that the forward-looking statements included herein will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by us or any other person that our objectives and plans will be achieved. We assume no obligation to update any forward-looking statements.

## ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

In the normal course of business, our financial position and results of operations are routinely subject to a variety of risks, including market risk associated with interest rate movements on borrowings and currency rate movements on non-U.S. dollar denominated assets, liabilities and cash flows. We are also subject to commodity pricing risk via changes in the price of materials used in our manufacturing process. We regularly assess these risks and have established policies and business practices that should mitigate a portion of the adverse effect of these and other potential exposures.

### Interest Rate Risk

Our primary exposure to market risk includes interest rate fluctuations in connection with our Term Facility and ABL Facility. Our Term and ABL Facilities are tied to changes in applicable interest rates, including SOFR and total borrowings under our ABL Facility.

As of December 31, 2024, we had \$131.0 million of debt consisting of \$35.1 million under our Term Facility and \$95.9 million under our ABL Facility. For additional information about our credit facilities see [Note 10 - Long-Term Debt](#) of our Consolidated Financial Statements.

We do not hold any market risk sensitive instruments for trading purposes.

We do not have any interest rate management agreements as of December 31, 2024.

### Commodity Risk

We are also exposed to changes in the price of commodities used in our manufacturing operations. However, commodity price risk related to our current commodities is not material as price changes in commodities can generally be passed along to the customer.

### Foreign Exchange Risk

Our business operates internationally, and we are therefore exposed to foreign exchange risk impacts when we transact in a currency other than the USD, our entities functional currency. We regularly assess this risk and have established policies and business practices in place that should mitigate a portion of the adverse effect of the exposure if and when it becomes material.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the shareholders and the Board of Directors of Rocky Brands, Inc.

***Opinion on the Financial Statements***

We have audited the accompanying consolidated balance sheet of Rocky Brands, Inc. and subsidiaries (the “Company”) as of December 31, 2024, the related consolidated statement of operations, shareholders’ equity, and cash flows, for the period ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2024, and the results of its operations and its cash flows for the year ended December 31, 2024, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company’s internal control over financial reporting as of December 31, 2024, based on criteria established in Internal Control—Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 17, 2025, expressed an unqualified opinion on the Company’s internal control over financial reporting.

***Basis for Opinion***

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

***Critical Audit Matter***

The critical audit matter communicated below is a matter arising from the current-period audit of the financial statements that was communicated or required to be communicated to the audit committee and that (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

**Goodwill and Other Intangible Assets - Wholesale and Retail Reporting Units and Muck Trademark – Refer to [Notes 1](#) and [7](#) to the financial statements**

***Critical Audit Matter Description***

The Company's evaluation of goodwill and indefinite-lived intangible assets for impairment involves the comparison of the fair value of each reporting unit or asset to its respective carrying values.

The Company uses a combination of the income and market approaches to estimate the fair value of its reporting units in its goodwill impairment analysis. The income approach requires management to estimate a number of factors for each reporting unit, including forecasts of future revenues, EBITDA margins, and discount rates. The market approach requires management to estimate fair value using comparable marketplace fair value data from within a comparable industry grouping or a comparable marketplace transactional multiple.

The Company uses the relief from royalty method to estimate the fair value of the indefinite-lived intangible assets trademark. This method estimates the fair value of an intangible asset by determining the present value of the cost savings realized by the owner of the intangible asset as a result of not having to pay a stream of royalty payments to another party.

The selection of companies in the comparable industry group for the reporting units and changes in business and valuation assumptions for both the reporting units and the Muck trademark could have a significant impact on the valuation of the reporting units or the Muck trademark and the amount of a goodwill or indefinite-lived trademark impairment charge, if any.

The Company performed its annual impairment assessment of the Muck trademark as of December 31, 2024 and determined that the fair value of the Muck indefinite-lived intangible asset was less than its carrying amount. As a result, the Company recorded an impairment charge of \$4.0 million to reduce the carrying amount to be equivalent to the estimated fair value of \$37.9 million as of December 31, 2024.

We identified the valuation of the Wholesale and Retail reporting units and the Muck trademark indefinite-lived intangible asset as a critical audit matter due to the materiality of the assets' carrying values, the difference between the fair values and the carrying values of the reporting units, the sensitivity of the fair value calculation to changes in significant assumptions, and because of the underperformance compared to historical forecasts at each of the businesses.

Auditing management's judgments used in the quantitative assessment regarding significant assumptions such as future revenue growth, EBITDA margins, the selection of discount rates, and the selection of royalty rates requires a high degree of auditor judgment and an increased extent of effort, including the need to involve our fair value specialists.

***How the Critical Audit Matter Was Addressed in the Audit***

Our audit procedures related to the fair value of goodwill for the Wholesale and Retail reporting units and the Muck trademark indefinite-lived intangible asset included the following, among others:

- We tested the effectiveness of controls over the goodwill and indefinite-lived intangible asset impairment analyses, including those over the development of significant assumptions such as future revenue growth, EBITDA margins, discount rates, and royalty rates.
- We evaluated the reasonableness of management's forecasted future revenue growth and EBITDA margins by comparing historical forecasts to actual results and comparing future forecasts to business strategies, growth plans, and third-party economic and industry data.
- With the assistance of our fair value specialists, we evaluated the discount rate and royalty rate used by the Company in developing the fair value estimates by testing the source information underlying the determination of the discount rate and royalty rate and by developing a range of independent estimates for the discount rate and royalty rate.

/s/ DELOITTE & TOUCHE LLP  
Columbus, Ohio  
March 17, 2025

We have served as the Company's auditor since 2024.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of  
Rocky Brands, Inc. and Subsidiaries  
Nelsonville, Ohio

**Opinion on the Financial Statements**

We have audited the accompanying consolidated balance sheet of Rocky Brands, Inc. and Subsidiaries (the “Company”) as of December 31, 2023, and the related consolidated statements of operations, shareholders’ equity, and cash flows for each of the years in the two-year period ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023, and the results of its operations and its cash flows for each of the years in the two-year period ended December 31, 2023, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s consolidated financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

We served as the Company’s auditor from 2007 to 2023.

**ROCKY BRANDS, INC. AND SUBSIDIARIES****Notes to the Consolidated Financial Statements**

---

**1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Principles of Consolidation** - The accompanying Consolidated Financial Statements include the accounts of Rocky Brands, Inc. ("Rocky Brands") and its wholly-owned subsidiaries, Lifestyle Footwear, Inc. ("Lifestyle"), Five Star Enterprises Ltd. ("Five Star"), Rocky Brands US, LLC, Rocky Brands International, LLC, Lehigh Outfitters, LLC, US Footwear Holdings, LLC, Rocky Brands (Australia) Pty Ltd., Mexico FW Holdings, S. de R.L. de C.V., Rocky Footwear (Chuzhou) Co. Ltd., UK Footwear Holdings Limited and Rocky Outdoor Gear Store, LLC (collectively referred to as the "Company"). All inter-company transactions have been eliminated.

**Business Activity** - We are a leading designer, manufacturer and marketer of premium quality footwear marketed under a portfolio of well recognized brand names including Muck, Rocky, Georgia Boot, Durango, Lehigh, XTRATUF, Ranger and the licensed brand Michelin. Our brands have a long history of representing high quality, comfortable, functional and durable footwear and our products are organized around six target markets: work, outdoor, western, commercial military, duty and military. In addition, as part of our strategy of outfitting consumers from head-to-toe, we market complementary branded apparel and accessories that we believe leverage the strength and positioning of each of our brands.

Our products are distributed through three distinct business segments: Wholesale, Retail and Contract Manufacturing. Wholesale includes sales of footwear and accessories to several classifications of retailers, including sporting goods stores, outdoor specialty stores, online retailers, marine stores, independent retailers, mass merchants, retail uniform stores and specialty safety shoe stores. Our Retail business includes direct sales of our products to consumers through our e-Commerce websites, third-party marketplaces, our Rocky Outdoor Gear Store and Lehigh businesses. Contract Manufacturing includes sales to the U.S. Military, private label sales and any sales to customers in which we are contracted to manufacture or source a specific footwear product for a customer. See [Note 19 - Segment Information](#) for further information.

**Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Foreign Currency** - We have determined that the functional currency for our international subsidiaries is the USD as this is the currency in which the entities primarily generate and expend cash. Monetary assets and liabilities that are in a currency other than the USD are remeasured at the rate prevailing at year end. Revenue and expenses in a foreign currency are remeasured at rates that approximate those in effect at the time of remeasurement. Resulting gains and losses from remeasuring the foreign currency to the USD are included in net income. Foreign currency transaction gains and losses are not material for any period presented.

**Cash and Cash Equivalents** - We consider all highly liquid investments purchased with original maturities of three months or less to be cash equivalents. Balances may exceed federally insured limits. We also hold cash outside of the U.S. that is not federally insured.

**Allowance for Credit Losses** - We maintain an allowance for credit losses resulting from the inability of our customers to make required payments. We calculate the allowance based on historical experience, the age of the receivables, receivable insurance status, and identification of customer accounts that are likely to prove difficult to collect due to various criteria including pending bankruptcy. Estimates of the allowance in any future period are inherently uncertain and actual allowances may differ from these estimates. If actual or expected future allowances were significantly greater or less than established reserves, a reduction or increase to bad debt expense would be recorded in the period this determination was made. Our credit policy generally provides that trade receivables will be deemed uncollectible and written-off once we have pursued all reasonable efforts to collect on the account. Trade receivables are presented net of the related allowance for credit losses of approximately \$1.0 million and \$1.8 million at December 31, 2024 and 2023, respectively.

**Concentration of Credit Risk** - We have significant transactions with a large number of customers. No customer represented 10% of net trade receivables as of December 31, 2024 and 2023. Our exposure to credit risk is impacted by the economic climate affecting the retail shoe industry. We manage this risk by performing ongoing credit evaluations of our customers, maintaining reserves for potential uncollectible accounts and utilizing credit insurance for some of our key customers.

**Supplier and Labor Concentrations** - We purchase raw materials from a number of domestic and foreign sources. We produce a portion of our shoes and boots in our Dominican Republic, Puerto Rico and China operations. We are not aware of any governmental or economic restrictions that would alter these current operations.

We source a significant portion of our footwear, apparel and gloves from manufacturers in Asia, primarily in China and Vietnam. We are not aware of any governmental or economic restrictions that would alter our current sourcing operations.

**Inventories** - Inventories are valued at the lower of cost or net realizable value, on a first-in, first-out (FIFO) basis. We reduce the carrying value of inventories to the lower of cost or net realizable value for excess and obsolete inventories based upon assumptions about future demand and market conditions. If we estimate the net realizable value of our inventory is less than the cost of the inventory, we record an adjustment equal to the difference between the cost of the inventory and the estimated net realizable value. The adjustment is recorded as a charge to cost of goods sold. If changes in demand or market conditions result in reductions to the estimated net realizable value of our inventory below our previous estimate, we would further adjust the value of our inventory in the period in which we made such a determination.

**Property, Plant and Equipment** - We record fixed assets at historical cost and generally utilizes the straight-line method of computing depreciation for financial reporting purposes over the estimated useful lives of the assets as follows:

	Years
Buildings and improvements	5 - 39
Machinery and equipment	3 - 8
Furniture and fixtures	3 - 8
Lasts, dies, and patterns	3

For income tax purposes, we generally compute depreciation utilizing accelerated methods.

**Goodwill and Other Intangible Assets** - Goodwill represents the excess of the purchase price over the fair value of net tangible and identifiable intangible assets. Indefinite-lived intangibles include trademarks and trade names. Goodwill and intangible assets deemed to have indefinite lives are not amortized but are subject to impairments tests at least annually. The Company reviews the carrying amounts of goodwill and indefinite-lived intangible assets by reporting unit at least annually, or when indicators of impairment are present, to determine if such assets may be impaired.

The Company may first assess qualitative factors to determine whether it is more likely than not that the fair value of goodwill and indefinite-lived intangible assets are less than their carrying value. The Company would not be required to quantitatively determine the fair value unless the Company determines, based on the qualitative assessment, that it is more likely than not that its fair value is less than the carrying value.

The Company performs its annual testing for goodwill and indefinite-lived intangible asset impairment in the fourth quarter of the fiscal year for all reporting units. Goodwill is quantitatively evaluated for possible impairment by comparing the estimated fair value of the reporting unit with its carrying value, including the goodwill assigned to that reporting unit. An impairment charge is recorded if the carrying value of the reporting unit exceeds its estimated fair value. An indefinite-lived intangible asset is quantitatively evaluated for possible impairment by comparing the estimated fair value of the asset with its carrying value. An impairment charge is recorded if the carrying value of the asset exceeds its estimated fair value.

Other intangible assets determined to have a finite life primarily consist of customer relationships and patents, which are amortized over their estimated useful lives using straight-line amortization. We review intangible assets with finite lives for impairment whenever events or changes in circumstances indicate that the related carrying amounts may not be recoverable. Determining whether an impairment loss occurred requires a comparison of the carrying amount to the sum of the future forecasted undiscounted cash flows expected to be generated by the asset group.

For additional details on goodwill and intangible assets, including information related to our annual test, see [Note 7 - Goodwill and Other Intangible Assets](#).

**Leases** - Our leases primarily consist of office buildings, distribution centers, manufacturing facilities and equipment. We lease assets in the normal course of business to meet our current and future needs while providing flexibility to our operations. We enter into contracts with third parties to lease specifically identified assets. The Company's incremental borrowing rate is used to determine the present value of future lease payments unless the implicit rate is readily determinable. Most of our leases have contractually specified renewal periods. Our operating leases expire at various dates through 2029 and contain various provisions for rental adjustments and renewal provisions for varying periods. We determine the lease term for each lease based on the terms of each contract and factor in renewal and early termination options if such options are reasonably certain to be exercised.

We have elected the practical expedient to account for lease components and nonlease components associated with individual leases as a single lease component for all leases. In addition, we have elected to account for multiple lease components as a single lease component. Our leases may include variable lease costs such as payments based on changes to an index, payments based on a percentage of retail store sales, and maintenance, utilities, shared marketing or other service costs that are paid directly to the lessor under terms of the lease. We recognize variable lease payments when the amounts are incurred and determinable. We have elected to account for leases of twelve months or less as short-term leases and accordingly do not recognize a right-of-use asset or lease liability for these leases. We recognize lease expense for these leases on a straight-line basis over the lease term.

**Comprehensive Income** - Comprehensive income includes changes in equity that result from transactions and economic events from non-core operations. Comprehensive income is composed of two subsets – net income and other comprehensive income. There were no material other comprehensive income items, and, therefore, no Statements of Comprehensive Income were presented.

**Revenue Recognition** - Revenue is recognized when the performance obligations under the terms of a contract with our customer are satisfied; this generally occurs at a point in time when our product ships to the customer, which is when the transfer of control passes to the customer or at the time of sale for our retail stores. Revenue is measured as the amount of consideration we expect to receive in exchange for the transfer of our products at a point in time and consists of either fixed or variable consideration or a combination of both. Payment terms vary by sales channel and customer. For our wholesale channel and our Lehigh business-to-business channel, terms generally require the customer pay within 30 to 60 days of product shipment. For our retail store, e-Commerce channel, and third-party marketplace channel, payment is due at the time of sale.

**Cost of Goods Sold** - Cost of goods sold represents our costs to manufacture products in our own facilities, including raw materials costs and all overhead expenses related to production, as well as the cost to purchase finished products from our third-party manufacturers. Cost of goods sold also includes the cost to transport these products to our distribution centers.

**Advertising** - We expense advertising costs as incurred. Advertising expense was approximately \$ 19.9 million, \$ 16.6 million and \$ 15.4 million for 2024 , 2023 and 2022 , respectively.

**Shipping Costs** - All shipping costs billed to customers have been included in net sales. All outbound shipping costs to customers have been included in operating expenses and totaled approximately \$27.0 million, \$25.1 million and \$38.5 million in 2024, 2023 and 2022, respectively.

**Stock Compensation Expense** - We recognize compensation expense for awards of stock options, restricted stock units ("RSUs"), and director stock units based on the fair value on the grant date and on a straight-line basis over the requisite service period for the awards that are expected to vest, with forfeitures estimated based on our historical experience and future expectations. Stock-based compensation is included in operating expenses in the consolidated statements of operations.

**Fair Value Measurements** - The fair value accounting standard defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This standard clarifies how to measure fair value as permitted under other accounting pronouncements.

The fair value accounting standard defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. This standard also establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Observable inputs other than quoted market prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The fair values of cash and cash equivalents, receivables, and payables approximated their carrying values because of the short-term nature of these instruments. Receivables consist primarily of amounts due from our customers, net of allowances, and expected insurance recoveries. The carrying amounts of our long-term credit facilities and other short-term financing obligations also approximate fair value, as they are comparable to the available financing in the third-party marketplace during the year. The fair value of our revolving line of credit is categorized as Level 2.

Some assets are not measured at fair value on an ongoing basis but are subject to fair value adjustments only in certain circumstances. These assets primarily include goodwill and other indefinite lived intangible assets that have been reduced to fair value when impaired. Assets that are written down to fair value when impaired are not subsequently adjusted to fair value unless further impairment occurs. We incurred \$4.0 of impairment relating to our trademarks during the year ended December 31, 2024, to write-down the carrying value of the Muck trademark to the fair value of the asset.

**Deferred Compensation Plan Assets and Liabilities** - On December 14, 2018, our Board of Directors adopted the Rocky Brands, Inc. Executive Deferred Compensation Plan (the "Executive Deferred Compensation Plan"), which became effective January 1, 2019. The Executive Deferred Compensation Plan is a nonqualified deferred compensation plan in which certain executives are eligible to participate. The deferrals are held in a separate trust, which has been established for the administration of the Executive Deferred Compensation Plan. The trust assets and liabilities are classified as trading securities within prepaid expenses and other current assets and deferred liabilities, respectively in the accompanying consolidated balance sheets, with changes in the deferred compensation charged to operating expenses in the accompanying consolidated statements of operations. The fair value is based on unadjusted quoted market prices for the funds in active markets with sufficient volume and frequency (Level 1).

## 2. ACCOUNTING STANDARDS UPDATES

### Recently Issued Accounting Pronouncements

Rocky Brands, Inc. is currently evaluating the impact of certain ASUs on its Consolidated Financial Statements or Notes to the Consolidated Financial Statements:

Standard	Description	Anticipated Adoption Periods	Effect on Consolidated Financial Statements
ASU 2023-09, Income Taxes (Topic 740): Improvements to Income Tax Disclosures	This pronouncement requires expanded income tax disclosures primarily related to an entity's effective tax rate reconciliation and income taxes paid.	Q4 2025	The Company is still assessing the impact of the new accounting standard but does not expect the adoption of this standard to have a material impact on its consolidated financial statements.
ASU 2024-03, Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses	This pronouncement requires expanded disclosures on comprehensive income to improve expenses and address requests from investors for more detailed information about the types of expenses.	Q4 2027 (fiscal year) Q1 2028 (interim period)	The Company is still assessing the impact of the new accounting standard on its consolidated financial statements.

### Accounting Standards Adopted in Current Year

Standard	Description	Effect on the financial statements or other significant matters
ASU 2023-07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures	This pronouncement requires expanded disclosures about an entity's reportable segments, including more enhanced information about a reportable segment's expenses, interim segment profit or loss, and how an entity's chief operating decision maker uses reported segment profit or loss information in assessing segment performance and allocating resources.	The Company has included all required disclosures within its Form 10-K for the year ended December 31, 2024. See Note 19 for further information on segment disclosures.

## 3. SALE OF SERVUS BRAND AND RELATED ASSETS

On March 30, 2023, we completed the sale of the Servus brand and related assets to PQ Footwear, LLC and Petroquim S.R.L. (collectively "the Buyer"). The sale of the Servus brand included the sale of inventory, fixed assets, customer relationships, and tradenames, all of which related to our Wholesale segment. Total consideration for this transaction was approximately \$19.0 million and resulted in a gain on sale of approximately \$1.3 million which is recorded within Interest Expense and Other - net on the accompanying consolidated statement of operations for the twelve months ended December 31, 2023.

## 4. SALE OF NEOS BRAND AND RELATED ASSETS

On September 30, 2022, we completed the sale of the NEOS brand and related assets to certain entities controlled by SureWerx pursuant to terms of an asset purchase agreement dated September 30, 2022. The sale of the NEOS brand included the sale of inventory, fixed assets, customer relationships, and tradenames, all of which related to our Wholesale segment. Total consideration for this transaction was approximately \$5.8 million and resulted in the sale of inventory of approximately \$3.6 million recorded in net sales and approximately \$2.4 million recorded in costs of goods sold in the accompanying consolidated statement of operations for the twelve months ended December 31, 2022. The sale of fixed assets, customer relationships and tradenames resulted in a reduction of operating expenses of approximately \$0.7 million recorded in the accompanying consolidated statement of operations for the twelve months ended December 31, 2022.

## 5. INVENTORIES

Inventories are comprised of the following:

<i>(\$ in thousands)</i>	December 31, 2024	December 31, 2023
Finished goods	\$ 149,328	\$ 151,515
Raw materials	16,671	16,774
Work-in-process	702	912
Total	<u>\$ 166,701</u>	<u>\$ 169,201</u>

The asset associated with our returns reserve included within inventories was approximately \$0.9 million and \$0.8 million at December 31, 2024 and December 31, 2023, respectively.

## 6. PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment is comprised of the following:

<i>(\$ in thousands)</i>	December 31, 2024	December 31, 2023
Machinery and equipment	\$ 61,956	\$ 61,148
Buildings	37,657	37,581
Lasts, dies and patterns	11,806	11,271
Furniture and fixtures	1,548	2,006
Less - accumulated depreciation	(75,242)	(69,455)
Total	37,725	42,551
Construction work-in-progress	10,969	8,453
Land	972	972
Net Fixed Assets	<u>\$ 49,666</u>	<u>\$ 51,976</u>

We incurred approximately \$7.5 million, \$8.1 million and \$9.2 million in depreciation expense for 2024, 2023 and 2022, respectively.

## 7. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill and indefinite-lived intangibles are tested for impairment at least annually by comparing the estimated fair values of our reporting units and indefinite-lived intangible assets to their respective carrying values. For goodwill, we estimated the fair value of each reporting unit by weighing the results of the income and market approaches. These valuation approaches consider a number of factors that include, but are not limited to, prospective financial information, growth rates, discount rates, and comparable multiples from publicly traded companies in our industry and require us to make certain assumptions and estimates regarding industry economic factors and future profitability of our business. When performing the income approach, we utilize the present value of cash flows to estimate fair value. The future cash flows for our reporting units were projected based on our estimates, at that time, of future revenues, EBITDA, and other factors (such as working capital and capital expenditures). The discount rates used were based on a weighted-average cost of capital determined from relevant market comparisons and take into consideration the risk and nature of the respective reporting unit's cash flows. For the market approach, we use the guideline public company method which relies upon valuation multiples derived from stock prices and enterprise values of publicly traded companies that are comparable to the reporting unit being evaluated. To further confirm fair value, we compare the aggregate fair value of our reporting units to our total market capitalization. After completing our annual goodwill impairment test for our Wholesale and Retail reporting units during the fourth quarter of 2024 and 2023, we concluded there was no impairment in either of these years.

The fair value of our indefinite-lived intangibles, which consist of trademarks, was determined based on the income approach using the relief from royalty method. This method requires us to estimate the future revenues for the related brands, the appropriate royalty rate, and the weighted-average cost of capital. In the fourth quarter of 2024, after completing our annual impairment test for our indefinite-lived intangible assets, we recognized a \$4.0 million impairment charge related to the Muck trademark. The impairment charge for the Muck trademark was due to a reduction in the assigned royalty rate as a result of changes in projected revenue growth. There was no impairment charge for indefinite-lived intangible assets recorded during the year end December 31, 2023.

We consider the assumptions used in our determination of the estimated fair value of our reporting units and indefinite-lived intangible assets to be reasonable and comparable to those that would be used by other third-party marketplace participants; however, actual events and results could differ substantially from the estimates used in our valuations. These assumptions include, among other things, estimating future cash flows, including projected revenue and operating results, as well as selecting appropriate discount rates, pricing multiples, and an assumed royalty rate. If an event occurs that would cause us to revise our estimates and assumptions used in analyzing the fair value of our goodwill and other intangible assets, the revision could result in a non-cash impairment charge that could have a material impact on our financial results.

Estimates utilized in the projected cash flows include consideration of macroeconomic conditions, expected growth rates, cost containment and margin expansion, business plans, market position, and the discount rate applied to the cash flows. Unanticipated market or macroeconomic events and circumstances such as supply chain disruptions and the loss of key customers could negatively affect key assumptions used for the recent fair value test and potentially result in goodwill and/or intangible assets impairment.

[Table of Contents](#)

The changes in the carrying amount of goodwill are as follows:

<i>(\$ in thousands)</i>	2024	2023
Goodwill balance at beginning of the year (1)	\$ 47,844	\$ 50,246
Sale of Business (2)	-	(2,402)
Goodwill balance at end of the year (1)	<u>\$ 47,844</u>	<u>\$ 47,844</u>

(1) As of December 31, 2024 and December 31, 2023, goodwill allocated to our Wholesale and Retail reporting segments was \$23.0 million and \$24.8 million, respectively. No goodwill was allocated to our Contract Manufacturing segment for either period presented.

(2) Relates to the divestiture of the Servus brand during the year ended December 31, 2023, [Note 3 - Sale of Servus Brand and Related Assets](#) for additional information.

A schedule of identified intangible assets is as follows:

<i>(\$ in thousands)</i>	December 31, 2024			Carrying Amount
	Gross Amount	Accumulated Amortization	Accumulated Impairment	
<b>Indefinite-lived intangible assets</b>				
Trademarks (1)	\$ 78,654		\$ (4,000)	74,654
<b>Intangible assets subject to amortization</b>				
Patents	895	\$ (863)	-	32
Customer relationships	41,659	(10,522)	-	31,137
Total Intangible assets other than goodwill	<u>\$ 121,208</u>	<u>\$ (11,385)</u>	<u>\$ (4,000)</u>	<u>\$ 105,823</u>

(1) As of December 31, 2024, the Trademark impairment related to our Wholesale and Retail reporting segments was \$3.6 million and \$0.4 million, respectively.

<i>(\$ in thousands)</i>	December 31, 2023			Carrying Amount
	Gross Amount	Accumulated Amortization		
<b>Indefinite-lived intangible assets</b>				
Trademarks	\$ 78,654			\$ 78,654
<b>Intangible assets subject to amortization</b>				
Patents	895	\$ (845)		50
Customer relationships	41,659	(7,745)		33,914
Total Intangible assets other than goodwill	<u>\$ 121,208</u>	<u>\$ (8,590)</u>		<u>\$ 112,618</u>

The weighted average life of patents and customer relationships is 3.1 years and 11.3 years, respectively.

Amortization expense for intangible assets subject to amortization for the twelve months ended December 31, 2024, 2023 and 2022 was \$2.8 million, \$2.9 million and \$3.1 million, respectively.

[Table of Contents](#)

A schedule of approximate expected remaining amortization expense related to finite-lived intangible assets for the years ending December 31 is as follows:

<i>(\$ in thousands)</i>	Year	Amortization Expense
	2025	\$ 2,790
	2026	2,788
	2027	2,785
	2028	2,781
	2029	2,779
	2030+	17,246
	Total	\$ 31,169

## 8. OTHER ASSETS

Other assets consist of the following:

<i>(\$ in thousands)</i>	December 31, 2024	December 31, 2023
Long-term deposits	\$ 567	\$ 556
Deferred loan fees	476	-
NQDC plan assets	455	409
Total	\$ 1,498	\$ 965

## 9. ACCRUED EXPENSES AND OTHER LIABILITIES

Amounts reported in "Accrued expenses and other liabilities" within the accompanying Consolidated Balance Sheets were:

<i>(\$ in thousands)</i>	December 31, 2024	December 31, 2023
Accrued Expenses and other liabilities:		
Accrued duties	\$ 6,807	\$ 5,440
Accrued freight	3,244	2,284
Salaries and wages	3,220	1,204
Operating lease liability	2,772	2,679
Returns liability	1,754	-
Accrued advertising	1,406	1,877
Taxes - other	965	925
Commissions	828	904
Income taxes payable	562	-
Accrued interest	-	2,104
Other	2,419	695
Total accrued expenses and other liabilities	\$ 23,977	\$ 18,112

## 10. LONG-TERM DEBT

On April 26, 2024, we refinanced our existing debt by amending and restating our credit agreement with Bank of America, N.A., as agent, sole lead arranger and sole bookrunner and other lenders party thereto (the "ABL Agreement"). The ABL Agreement consists of a \$175.0 million asset-based lending credit facility (the "ABL Facility") and a \$50.0 million term loan facility (the "Term Facility"). The ABL Agreement is collateralized by a first-lien on substantially all of the Company's domestic assets. The ABL Facility includes a separate first in, last out (FILO) tranche, which allows the Company to borrow at higher advance rates on eligible accounts receivables and inventory balances. As of December 31, 2024, we had borrowing capacity of \$55.9 million under the ABL Facility. The Term Facility provides for monthly principal payments until the date of maturity, at which date the remaining principal balance is due.

This transaction resulted in a \$2.6 million expense within Interest Expense and Other - net in the accompanying Consolidated Statements of Operations, consisting of a \$1.1 million loss on term loan extinguishment and a \$1.5 million term loan prepayment penalty for the twelve months ended December 31, 2024. The \$1.1 million loss on term loan extinguishment is included as a noncash adjustment to net income and the \$1.5 million prepayment penalty is included within Repayments of long-term debt in the accompanying Consolidated Statements of Cash Flows for the twelve months ended December 31, 2024.

Loans under the ABL Agreement bear interest at a variable rate equal to either (i) the Base Rate (as calculated in the ABL Agreement) or (ii) Term SOFR (as calculated in the ABL Agreement), plus in each case an interest margin determined by the Company's average daily availability as a percentage of the aggregate amount of revolving commitments for revolving loans and term loans, with a range of Base Rate margins and term SOFR margins, as set forth of the following chart:

Revolver Pricing Level(I)	Average Availability as a Percentage of Commitments	Term SOFR Term Loan	Base Rate Term Loan	Term SOFR Revolver Loan	Base Rate Revolver Loan	Term SOFR FILO Loan	Base Rate FILO Loan
I	> 66.7%	2.75%	1.50%	1.25%	0.00%	1.75%	0.50%
II	>33.3% and < or equal to 66.7%	3.00%	1.50%	1.50%	0.00%	2.00%	0.50%
III	< or equal to 33.3%	3.25%	1.75%	1.75%	0.25%	2.25%	0.75%

In connection with the ABL Agreement, we paid certain fees that were capitalized and will be amortized over the life of such agreement.

[Table of Contents](#)

Current and long-term debt under the ABL Agreement consisted of the following as of December 31, 2024:

<i>(\$ in thousands)</i>	December 31, 2024
Term Facility that matures in 2029 with an effective interest rate of 10.47%	\$ 35,123
ABL Facility that matures in 2029:	
SOFR borrowings with an effective interest rate of 6.24%	91,300
Prime borrowings with an effective interest rate of 7.77%	4,577
Total debt	131,000
Less: Unamortized debt issuance costs	(2,263)
Total debt, net of debt issuance costs	128,737
Less: Debt maturing within one year	(8,361)
Long-term debt	<u>\$ 120,376</u>

A schedule of debt payments for the next five years is as follows:

<i>(\$ in thousands)</i>	Year	Debt Payment Schedule
	2025	8,361
	2026	8,361
	2027	8,361
	2028	8,361
	2029	97,556
	Total	<u>131,000</u>

### Credit Facility Covenants

Our ABL Facility and Term Facility require us to maintain a minimum fixed charge coverage ratio, as defined in the agreement. As of December 31, 2024, we were in compliance with all credit facility covenants. The ABL Facility and Term Facility also contain restrictions on the amount of dividend payments. As of December 31, 2024, the Company was in compliance with the amounts paid on dividends in accordance with our debt facilities.

Interest expense was approximately \$17.0 million, \$22.7 million and \$18.3 million, respectively, for the years ended December 31, 2024, 2023 and 2022.

### Retired Term Debt

On March 15, 2021, we entered into a senior secured term loan facility with TCW Asset Management Company, LLC ("TCW"), as agent, for the lenders party thereto in the amount of \$130.0 million (the "TCW Term Facility"). The TCW Term Facility provided for quarterly payments of principal and bore interest of LIBOR plus 7.00% through June 30, 2021. After that date, interest was assessed quarterly based on our total leverage ratio. The total leverage ratio was calculated as (a) Total Debt to (b) EBITDA. If our total leverage ratio was greater than or equal to 4.00, the effective interest rate would have been SOFR plus 7.75% (or at our option, Prime Rate plus 6.75%). If our total leverage ratio was less than 4.00 but greater than or equal to 3.50, the effective interest rate would have been SOFR plus 7.50% (or at our option, Prime Rate plus 6.50%). If our total leverage ratio was less than 3.50 but greater than 3.00, the effective interest rate would have been SOFR plus 7.00% (or at our option, Prime Rate plus 6.00%). If our total leverage ratio was less than 3.00, the effective interest rate would have been SOFR plus 6.50% (or at our option, Prime Rate plus 5.50%). The TCW Term Facility also had a SOFR floor rate of 1.00%. In June 2022, we entered into a second amendment with TCW to further amend the TCW Term Facility to consent to the modifications in our borrowing capacity under the Original ABL Facility as described below, and to adjust certain pricing and prepayment terms, among other things. The second amendment also modified the interest index to provide the use of SOFR to calculate interest rather than LIBOR. The effective interest rate was increased to SOFR plus 7.50% through November 2022. In November 2022, the TCW Term Facility was amended to increase the effective interest rate to SOFR plus 7.00% until June 2023 and to provide certain EBITDA adjustments with respect to financial covenants, among other things. In May 2023, we entered into a fourth amendment to the TCW Term Facility to provide certain EBITDA adjustments in respect of the financial covenants, adjust the method to calculate total debt, continue certain pricing terms, extend certain prepayment terms, and pay such lenders certain amendment fees, among other things. In October 2023, we entered into a sixth amendment to the TCW Term Facility to provide certain EBITDA adjustments in respect of the financial covenants, adjust the performance pricing grid, adjust the total leverage ratio periodically through June 30, 2025, among other things.

The TCW Term Facility was collateralized by a second-lien on accounts receivable, inventory, cash and related assets, and a first-lien on substantially all other assets.

The TCW Term Facility was replaced by the Term Facility that was part of the ABL Agreement in April 2024.

On March 15, 2021, we also entered into a senior secured asset-based credit facility (the "Original ABL Facility") with Bank of America, N.A. as agent, for the lenders party thereto. The Original ABL Facility provided a senior secured asset-based revolving credit facility up to a principal amount of \$150.0 million, which included a sub-limit for the issuance of letters of credit up to \$5.0 million. The Original ABL Facility would be increased up to an additional \$50.0 million at the borrowers' request and the lenders' option, subject to customary conditions. In June 2022, we further amended the Original ABL Facility to temporarily increase our borrowing capacity to \$200.0 million through December 31, 2022, which thereafter was reduced to \$175.0 million. In November 2022, we entered into a third amendment to the Original ABL Facility to provide certain EBITDA adjustments with respect to our financial covenant. The Original ABL Facility included a separate first in, last out (FILO) tranche, which allowed us to borrow at higher advance rates on eligible accounts receivables and inventory balances. In October 2023, we entered into a fifth amendment to the Original ABL Facility to provide certain EBITDA adjustments with respect to our financial covenant.

[Table of Contents](#)

The Original ABL Facility was collateralized by a first-lien on accounts receivable, inventory, cash and related assets and a second-lien on substantially all other assets. The Original ABL Facility was replaced with the ABL Facility that was part of the ABL Agreement in April 2024. Interest on the Original ABL Facility was based on the amount available to be borrowed as set forth on the following chart:

Revolver Pricing Level	Average Availability as a Percentage of Commitments	Term SOFR		Term SOFR FILO	
		Base Rate	Loan	Base Rate for FILO	Loans
I	> 66.7%	0.00%	1.25%	0.50%	1.75%
II	>33.3% and < or equal to 66.7%	0.00%	1.50%	0.50%	2.00%
III	< or equal to 33.3%	0.25%	1.75%	0.75%	2.25%

In connection with the TCW Term Facility and the Original ABL Facility, we had to pay certain fees that were capitalized and amortized over the life of each respective loan. In addition, the Original ABL Facility required us to pay an annual collateral management fee in the amount of \$75,000 due on each anniversary of the issuance date, until it matured.

Current and long-term debt under the Original ABL Facility and TCW Term Facility consisted of the following as of December 31, 2023:

	December 31, 2023
<i>(\$ in thousands)</i>	
TCW Term Facility refinanced in April 2024 with an effective interest rate of 13.20%	\$ 77,932
Original ABL Facility amended and restated in April 2024:	
SOFR borrowings with an effective interest rate of 7.31%	83,144
Prime borrowings with an effective interest rate of 8.75%	13,938
Total debt	175,014
Less: Unamortized debt issuance costs	(1,884)
Total debt, net of debt issuance costs	173,130
Less: Debt maturing within one year	(2,650)
Long-term debt	\$ 170,480

**Retired Credit Facility Covenants**

The TCW Term Facility contained restrictive covenants which required us to maintain a maximum total leverage ratio and a minimum fixed charge coverage ratio, as defined in the TCW Term Facility agreement. The Original ABL Facility contained a restrictive covenant which required us to maintain a fixed charge coverage ratio upon a triggering event taking place (as defined in the Original ABL Facility). During the twelve months ended December 31, 2023, we were in compliance with all credit facility covenants.

The TCW Term Facility and the Original ABL Facility also contained restrictions on the amount of dividend payments.

We were in compliance with all TCW Term Facility and Original ABL Facility Agreement covenants through April 26, 2024, the date on which we refinanced such debt.

**11. LEASES**

The following is a summary of the Company's lease cost:

<i>(\$ in thousands)</i>	December 31, 2024	December 31, 2023	December 31, 2022
Operating lease cost	\$ 2,896	\$ 4,019	\$ 3,175
Short-term lease cost	1,205	504	2,166
<b>Total lease cost</b>	<b>\$ 4,101</b>	<b>\$ 4,523</b>	<b>\$ 5,341</b>

Variable lease costs for the year ending December 31, 2024 was approximately \$0.4 million.

The following is a summary of the Company's supplemental cash flow information related to leases:

<i>(\$ in thousands)</i>	December 31, 2024	December 31, 2023	December 31, 2022
Cash paid for operating lease liabilities	\$ 2,921	\$ 2,853	\$ 1,492
Operating lease assets obtained in exchange for lease liabilities	\$ 869	\$ 628	\$ 2,786

The weighted-average discount rate for operating leases as of December 31, 2024 is 3.2%. The weighted-average remaining lease term for operating leases as of December 31, 2024 is 2.4 years. Future undiscounted cash flows for operating leases for the fiscal periods subsequent to December 31, 2024 are as follows:

<i>(\$ in thousands)</i>	Year	Operating Leases
	2025	\$ 2,943
	2026	2,574
	2027	758
	2028	300
	2029	68
	Total lease payments	6,643
	Less: Interest	(334)
	<b>Present value of lease liabilities</b>	<b>\$ 6,309</b>

## 12. BENEFIT PLAN

We sponsor a 401(k) savings plan for eligible employees. We provide a contribution of 3.0% of applicable salary to the plan for all eligible full-time employees with greater than six months of service. Additionally, we match eligible employee contributions at a rate of 25.0% up to the first 4.0% of eligible compensation that is deferred. This matching contribution will be made by us up to a maximum of 1.0% of the employee's applicable salary for all qualified employees.

Our approximate contributions to the 401(k) Plan were as follows:

<i>(\$ in thousands)</i>	2024	2023	2022
401k plan sponsor contributions	\$ 1,392	\$ 1,531	\$ 1,798

### Deferred Compensation Plans

The Executive Deferred Compensation Plan, which became effective January 1, 2019, is an unfunded non-qualified deferred compensation plan in which certain executives are eligible to participate.

Under the Executive Deferred Compensation Plan, participants may elect to defer up to 75% of their base compensation and up to 100% of their bonuses, commissions, and other compensation. The deferred amounts are paid in accordance with each participant's elections made on or before December 31 of the prior year. In addition to elective deferrals, the Executive Deferred Compensation Plan permits the Company to make discretionary contributions to eligible participants, provided that any participant who is employed on the last day of a plan year will receive a Company contribution equal to no less than 3% of the participant's base compensation, bonus earned, and non-equity incentive plan compensation in the plan year. Company contributions will vest in accordance with the vesting schedule determined by the Committee, except in the event of the participant's death, disability or retirement, in which case the contributions will vest 100% upon such event. Participants may elect to receive payment in a lump sum cash payment or, in the event of the participant's retirement, in annual installments for a period of up to ten years. In the event of a participant's termination of employment, deferred amounts will generally be paid within 60 days following the later of the date (i) of such termination or (ii) the participant attains age 60, except where such termination is due to such participant's death, in which case deferred amounts will be paid to such participant's beneficiary within 30 days of confirmation of the participant's death.

The deferrals are held in a separate trust, which has been established by the Company to administer the Executive Deferred Compensation Plan. The assets of the trust are subject to the claims of the Company's creditors in the event that the Company becomes insolvent. Consequently, the trust qualifies as a grantor trust for income tax purposes (i.e., a "Rabbi Trust"). The assets held by the trust were approximately \$0.5 million and \$0.4 million as of December 31, 2024 and December 31, 2023, respectively, and are classified as trading securities within other assets in the accompanying consolidated balance sheets. The liabilities held under the Executive Deferred Compensation Plan were approximately \$0.2 million as of December 31, 2024 and December 31, 2023, and are classified within deferred liabilities in the accompanying consolidated balance sheets. Changes in the deferred compensation assets and liabilities are charged to operating expenses in the accompanying consolidated statements of operations.

In 2020, we entered into a second deferred compensation plan (the "Dominican Plan"), which became effective August 18, 2020 and is a non-qualified deferred compensation plan for certain key employees at our Dominican Republic manufacturing facility.

Under the Dominican Plan, key employees will receive a set dollar amount, as defined in the agreement, at the later of five years following the effective date of the agreement or upon the employee attaining the age of 65. Payments are due within 30 days of the employee's retirement. If the employee terminates their employment, for any reason, prior to their retirement and five years after the effective date of the agreement, the employee is not eligible to receive a payout. The funds are accrued based on service and are not held in an investment or trust account. The total liabilities held under the Dominican Plan were approximately \$0.4 million and \$0.3 million as of December 31, 2024 and December 31, 2023, respectively, and are classified within deferred liabilities in the accompanying consolidated balance sheets.

## 13. TAXES

We use the asset and liability method of accounting for income taxes based on ASC 740, *Accounting for Income Taxes*. Under this method, deferred tax assets and liabilities are based on the differences between the financial statement and tax basis of assets and liabilities using enacted tax rates in effect for the period in which the differences are expected to reverse. Deferred tax assets are reduced by a valuation allowance to the extent management concludes it is more likely than not that the asset will not be realized.

A breakdown of our income tax expense (benefit) for the years ended December 31 is as follows:

<i>(\$ in thousands)</i>	2024	2023	2022
Federal:			
Current	\$ (926)	\$ 3,877	\$ 5,993
Deferred	2,337	(977)	(1,417)
Total federal	1,411	2,900	4,576
State & local:			
Current	140	262	1,415
Deferred	148	123	(247)
Total state & local	288	385	1,168
Foreign			
Current	878	106	182
Deferred	94	337	(623)
Total foreign	972	443	(441)
Total	<u>\$ 2,671</u>	<u>\$ 3,728</u>	<u>\$ 5,303</u>

[Table of Contents](#)

A reconciliation of recorded federal income tax expense to the expected expense computed by applying the applicable federal statutory rate for all periods to income before income taxes follows:

(\$ in thousands)	Year Ended December 31,		
	2024	2023	2022
Expected expense at statutory rate	\$ 2,947	\$ 2,975	\$ 5,414
Increase (decrease) in income taxes resulting from:			
Tax on repatriated earnings from foreign operations	399	190	316
State and local income taxes	227	407	734
Tax rate differential effect of foreign operations	230	106	160
Permanent differences	165	69	11
Change in valuation allowance	(200)	355	-
Provision to return filing adjustments and other	(117)	329	(352)
Foreign tax credit	(468)	(227)	(348)
Exempt income from Dominican Republic operations due to tax holiday	(512)	(476)	(632)
Total	\$ 2,671	\$ 3,728	\$ 5,303

Deferred income taxes recorded in the Consolidated Balance Sheets at December 31, 2024 and 2023 consisted of the following:

(\$ in thousands)	2024	2023
Deferred tax assets:		
Inventories	\$ 3,640	\$ 2,428
Lease assets	1,252	1,853
Asset valuation allowances and accrued expenses	957	967
Transaction costs	608	684
Net operating losses	318	866
163(J) Interest limitation	262	4,644
State and local income taxes	195	305
Pension and deferred compensation	56	54
Total deferred tax assets	7,288	11,801
Valuation allowances	(155)	(355)
Total deferred tax assets	7,133	11,446
Deferred tax liabilities:		
Intangible assets	11,908	11,713
Fixed assets	3,231	4,166
Lease liabilities	1,195	1,786
Other assets	587	748
Tollgate tax on Lifestyle earnings	228	228
State and local income taxes	28	280
Total deferred tax liabilities	17,177	18,921
Net deferred tax liability	\$ 10,044	\$ 7,475

The valuation allowance as of December 31, 2024 is related to certain foreign income tax net operating loss carry forwards.

We have provided Puerto Rico tollgate taxes on approximately \$3.7 million of accumulated undistributed earnings of Lifestyle prior to the fiscal year ended June 30, 1994, that would be payable if such earnings were repatriated to the United States. In 2001, we received abatement for Puerto Rico tollgate taxes on all earnings subsequent to June 30, 1994; thus no other provision for tollgate tax has been made on earnings after that date. If we repatriate the earnings from Lifestyle, \$0.2 million of tollgate tax would be due as of December 31, 2024.

We are subject to tax examinations in various taxing jurisdictions. The earliest exam years open for examination are as follows:

	Earliest Exam Year
Taxing authority jurisdiction:	
U.S. federal	2021
Various U.S. states	2020
Puerto Rico (U.S. territory)	2019
Canada	2019
China	2021
Mexico	2021
United Kingdom	2022
Australia	2022

Our policy is to accrue interest and penalties on any uncertain tax position as a component of income tax expense. As of December 31, 2024, no such expenses were recognized during the year. We do not believe there will be any material changes in our uncertain tax positions over the next 12 months.

Accounting for uncertainty in income taxes requires financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements. Under this guidance, income tax positions must meet a more-likely-than-not recognition threshold at the effective date to be recognized upon the adoption of the standard. We did not have any unrecognized tax benefits and there was no effect on our financial condition or results of operations.

## 14. SHAREHOLDERS' EQUITY

### Preferred Shares

The Company has authorized 250,000 shares of voting preferred stock with no par value. No shares are issued or outstanding. Also, the Company has authorized 250,000 shares of non-voting preferred stock with no par value. Of these, 125,000 shares have been designated Series A non-voting convertible preferred stock with a stated value of \$0.06 per share, of which no shares are issued or outstanding at December 31, 2024 and 2023.

## 15. SHARE-BASED COMPENSATION

On May 7, 2014, our shareholders approved the 2014 Omnibus Incentive Plan and in May 2021 this plan was amended as our shareholders authorized an additional 600,000 shares (as amended, the "2014 Plan"). The 2014 Plan includes 1,100,000 of our common shares that may be granted under various types of awards as described in the 2014 Plan. As of December 31, 2023, we were authorized to issue 502,325 shares under the 2014 Plan.

On June 5, 2024, our shareholders approved the 2024 Omnibus Incentive Plan. The purpose of the 2024 Plan was to authorize shares to be available for grant upon expiration of the 2014 Plan and to make other design changes based on recent corporate governance and other trends. We carried over 472,862 shares that remained available under the 2014 Plan and our shareholders authorized an additional 27,138 shares for the 2024 Plan for a total of 500,000 shares eligible for grant under the 2024 Plan. As of December 31, 2024, we were authorized to issue 504,267 shares under the 2024 Plan.

During the years ended December 31, 2024 and 2023, and 2022 we issued 19,364 shares, 34,418 shares and 10,762 shares of common stock to members of our Board of Directors, respectively.

### Stock Options

There were no options granted for the year ended December 31, 2024 and 2023. The following table presents the weighted average assumptions used in the option-pricing model at the grant date for options granted during the year ended December 31:

	2022
Assumptions:	
Risk-free interest rate	0.82%
Expected dividend yield	2.15%
Expected volatility of Rocky's common stock	54.70%
Expected option term (years)	5.1
Weighted-average grant date fair value per share	\$ 12.85

For the years ended December 31, 2024 and 2023, we recognized share-based compensation expense and the corresponding tax benefit as follows:

<i>(\$ in thousands)</i>	2024	2023	2022
Share-based compensation expense	\$ 1,294	\$ 1,244	\$ 1,230
Tax benefit	220	302	221

[Table of Contents](#)

The following summarizes stock option activity for the year ended December 31, 2024:

<i>(\$ amounts are per share)</i>	Shares	Weighted Average Exercise Price	Weighted Average Remaining Actual Term	Aggregate Intrinsic Value
Options outstanding at January 1, 2024	265,086	\$ 38.92		
Issued	-	-		
Exercised	(21,700)	27.62		
Forfeited or expired	(43,686)	32.59		
Options outstanding at December 31, 2024	<u>199,700</u>	<u>\$ 28.82</u>	<u>10.7</u>	<u>\$ 256,226</u>
Expected to vest	<u>34,700</u>	<u>\$ 33.95</u>	<u>14.2</u>	<u>\$ -</u>
Exercisable at December 31, 2024	<u>165,000</u>	<u>\$ 27.74</u>	<u>9.9</u>	<u>\$ 256,226</u>

For the years ended December 31, 2024, 2023 and 2022, cash received for the exercise of stock options was approximately \$0.6 million, \$1.0 million, and \$0.5 million, respectively.

**Restricted Stock Units**

The following table summarizes the status of the Company's restricted stock units and activity as of December 31, 2024:

<i>(\$ amounts are per share)</i>	Restricted Stock Units	
	Quantity	Weighted-Average Grant Date Fair Value Per Share
Nonvested at January 1, 2024	32,412	\$ 23.49
Granted	24,680	30.18
Vested	(651)	12.79
Forfeited	(3,018)	26.50
Nonvested at December 31, 2024	<u>53,423</u>	<u>\$ 26.54</u>

As of December 31, 2024, the total unrecognized compensation cost related to non-vested stock options and restricted stock units was approximately \$1.0 million with a weighted-average expense recognition period of 1.6 years.

**16. EARNINGS PER SHARE**

Basic earnings per share ("EPS") is computed by dividing net income applicable to common shareholders by the weighted average number of common shares outstanding during each period. The diluted earnings per share computation includes common share equivalents, when dilutive.

A reconciliation of the shares used in the basic and diluted income per common share computation for the years ended December 31, as follows:

<i>(shares in thousands)</i>	Twelve Months Ended December 31,		
	2024	2023	2022
Basic - weighted average shares outstanding	<u>7,437</u>	<u>7,363</u>	<u>7,317</u>
Dilutive restricted share units	23	5	-
Dilutive stock options	20	13	52
Diluted - weighted average shares outstanding	<u>7,480</u>	<u>7,381</u>	<u>7,369</u>
Anti-dilutive securities	<u>120</u>	<u>229</u>	<u>162</u>

## 17. REVENUE

### Nature of Performance Obligations

Our products are distributed through three distinct channels, which represent our business segments: Wholesale, Retail and Contract Manufacturing. In our Wholesale business, we distribute our products through a wide range of distribution channels representing over 10,000 retail store locations in the U.S., the U.K. and other international markets such as Europe. Our Wholesale channels vary by product line and include sporting goods stores, outdoor retailers, independent shoe retailers, hardware stores, catalogs, mass merchants, uniform stores, farm store chains, specialty safety stores, specialty retailers and online retailers. Our Retail business includes direct sales of our products to consumers through our business-to-business web platform, e-Commerce websites, third-party marketplaces and our Rocky Outdoor Gear Store. Our Contract Manufacturing segment includes sales to the U.S. Military, private label sales and any sales to customers in which we are contracted to manufacture or source a specific footwear product for a customer.

### Significant Accounting Policies and Judgements

Revenue is recognized when the performance obligations under the terms of a contract with our customer are satisfied. The performance obligation is satisfied, and revenue is recorded when control passes to the customer which is generally upon shipment to the customer or at the time of sale for our retail store customers. Revenue is measured as the amount of consideration we expect to receive in exchange for the transfer of our products, which is the net sales price.

The net sales price includes estimates of variable consideration for which reserves are established. Components of variable consideration include discounts and allowances, customer rebates, markdowns, and product returns. These reserves are based on the amounts earned, or to be claimed, on the related sales of our products.

Elements of variable consideration including discounts and allowances and rebates are determined at contract inception and are reassessed at each reporting date, at a minimum, to reflect any change in the types of variable consideration offered to the customer. We determine estimates of variable consideration based on evaluations of each type of variable consideration and customer contract, historical and anticipated trends, and current economic conditions. Overall, these reserves reflect our best estimates of the amount of consideration to be earned on the related sales. Actual amounts of consideration ultimately received may differ from our estimates. If actual results in the future vary from our estimates, we will adjust these estimates, which would affect net revenue and earnings in the period such variances become known.

Our estimated sales returns are based on historical customer return data and known or anticipated returns not yet received from customers. Actual returns in any future period are inherently uncertain and thus may differ from estimates recorded. If actual or expected future returns are significantly higher or lower than the established reserves, a reduction or increase to net revenues is recorded in the period in which the determination is made.

Current contract receivables represent contractual minimum payments required under non-cancellable contracts with the U.S. Military and other customers with a duration of one year or less.

Current contract liabilities are performance obligations that we expect to satisfy or relieve within the next twelve months, advance consideration obtained prior to satisfying a performance obligation, or unconditional obligations to provide goods or services under non-cancellable contracts before the transfer of goods or services to the customer has occurred. Our contract liability represents unconditional obligations to provide goods under non-cancellable contracts with the U.S. Military and other customers.

As of December 31, 2024, there are no contract receivable or contract liability balances outstanding.

[Table of Contents](#)

Taxes assessed by a governmental authority that are both imposed on, and concurrent with, a specific revenue producing transaction, that are collected from customers, are excluded from revenue.

Costs associated with our manufacturer's warranty are recognized as expense when the products are sold.

Shipping and handling costs associated with outbound freight after control over a product has transferred to a customer are accounted for as a fulfillment cost and are included in operating expenses. All shipping costs billed to customers have been included in net sales.

**Contract Liabilities**

The following table provides information about contract liabilities from contracts with our customers.

<i>(\$ in thousands)</i>	December 31, 2024	December 31, 2023
Contract liabilities	\$ -	\$ 927

Significant changes in the contract liabilities balance during the period are as follows:

<i>(\$ in thousands)</i>	Contract liabilities
Balance, December 31, 2023	927
Non-cancelable contracts with customers entered into during the period	\$ -
Revenue recognized related to non-cancelable contracts with customers during the period	(927)
Balance, December 31, 2024	\$ -

**Disaggregation of Revenue**

All revenues are recognized at a point in time when control of our products pass to the customer at point of shipment or point of sale for retail store customers. Because all revenues are recognized at a point in time and are disaggregated by channel, our segment disclosures are consistent with disaggregation requirements. See [Note 19 - Segment Information](#) for segment disclosures.

## 18. SUPPLEMENTAL CASH FLOW INFORMATION

Supplemental cash flow for the years ended December 31, as follows:

(\$ in thousands)	Twelve Months Ended December 31,		
	2024	2023	2022
Interest paid	\$ 16,170	\$ 13,302	\$ 17,501
Federal, state, and local income taxes paid, net	\$ (1,912)	\$ 6,656	\$ 1,930
Property, plant, and equipment purchases in accounts payable	\$ 484	\$ 881	\$ 976

## 19. SEGMENT INFORMATION

**Reportable Segments** - We have identified three reportable segments: Wholesale, Retail and Contract Manufacturing.

**Wholesale.** In our Wholesale segment, our products are offered in over 10,000 retail locations representing a wide range of distribution channels in the U.S., U.K. and other international markets, mainly in Europe. These distribution channels vary by product line and target market and include sporting goods stores, outdoor retailers, independent shoe retailers, hardware stores, catalogs, mass merchants, uniform stores, farm store chains, specialty safety stores, specialty retailers and online retailers.

**Retail.** In our Retail segment, we market directly to consumers through our Lehigh business-to-business including direct sales and through our CustomFit websites, consumer e-Commerce websites, third-party marketplaces, and our Rocky Outdoor Gear Store. Through our outdoor gear store, we generally sell first quality or discontinued products in addition to a limited amount of factory damaged goods, which typically carry lower gross margins.

**Contract Manufacturing.** In our Contract Manufacturing segment, we include sales to the U.S. Military, private label sales and any sales to customers in which we are contracted to manufacture or source a specific footwear product for a customer.

Our Chief Operating Decision Maker ("CODM") is our Chief Executive Officer (CEO), who evaluates operating results and performance based on net sales and gross margin. Our CODM also uses results of net sales and gross margin to evaluate segment performance and allocate resources as the primary metrics for overall segment evaluation. Operating expenses such as warehousing, distribution, marketing and other key activities supporting our operations are integrated to maximize efficiency and productivity; therefore, we do not include these expenses within our segment results, but instead review them at the consolidated level.

The following is a summary of segment results for the Wholesale, Retail, and Contract Manufacturing segments for the years ended December 31:

(\$ in thousands)	Year Ended December 31,		
	2024	2023	2022
<b>NET SALES:</b>			
Wholesale	\$ 313,340	\$ 337,019	\$ 484,779
Retail	126,868	116,960	115,354
Contract Manufacturing	13,564	7,854	15,342
Total Net Sales	\$ 453,772	\$ 461,833	\$ 615,475
<b>COST OF GOODS SOLD:</b>			
Wholesale	\$ 196,095	\$ 217,534	\$ 319,720
Retail	66,715	58,569	57,537
Contract Manufacturing	11,952	7,132	12,999
Total Cost of Goods Sold	\$ 274,762	\$ 283,235	\$ 390,256
<b>GROSS MARGIN:</b>			
Wholesale	\$ 117,245	\$ 119,485	\$ 165,059
Retail	60,153	58,391	57,817
Contract Manufacturing	1,612	722	2,343
Total Gross Margin	\$ 179,010	\$ 178,598	\$ 225,219

Segment asset information is not prepared or used to assess segment performance.

**Product Line Information** - The following is supplemental information on net sales by product line for the years ended December 31:

<i>(\$ in thousands)</i>	2024	% of Sales	2023	% of Sales	2022	% of Sales
Work footwear	\$ 190,349	41.9%	\$ 198,096	42.9%	\$ 256,162	41.6%
Outdoor footwear	130,222	28.7	130,424	28.2	183,121	29.8
Western	82,639	18.2	70,374	15.2	108,697	17.7
Duty and commercial military footwear	34,547	7.6	50,482	10.9	46,177	7.5
Military footwear	11,275	2.5	7,999	1.7	15,342	2.5
Other	4,740	1.0	4,458	1.0	5,976	1.0
	<u>\$ 453,772</u>	<u>100.0%</u>	<u>\$ 461,833</u>	<u>100.0%</u>	<u>\$ 615,475</u>	<u>100.0%</u>

Net sales to foreign countries represented approximately 3.2% of net sales in 2024, 5.1% of net sales in 2023 and 6.2% of net sales in 2022.

The net book value of fixed assets located outside of the U.S. totaled \$11.2 million at December 31, 2024, of which approximately \$3.7 million resides in the Dominican Republic and approximately \$7.5 million resides in China.

## 20. COMMITMENTS AND CONTINGENCIES

### *Litigation*

The Company is involved in legal proceedings in the ordinary course of business. Unless otherwise stated, we believe that the likelihood of the resolution being materially adverse to our financial statements is remote and as such have not recorded any contingent liabilities within the accompanying Consolidated Financial Statements.

### *Gain Contingency*

In June 2022, we became aware of a misclassification of Harmonized Tariff Schedule (HTS) codes filed with the U.S. Customs and Border Protection (U.S. Customs) on certain products imported into the U.S. during 2021 and 2022. As a result of the misclassification of HTS codes we have paid duties in excess of the required amount. We are in the process of filing multiple post summary corrections with U.S. Customs to seek refunds of duties paid in excess of the correct HTS codes. We have the potential to recover the total amount of overpaid duties resulting in a potential refund of approximately \$7.7 million, of which we have received \$5.1 million to date. No refunds were received for the twelve months ended December 31, 2024, \$1.9 million was received during the year ended December 31, 2023 and \$3.2 million was received during the year ended December 31, 2022. We are accounting for these post summary corrections as a gain contingency, and as such have not recorded these potential refunds within the accompanying consolidated balance sheet due to uncertainty of collection. Refunds received will be recognized as a reduction to the cost of goods sold when, and if, the refunds are received.

## 21. SUBSEQUENT EVENTS

### Repurchase of Common Stock

On February 24, 2025, Rocky Brands announced that its Board of Directors has approved a new share repurchase program of up to \$7,500,000 of the Company's outstanding common stock, no par value per share. This repurchase program replaces the previous repurchase program authorized by the Board of Directors that expired on March 4, 2022.

### Dividends Declared

On February 18, 2025, Rocky Brands announced that its board of directors declared a quarterly cash dividend of \$0.155 per share of outstanding common stock, to be paid on March 17, 2025 to all shareholders of record as of the close of business on March 3, 2025. The declaration and payment of future dividends and the establishment of future record dates and payment dates are subject to the quarterly determination of the board of directors.

## ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

## ITEM 9A. CONTROLS AND PROCEDURES.

### Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, our management carried out an evaluation, with the participation of our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended). Based upon that evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.

### Changes in Internal Control over Financial Reporting

There have been no material changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) promulgated under the Exchange Act) during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

### Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rule 13a-15(f) under the Exchange Act. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Under the supervision and with the participation of our principal executive officer and principal financial officer, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in Internal Control-Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) as of December 31, 2024. The scope of management's assessment of the effectiveness of internal control over financial reporting includes all of our businesses. Based upon that evaluation under the framework in Internal Control – Integrated Framework (2013), our management concluded that our internal control over financial reporting was effective as of December 31, 2024. Deloitte & Touche LLP, our independent registered public accounting firm has issued an attestation report on the effectiveness of our internal controls over financial reporting which is included within this report.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the shareholders and the Board of Directors of Rocky Brands, Inc.

### ***Opinion on Internal Control over Financial Reporting***

We have audited the internal control over financial reporting of Rocky Brands, Inc. and subsidiaries (the "Company") as of December 31, 2024, based on criteria established in *Internal Control—Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2024, based on criteria established in *Internal Control—Integrated Framework (2013)* issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements as of and for the year ended December 31, 2024, of the Company and our report dated March 17, 2025 expressed an unqualified opinion on those financial statements.

### ***Basis for Opinion***

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

### ***Definition and Limitations of Internal Control over Financial Reporting***

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Rocky Brands, Inc.**  
**PSU Agreement**

This PSU Agreement (this “**Agreement**”) is made and entered into as of \_\_\_\_\_ (the “**Grant Date**”) by and between Rocky Brands, Inc., an Ohio corporation (the “**Company**”) and \_\_\_\_\_ (the “**Grantee**”).

**WHEREAS**, the Company has adopted the 2024 Omnibus Incentive Plan (the “**Plan**”) pursuant to which PSUs may be granted; and

**WHEREAS**, the Committee has determined that it is in the best interests of the Company and its shareholders to grant the award of PSUs provided for herein.

NOW, THEREFORE, the parties hereto, intending to be legally bound, agree as follows:

1. **Grant of Performance Share Units.** Pursuant to Article X of the Plan, the Company hereby grants to the Grantee an Award for a maximum of \_\_\_\_\_ Performance Share Units (the “**PSUs**”) represents the right to receive one share of Common Stock, subject to the terms and conditions set forth in this Agreement and the Plan. The number of PSUs that the Grantee actually earns for the Performance Period (up to a maximum of \_\_\_\_\_ will be determined by the level of achievement of the Performance Goal(s) in accordance with **Exhibit 1** attached hereto. Capitalized terms that are used but not defined herein have the meanings ascribed to them in the Plan.

2. **Performance Period.** For purposes of this Agreement, the term “Performance Period” shall be the period commencing on \_\_\_\_\_ and ending on \_\_\_\_\_.

3. **Performance Goal(s).**

3.1 The number of PSUs earned by the Grantee for the Performance Period will be determined at the end of the Performance Period based on the level of achievement of the Performance Goal(s) in accordance with Exhibit 1. All determinations of whether Performance Goals have been achieved, the number of PSUs earned by the Grantee, and all other matters related to this **Section 3** shall be made by the Committee in its sole discretion.

3.2 Promptly following completion of the Performance Period, the Committee will review and certify in writing (a) whether, and to what extent, the Performance Goal(s) for the Performance Period has/have been achieved, and (b) the number of PSUs that the Grantee shall earn, if any, subject to compliance with the requirements of **Section 4**. Such certification shall be final, conclusive and binding on the Grantee, and on all other persons, to the maximum extent permitted by law.

---

4. Vesting of Performance Share Units. The PSUs are subject to forfeiture until they vest. Except as otherwise provided herein, the PSUs will vest and become nonforfeitable on the date the Committee certifies the achievement of the Performance Goal(s) in accordance with Section 3.2, subject to (a) the achievement of the minimum threshold Performance Goal(s) for payout set forth in Exhibit I attached hereto, and (b) unless otherwise determined by the Committee in its sole discretion, the Grantee's Continuous Service from the Grant Date through the last day of the Performance Period. The number of PSUs that vest and become payable under this Agreement shall be determined by the Committee based on the level of achievement of the Performance Goal(s) set forth in Exhibit I and shall be rounded to the nearest whole PSU.

5. Termination of Continuous Service. Except as otherwise expressly provided in this Agreement, and unless otherwise determined in the Committee's sole discretion, if the Grantee's Continuous Service terminates for any reason at any time before all of his or her PSUs have vested, the Grantee's unvested PSUs shall be automatically forfeited upon such termination of Continuous Service and neither the Company nor any Affiliate shall have any further obligations to the Grantee under this Agreement.

6. Payment of Performance Share Units. Payment in respect of the PSUs earned for the Performance Period shall be made in shares of Common Stock and shall be issued to the Grantee as soon as practicable following the vesting date. The Company shall (a) issue and deliver to the Grantee the number of shares of Common Stock equal to the number of vested PSUs, and (b) enter the Grantee's name on the books of the Company as the shareholder of record with respect to the shares of Common Stock delivered to the Grantee.

7. Transferability. Subject to any exceptions set forth in this Agreement or the Plan, the PSUs or the rights relating thereto may not be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by the Grantee, except by will or the laws of descent and distribution, and upon any such transfer by will or the laws of descent and distribution, the transferee shall hold such PSUs subject to all of the terms and conditions that were applicable to the Grantee immediately prior to such transfer.

8. Rights as Shareholder.

8.1 The Grantee shall not have any rights of a shareholder with respect to the shares of Common Stock underlying the PSUs, including, but not limited to, voting rights.

8.2 Upon and following the vesting of the PSUs and the issuance of shares, the Grantee shall be the record owner of the shares of Common Stock underlying the PSUs unless and until such shares are sold or otherwise disposed of, and as record owner shall be entitled to all rights of a shareholder of the Company (including voting and dividend rights).

9. No Right to Continued Service. Neither the Plan nor this Agreement shall confer upon the Grantee any right to be retained in any position, as an Employee, Consultant or Director of the Company. Further, nothing in the Plan or this Agreement shall be construed to limit the discretion of the Company to terminate the Grantee's Continuous Service at any time, with or without Cause.

10. Adjustments. If any change is made to the outstanding Common Stock or the capital structure of the Company, if required, the PSUs shall be adjusted or terminated in any manner as contemplated by Section 4.4 of the Plan.

11. Tax Liability and Withholding.

11.1 The Grantee shall be required to pay to the Company, and the Company shall have the right to deduct from any compensation paid to the Grantee pursuant to the Plan, the amount of any required withholding taxes in respect of the PSUs and to take all such other action as the Committee deems necessary to satisfy all obligations for the payment of such withholding taxes. The Committee may permit the Grantee to satisfy any federal, state or local tax withholding obligation by any of the following means, or by a combination of such means:

(a) tendering a cash payment;

(b) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable or deliverable to the Grantee as a result of the vesting of the PSUs; *provided, however*, that no shares of Common Stock shall be withheld with a value exceeding the minimum amount of tax required to be withheld by law; or

(c) delivering to the Company previously owned and unencumbered shares of Common Stock.

11.2 Notwithstanding any action the Company takes with respect to any or all income tax, social insurance, payroll tax, or other tax-related withholding ("**Tax-Related Items**"), the ultimate liability for all Tax-Related Items is and remains the Grantee's responsibility and the Company (a) makes no representation or undertakings regarding the treatment of any Tax-Related Items in connection with the grant, vesting or settlement of the PSUs or the subsequent sale of any shares, and (b) does not commit to structure the PSUs to reduce or eliminate the Grantee's liability for Tax-Related Items.

12. Forfeiture Conditions. Notwithstanding the foregoing, in the event of termination of Service for Cause, (i) any unvested Restricted Stock Units shall be forfeited immediately, and (ii) if shares of Common Stock have been delivered to the Grantee in settlement of Vested Units, then the shares of Common Stock so issued shall be forfeited and returned to the Company.

13. Compliance with Law. The issuance and transfer of shares of Common Stock in connection with the PSUs shall be subject to compliance by the Company and the Grantee with all applicable requirements of federal and state securities laws and with all applicable requirements of any stock exchange on which the Company's shares of Common Stock may be listed. No shares of Common Stock shall be issued or transferred unless and until any then applicable requirements of state and federal laws and regulatory agencies have been fully complied with to the satisfaction of the Company and its counsel.
14. Notices. Any notice required to be delivered to the Company under this Agreement shall be in writing and addressed to the Chief Financial Officer of the Company at the Company's principal corporate offices. Any notice required to be delivered to the Grantee under this Agreement shall be in writing and addressed to the Grantee at the Grantee's address as shown in the records of the Company. Either party may designate another address in writing (or by such other method approved by the Company) from time to time.
15. Governing Law. This Agreement will be construed and interpreted in accordance with the laws of the State of Ohio without regard to conflict of law principles.
16. Interpretation. Any dispute regarding the interpretation of this Agreement shall be submitted by the Grantee or the Company to the Committee for review. The resolution of such dispute by the Committee shall be final and binding on the Grantee and the Company.
17. Performance Share Units Subject to Plan. This Agreement is subject to the Plan as approved by the Company's shareholders. The terms and provisions of the Plan as it may be amended from time to time are hereby incorporated herein by reference. In the event of a conflict between any term or provision contained herein and a term or provision of the Plan, the applicable terms and provisions of the Plan will govern and prevail.
18. Successors and Assigns. The Company may assign any of its rights under this Agreement. This Agreement will be binding upon and inure to the benefit of the successors and assigns of the Company. Subject to the restrictions on transfer set forth herein, this Agreement will be binding upon the Grantee and the Grantee's beneficiaries, executors, administrators and the person(s) to whom the PSUs may be transferred by will or the laws of descent or distribution.
19. Severability. The invalidity or unenforceability of any provision of the Plan or this Agreement shall not affect the validity or enforceability of any other provision of the Plan or this Agreement, and each provision of the Plan and this Agreement shall be severable and enforceable to the extent permitted by law.
20. Discretionary Nature of Plan. The Plan is discretionary and may be amended, cancelled or terminated by the Company at any time, in its discretion. The grant of the PSUs in this Agreement does not create any contractual right or other right to receive any PSUs or other Awards in the future. Future Awards, if any, will be at the sole discretion of the Company. Any amendment, modification, or termination of the Plan shall not constitute a change or impairment of the terms and conditions of the Grantee's employment with the Company.

21. Amendment. The Committee has the right to amend, alter, suspend, discontinue or cancel the PSUs, prospectively or retroactively; *provided, that*, no such amendment shall adversely affect the Grantee's material rights under this Agreement without the Grantee's consent.

22. Section 409A. This Agreement is intended to comply with Section 409A of the Code or an exemption thereunder and shall be construed and interpreted in a manner that is consistent with the requirements for avoiding additional taxes or penalties under Section 409A of the Code. Notwithstanding the foregoing, the Company makes no representations that the payments and benefits provided under this Agreement comply with Section 409A of the Code and in no event shall the Company be liable for all or any portion of any taxes, penalties, interest or other expenses that may be incurred by the Grantee on account of non-compliance with Section 409A of the Code.

23. No Impact on Other Benefits. The value of the Grantee's PSUs is not part of his or her normal or expected compensation for purposes of calculating any severance, retirement, welfare, insurance or similar employee benefit.

24. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument. Counterpart signature pages to this Agreement transmitted by facsimile transmission, by electronic mail in portable document format (.pdf), or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing an original signature.

25. Acceptance. The Grantee hereby acknowledges receipt of a copy of the Plan and this Agreement. The Grantee has read and understands the terms and provisions thereof, and accepts the PSUs subject to all of the terms and conditions of the Plan and this Agreement. The Grantee acknowledges that there may be adverse tax consequences upon the vesting or settlement of the PSUs or disposition of the underlying shares and that the Grantee has been advised to consult a tax advisor prior to such vesting, settlement or disposition.

[Grantee Name]

**EXHIBIT 1**

**Rocky Brands, Inc.  
Restricted Stock Unit Agreement**

This Restricted Stock Unit Agreement (this “**Agreement**”) is made and entered into as of \_\_\_\_\_ (the “**Grant Date**”) by and between Rocky Brands, Inc., an Ohio corporation (the “**Company**”) and \_\_\_\_\_ (the “**Grantee**”).

**WHEREAS**, the Company has adopted the 2024 Omnibus Incentive Plan (the “**Plan**”) pursuant to which awards of Restricted Stock Units may be granted; and

**WHEREAS**, the Committee has determined that it is in the best interests of the Company and its shareholders to grant the award of Restricted Stock Units provided for herein.

NOW, THEREFORE, the parties hereto, intending to be legally bound, agree as follows:

1. Grant of Restricted Stock Units.

1.1 Pursuant to Article VIII of the Plan, the Company hereby issues to the Grantee on the Grant Date an Award consisting of, in the aggregate, \_\_\_\_\_ Restricted Stock Units (the “**RSUs**”). Each RSU represents the right to receive one share of Common Stock, subject to the terms and conditions set forth in this Agreement and the Plan. Capitalized terms that are used but not defined herein have the meaning ascribed to them in the Plan.

1.2 The RSUs shall be credited to a separate account maintained for the Grantee on the books and records of the Company (the “**Account**”). All amounts credited to the Account shall continue for all purposes to be part of the general assets of the Company.

2. Consideration. The grant of the RSUs is made in consideration of the services to be rendered by the Grantee to the Company.

3. Vesting.

3.1 Except as otherwise provided herein, provided that the Grantee remains in Continuous Service through the applicable vesting date, the RSUs will vest in accordance with the following schedule (the period during which restrictions apply, the “**Restricted Period**”):

<b>Vesting Date</b>	<b>Total Percentage of Restricted Stock Units</b>
[Date]	25%
[Date]	50%
[Date]	75%
[Date]	100%

---

Once vested, the RSUs become “**Vested Units.**”

3.2 The foregoing vesting schedule notwithstanding, and unless determined otherwise in the Committee’s sole discretion, if the Grantee’s Service terminates for any reason at any time before all of his or her RSUs have vested, the Grantee’s unvested RSUs shall be automatically forfeited upon such termination of Service and neither the Company nor any Affiliate shall have any further obligations to the Grantee under this Agreement.

4. Restrictions. Subject to any exceptions set forth in this Agreement or the Plan, during the Restricted Period and until such time as the RSUs are settled in accordance with **Section 6**, the RSUs or the rights relating thereto may not be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by the Grantee. Any attempt to assign, alienate, pledge, attach, sell or otherwise transfer or encumber the RSUs or the rights relating thereto shall be wholly ineffective and, if any such attempt is made, the RSUs will be forfeited by the Grantee and all of the Grantee’s rights to such units shall immediately terminate without any payment or consideration by the Company.

5. Rights as Shareholder.

5.1 The Grantee shall not have any rights of a shareholder with respect to the shares of Common Stock underlying the RSUs unless and until the RSUs vest and are settled by the issuance of such shares of Common Stock.

5.2 Upon and following the settlement of the RSUs, the Grantee shall be the record owner of the shares of Common Stock underlying the RSUs unless and until such shares are sold or otherwise disposed of, and as record owner shall be entitled to all rights of a shareholder of the Company (including voting rights).

6. Settlement of Restricted Stock Units.

6.1 Subject to **Section 9** hereof, promptly following the vesting date, issue and deliver to the Grantee the number of shares of Common Stock equal to the number of Vested Units.

6.2 If the Grantee is deemed a “specified employee” within the meaning of Section 409A of the Code, as determined by the Committee, at a time when the Grantee becomes eligible for settlement of the RSUs upon his “separation from service” within the meaning of Section 409A of the Code, then to the extent necessary to prevent any accelerated or additional tax under Section 409A of the Code, such settlement will be delayed until the earlier of: (a) the date that is six months following the Grantee’s separation from service and (b) the Grantee’s death.

7. No Right to Continued Service. Neither the Plan nor this Agreement shall confer upon the Grantee any right to be retained in any position, as an Employee, Consultant or Director of the Company. Further, nothing in the Plan or this Agreement shall be construed to limit the discretion of the Company to terminate the Grantee's Service at any time, with or without Cause.

8. Adjustments. If any change is made to the outstanding Common Stock or the capital structure of the Company, if required, the RSUs shall be adjusted or terminated in any manner as contemplated by Section 4.4 of the Plan.

9. Tax Liability and Withholding.

9.1 The Grantee shall be required to pay to the Company, and the Company shall have the right to deduct from any compensation paid to the Grantee pursuant to the Plan, the amount of any required withholding taxes in respect of the RSUs and to take all such other action as the Committee deems necessary to satisfy all obligations for the payment of such withholding taxes. The Committee may permit the Grantee to satisfy any federal, state or local tax withholding obligation by any of the following means, or by a combination of such means:

(a) tendering a cash payment.

(b) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable or deliverable to the Grantee as a result of the vesting of the RSUs; *provided, however*, that no shares of Common Stock shall be withheld with a value exceeding the minimum amount of tax required to be withheld by law.

(c) delivering to the Company previously owned and unencumbered shares of Common Stock.

9.2 Notwithstanding any action the Company takes with respect to any or all income tax, social insurance, payroll tax, or other tax-related withholding ("**Tax-Related Items**"), the ultimate liability for all Tax-Related Items is and remains the Grantee's responsibility and the Company (a) makes no representation or undertakings regarding the treatment of any Tax-Related Items in connection with the grant, vesting or settlement of the RSUs or the subsequent sale of any shares; and (b) does not commit to structure the RSUs to reduce or eliminate the Grantee's liability for Tax-Related Items.

10. Forfeiture Conditions. Notwithstanding the foregoing, in the event of termination of Service for Cause, (i) any unvested Restricted Stock Units shall be forfeited immediately, and (ii) if shares of Common Stock have been delivered to the Grantee in settlement of Vested Units, then the shares of Common Stock so issued shall be forfeited and returned to the Company.

11. Compliance with Law. The issuance and transfer of shares of Common Stock shall be subject to compliance by the Company and the Grantee with all applicable requirements of federal and state securities laws and with all applicable requirements of any stock exchange on which the Company's shares of Common Stock may be listed. No shares of Common Stock shall be issued or transferred unless and until any then applicable requirements of state and federal laws and regulatory agencies have been fully complied with to the satisfaction of the Company and its counsel.

12. Notices. Any notice required to be delivered to the Company under this Agreement shall be in writing and addressed to the Chief Financial Officer of the Company at the Company's principal corporate offices. Any notice required to be delivered to the Grantee under this Agreement shall be in writing and addressed to the Grantee at the Grantee's address as shown in the records of the Company. Either party may designate another address in writing (or by such other method approved by the Company) from time to time.
13. Governing Law. This Agreement will be construed and interpreted in accordance with the laws of the State of Ohio without regard to conflict of law principles.
14. Interpretation. Any dispute regarding the interpretation of this Agreement shall be submitted by the Grantee or the Company to the Committee for review. The resolution of such dispute by the Committee shall be final and binding on the Grantee and the Company.
15. Restricted Stock Units Subject to Plan. This Agreement is subject to the Plan as approved by the Company's shareholders. The terms and provisions of the Plan as it may be amended from time to time are hereby incorporated herein by reference. In the event of a conflict between any term or provision contained herein and a term or provision of the Plan, the applicable terms and provisions of the Plan will govern and prevail.
16. Successors and Assigns. The Company may assign any of its rights under this Agreement. This Agreement will be binding upon and inure to the benefit of the successors and assigns of the Company. Subject to the restrictions on transfer set forth herein, this Agreement will be binding upon the Grantee and the Grantee's beneficiaries, executors, administrators and the person(s) to whom the RSUs may be transferred by will or the laws of descent or distribution.
17. Severability. The invalidity or unenforceability of any provision of the Plan or this Agreement shall not affect the validity or enforceability of any other provision of the Plan or this Agreement, and each provision of the Plan and this Agreement shall be severable and enforceable to the extent permitted by law.
18. Discretionary Nature of Plan. The Plan is discretionary and may be amended, cancelled or terminated by the Company at any time, in its discretion. The grant of the RSUs in this Agreement does not create any contractual right or other right to receive any RSUs or other Awards in the future. Future Awards, if any, will be at the sole discretion of the Company. Any amendment, modification, or termination of the Plan shall not constitute a change or impairment of the terms and conditions of the Grantee's employment with the Company.

19. Amendment. The Committee has the right to amend, alter, suspend, discontinue or cancel the RSUs, prospectively or retroactively; *provided, that*, no such amendment shall adversely affect the Grantee's material rights under this Agreement without the Grantee's consent.

20. Section 409A. This Agreement is intended to comply with Section 409A of the Code or an exemption thereunder and shall be construed and interpreted in a manner that is consistent with the requirements for avoiding additional taxes or penalties under Section 409A of the Code. Notwithstanding the foregoing, the Company makes no representations that the payments and benefits provided under this Agreement comply with Section 409A of the Code and in no event shall the Company be liable for all or any portion of any taxes, penalties, interest or other expenses that may be incurred by the Grantee on account of non-compliance with Section 409A of the Code.

21. No Impact on Other Benefits. The value of the Grantee's RSUs is not part of his or her normal or expected compensation for purposes of calculating any severance, retirement, welfare, insurance or similar employee benefit.

22. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument. Counterpart signature pages to this Agreement transmitted by facsimile transmission, by electronic mail in portable document format (.pdf), or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing an original signature.

23. Acceptance. The Grantee hereby acknowledges receipt of a copy of the Plan and this Agreement. The Grantee has read and understands the terms and provisions thereof, and accepts the RSUs subject to all of the terms and conditions of the Plan and this Agreement. The Grantee acknowledges that there may be adverse tax consequences upon the vesting or settlement of the RSUs or disposition of the underlying shares and that the Grantee has been advised to consult a tax advisor prior to such vesting, settlement or disposition.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above written.

ROCKY BRANDS, INC.

\_\_\_\_\_

[Name, Title]

GRANTEE

\_\_\_\_\_

[Grantee Name]

**ROCKY BRANDS, INC.  
INCENTIVE STOCK OPTION AGREEMENT  
UNDER THE  
2024 OMNIBUS INCENTIVE PLAN**

Rocky Brands, Inc. (the "Company") hereby grants, effective this \_\_\_ day of \_\_\_\_\_, \_\_\_ (the "Effective Date") to \_\_\_\_\_ (the "Optionee") an Option to purchase \_\_\_ shares of its common stock, without par value (the "Option Shares"), at a price of \$\_\_\_ per share pursuant to the Company's 2014 Omnibus Incentive Plan (the "Plan"), subject to the following:

1. **RELATIONSHIP TO THE PLAN.** This Option is granted pursuant to the Plan, and is in all respects subject to the terms, provisions and definitions of the Plan and any amendments thereto. The Optionee acknowledges receipt of a copy of the Plan and represents that he or she is familiar with the terms and conditions thereof. The Optionee accepts this Option subject to all the terms and provisions of the Plan (including without limitation provisions relating to non-transferability, exercise of the Option, sale of the Option shares, termination of the Option, adjustment of the number of shares subject to the Option, and the exercise price of the Option). The Optionee further agrees that all decisions and interpretations made by the Stock Option Committee (the "Committee"), as established under the Plan, and as from time to time constituted, are final, binding, and conclusive upon the Optionee and his or her heirs. This Option is an Incentive Stock Option under the Plan.

2. **TIME OF EXERCISE.** This Option may be exercised, from time to time, in full or in part, by the Optionee to the extent the Option is vested based upon the number of full years the Optionee is an employee of the Company after the Effective Date (the "Vested Percentage") and shall remain exercisable (subject to the provisions herein and the Plan) until it has been exercised as to all of the Shares or \_\_\_\_\_, 20\_\_, whichever occurs first. The Optionee shall be entitled to exercise this Option to the extent of the percentage of, and not to exceed in the aggregate, the maximum number of the Shares, based upon the Vested Percentage, from time to time, which shall be determined in accordance with the following schedule:

<u>Effective Date</u>	<u>Vested Percentage</u>
[Date]	20%
[Date]	40%
[Date]	60%
[Date]	80%
[Date]	100%

Notwithstanding the foregoing, this Option may not be exercised unless (i) the Option Shares are registered under the Securities Act of 1933, as amended, and are registered or qualified under applicable state securities or "blue sky" laws, or (ii) the Company has received an opinion of counsel to the Company to the effect that the Option may be exercised and Option Shares may be issued by the Company pursuant thereto without such registration or qualification. If this Option is not otherwise exercisable by reason of the foregoing sentence, the Company will take reasonable steps to comply with applicable state and federal securities laws in connection with such issuance.

3. **METHODS OF EXERCISE.** This Option is exercisable by delivery to the Company of written notice of exercise which specifies the number of shares to be purchased and the election of the method of payment therefor, which will be one of the methods of payment specified in Section 6.4 of the Plan. If payment is otherwise than payment in full in cash, the method of payment is subject to the consent of the Committee. Upon receipt of payment for the shares to be purchased pursuant to the Option or, if applicable, the shares to be delivered pursuant to the election of an alternative payment method, the Company will deliver or cause to be delivered to the Optionee, to any other person exercising this Option, or to a broker or dealer if the method of payment specified in clause (ii) of Section 6.4 of the Plan is elected, a certificate or certificates for the number of shares with respect to which this Option is being exercised, registered in the name of the Optionee or other person exercising the Option, or if appropriate, in the name of such broker or dealer; provided, however, that if any law or regulation or order of the Securities and Exchange Commission or other body having jurisdiction over the exercise of this Option will require the Company or Optionee (or other person exercising this Option) to take any action in connection with the shares then being purchased, the delivery of the certificate or certificates for such shares may be delayed for the period necessary to take and complete such action.

4. **ACQUISITION FOR INVESTMENT.** This Option is granted on the condition that the acquisition of the Option Shares hereunder will be for the account of the Optionee (or other person exercising this Option) for investment purposes and not with a view to resale or distribution, except that such condition will be inoperative if the Option Shares are registered under the Securities Act of 1933, as amended, or if in the opinion of counsel for the Company such shares may be resold without registration. At the time of any exercise of the Option, the Optionee (or other person exercising this Option) will execute such further agreements as the Company may require to implement the foregoing condition and to acknowledge the Optionee's (or such other person's) familiarity with restrictions on the resale of the Option Shares under applicable securities laws.

5. **DISPOSITION OF SHARES.** The Optionee or any other person who may exercise this Option will notify the Company within seven (7) days of any sale or other transfer of any Option Shares, and the Company may place a legend on the Option Shares to such effect. If any class of equity securities of the Company is registered pursuant to section 12 of the Securities Exchange Act of 1934, as amended, and the Optionee or any other person who may exercise this Option is subject to section 16 of that Act by virtue of such Optionee's or person's relationship to the Company, the Optionee or other person exercising this Option agrees not to sell or otherwise dispose of any Option Shares unless at least six (6) months have elapsed from the Effective Date.

6. **WITHHOLDING.** As a condition to the issuance of any of the Shares under this Option, Optionee or any person who may exercise this Option authorizes the Company to withhold in accordance with applicable law from any salary, wages or other compensation for services payable by the Company to or with respect to Optionee any and all taxes required to be withheld by the Company under federal, state or local law as a result of such Optionee's or such person's receipt or disposition of Shares purchased under this Option. If, for any reason, the Company is unable to withhold all or any portion of the amount required to be withheld, Optionee (or any person who may exercise this Option) agrees to pay to the Company upon exercise of this Option an amount equal to the withholding required to be made less the amount actually withheld by the Company.

7. **FORFEITURE.** If Optionee's Service is terminated for Cause, this Option (whether vested or unvested) shall immediately terminate and cease to be exercisable. If shares have been delivered to the Optionee upon exercise of this Option, then the shares so issued shall be forfeited and returned to the Company.

8. **GENERAL.** This Agreement will be construed as a contract under the laws of the State of Ohio without reference to Ohio's choice of law rules. It may be executed in several counterparts, all of which will constitute one Agreement. It will bind and, subject to the terms of the Plan, benefit the parties and their respective successors, assigns, and legal representatives.

IN WITNESS WHEREOF, the Company and the Optionee have executed this Agreement as of the date first above written.

**OPTIONEE:**

[Name, Title]

**ROCKY BRANDS, INC.****SECURITIES LAW COMPLIANCE PROGRAM**

Rocky Brands, Inc. (together with its subsidiaries, the “Company”) is committed to promoting honest and ethical business conduct and compliance with laws, rules and regulations. As part of this commitment, our Board of Directors has adopted this Securities Law Compliance Program. The Board of Directors believes that a strong compliance program is an important aspect of responsible corporate management, as even inadvertent violations of federal securities laws by a corporation or its employees can result in civil or criminal penalties, fines, and adverse publicity and can require substantial commitments of time and resources to address or rectify.

One purpose of this Securities Law Compliance Program is to educate and inform all employees of their obligations under the securities laws as employees of a public company. It is designed to educate employees to recognize and understand the ethical, business, and legal reasons for not engaging in insider trading. It also explicitly prohibits employees from divulging confidential or non-public information about our Company or any company with which it does business and from trading in our common stock or the securities of any such company while the employee is in possession of material, non-public information.

**I. Scope of Policy - Limitations Applicable to All Directors, Officers, Employees and Immediate Family Members.****A. Rule Against Trading on Inside Information.**

- **It is a violation of federal securities laws for any Covered Person to buy or sell our securities if such Covered Person is in possession of material non-public information.**
- **It is also illegal for any Covered Person in possession of material non-public information about our Company to provide other people with such information for their use or to recommend that they buy or sell our securities.**
- **It is also illegal for any Covered Person to buy or sell, or to recommend that another person buy or sell, the securities of another company, if such Covered Person learns in the course of his or her employment material non-public information about that company.**

Federal securities laws regulate the sale and purchase of securities in the interest of protecting the investing public, and place the responsibility on the Company and Covered Persons to ensure that information about our Company is not used unlawfully in the purchase and sale of securities.

Covered Persons. This policy covers all employees, officers and members of the Board of Directors of the Company, as well as the immediate family members residing with such persons or any other person in such person's household, or any other family members whose transactions in the Company's securities are directed by or subject to the influence or control of such employee, officer or member of the Board of Directors of the Company (each, a "Covered Person"). Covered Persons are responsible for ensuring compliance with this policy by members of their immediate family members and other persons sharing their households, and by entities with which they are affiliated or associated.

The Purpose of the Policy Against Trading While in Possession of Material Non-Public Information. A Covered Person should pay particularly close attention to the laws against trading on material non-public or "inside" information. These laws are based upon the belief that all persons trading in a company's securities should have equal access to all "material" information about that company. For example, if a Covered Person knows material non-public financial information, that Covered Person is prohibited from buying or selling securities in the company until the information has been disclosed to the public. This is because the Covered Person knows confidential or private information that will probably cause the securities price to change once such information is made public, and it would be unfair for the Covered Person to have an advantage (knowledge that the securities price will change) that the rest of the investing public does not have.

Inside information does not belong to the Covered Person who may handle such information or otherwise become knowledgeable about it. For any such person to use such information for personal benefit or to disclose it to others outside our Company violates our interests and, in connection with trading in our securities, is viewed as a fraud against the investing public. Severe penalties may be imposed for violations of the insider trading laws.

What Information is Material Non-Public Information? Information about securities is "material" if it could affect a person's decision whether to buy, sell, or hold the securities. For example, it would be material for a person to know what a company's sales or financial results are before they have been released, that an important acquisition or sale is about to occur, or that the company is about to introduce a major new business initiative. Such information is "non-public" information if it has not been broadly disseminated to the market at large. "Non-public" information may also include undisclosed information that is the subject of rumors, even if the rumors are widely circulated. Generally, information is broadly disseminated when a company discloses it to the market through the media of widest relevant circulation, e.g., press releases and SEC filings, and the public has had reasonable opportunity to evaluate the impact of the information on the stock of the company. If you are unsure whether information is material non-public information, you should assume that information is material non-public information or consult the Compliance Officers before making any decision to disclose such information or trade in securities to which that information relates.

Trading on Material Non-Public Information Concerning Our Company. The prohibition against trading on inside information applies to our directors, officers and all other employees, and to all other people who gain access to that information. You could be held liable even if you did not profit in any way from the disclosure of such information to another person. For example, if you disclose material non-public information about our Company to a family member or a friend who uses the information to sell or purchase our Company's stock and thereby profits from the "tipped" information, you and the recipient of the information could both be held liable for civil penalties and could be subjected to severe criminal penalties.

Material Non-Public Information Concerning Other Companies. The same rules apply to the securities of other companies. For example, it would be a violation of the securities laws if a Covered Person learned through our Company's sources that we intended to purchase assets from a company, and then bought or sold stock in such company because of the likely increase or decrease in the value of its securities. A Covered Person who learns material inside information about suppliers, customers, or competitors through their work at our Company should keep it confidential and not buy or sell stock in such companies until the information becomes public.

Additional Trading Restrictions Applicable to Directors, Officers and Access Group Employees. Because of their access to confidential information on a regular basis, our policy subjects members of our Board of Directors, our officers and certain other employees (the "Access Group Employees" as described in Schedule 1 to this Program) to additional restrictions on trading in our securities. These restrictions are generally discussed in Section II below.

SEC Enforcement and Penalties. The Securities and Exchange Commission (the "SEC") is responsible for monitoring insider trading and enforcing the laws against such trading. Civil and criminal penalties for this kind of activity are severe. A breach of the insider trading laws could expose a person to criminal fines up to Five Million Dollars (\$5,000,000) and imprisonment up to twenty years, in addition to civil penalties up to three times the profits earned or losses avoided. In addition, punitive damages may be imposed under applicable state laws. Securities laws may also subject "controlling persons" to civil penalties for illegal insider trading by employees. Controlling persons may include directors, officers, other employees and the Company itself. The Company may also impose penalties and subject violators of this policy to disciplinary action, including dismissal for cause.

**B. Rule Against Short Sales and Trading in Put and Call Options.**

- **A Covered Person may not engage in short sales or trade in options in our securities.**

Our Company also prohibits a Covered Person from engaging in short sales and trading in options, such as tradable put and call options, in our securities.

Short sales and options trading may be viewed as highly speculative, and people who engage in short sales and buy options are usually betting that the securities' price will move rapidly. For that reason, when a person engages in short sales or trades in options in his or her employer's securities, it will arouse suspicion in the eyes of the SEC that the person was trading on the basis of inside information. If the SEC or the stock exchanges were to notice active short sales or options trading by a Covered Person prior to an announcement, they would likely investigate. Such an investigation could be damage our brands and reputation, and could result in severe penalties and significant expenses for the persons involved.

This policy does not pertain to employee stock options granted by us. Employee stock options are personal to the employee and cannot be traded.

**C. Rule Against Margin Accounts.**

- **Directors, executive officers, Access Group Employees and their respective family members are not permitted to purchase our securities on margin or hold our securities in a margin account without the prior consent of our designated Compliance Officers. All other employees are advised to exercise caution when maintaining margin accounts with our Company's securities.**

Securities held in a margin account may be sold by the broker without the customer's consent if the customer fails to meet a margin call. Such a sale could occur at a time when a director, executive officer or Access Group Employee has material inside information or is otherwise not permitted to trade in our securities. Therefore, a Compliance Officer must give prior consent to the establishment of a margin account in which a director, executive officer or Access Group Employee holds securities in our Company. For the same reasons, all other employees are advised to exercise caution with respect to any margin account they maintain with securities of our Company.

**D. Rule Against Hedging.**

- **A Covered Person may not enter into hedging or monetization transactions or similar arrangements with respect to the Company's securities.**

**E. Trading Windows and General Guidelines.**

The following guidelines should be followed in order to ensure compliance with applicable anti-fraud laws and with our policies:

1. **Do Not Disclose Material Non-Public Information. Material non-public information must not be disclosed to anyone, except to persons within our Company whose positions require them to know it.** A Covered Person whose job causes them to possess material inside information should treat it carefully to avoid even inadvertent disclosure.

2. **Trade in our Company's Stock Only During "Window" Periods.** We strongly advise that all employees limit trading in our securities to the trading windows established by the designated Compliance Officers. Our Company's Compliance Officers will determine and communicate when the directors, officers and Access Group Employees may buy or sell Company securities. These periods will generally begin two days after the Company has publicly announced its quarterly earnings or annual earnings and end as of the beginning of the last month of each fiscal quarter. All employees are advised to limit trading in our securities to these trading window periods. From time to time, other types of material non-public information regarding the Company may be pending and may not be publicly disclosed. While such material non-public information is pending, the Company may impose special blackout periods during which directors, officers and Access Group Employees are prohibited from trading in the Company's securities. If such a special blackout period is imposed, the Company will notify the affected individuals.

These window periods do not excuse all trades, but merely define the time periods during which the market is likely to be current on all material developments affecting the Company. You should not trade when in the possession of material non-public information even if the trading window is otherwise "open."

The exercise of employee stock options is not subject to this guideline. Our Company's stock that was acquired upon exercise of a stock option, however, will be treated like any other shares of our stock. Directors, executive officers and Access Group Employees are limited to trading only during the window periods and are subject to additional restrictions on trading that are set forth in Section II below.

The trading window restrictions do not apply to transactions under a pre-existing written, plan, contract, instruction or arrangement under Rule 10b-5 of the Securities Exchange Act of 1934 (an "Approved 10b5-1 Plan"), provided that the following requirements are met:

- such plan has been reviewed and approved by the Compliance Officers at least three (3) days in advance of being entered into (or, if revised and amended, such proposed revisions or amendments have been reviewed by the Compliance Officers at least three (3) days in advance of being entered into);
- such plan provides that no trades may occur until the applicable cooling-off period has expired, and no trades occur until after that time. The appropriate cooling-off period will vary based on the status of the Covered Person. For directors and officers, the cooling-off period ends on the later of (x) ninety days after adoption or certain modifications of the Approved 10b5-1 Plan; or (y) two business days following disclosure of the Company's financial results in a Form 10-Q or Form 10-K for the quarter in which the Approved 10b5-1 Plan was adopted. For all other Covered Persons, the cooling-off period ends 30 days after adoption or modification of the Approved 10b5-1 Plan. This required cooling-off period will apply to the entry into a new 10b5-1 plan and any revision or modification of an Approved 10b5-1 Plan;

- such plan is entered into in good faith by the Covered Person, and not as a part of a plan or scheme to evade the prohibitions of Rule 10b5-1, at a time when the Covered Person is not in possession of material non-public information about the Company. If the Covered Person is a director or officer, the 10b-1 plan must include representations by the Covered Person certifying to that effect;
- it gives a third party the discretionary authority to execute such purchases and sales, outside the control of the Covered Person, so long as such third party does not possess any material non-public information about the Company, or explicitly specifies the securities to be purchased or sold, the number of shares, the prices and/or dates of transactions, or other formulas for describing such transactions; and
- it is the only outstanding Approved 10b5-1 Plan entered into by the Covered Person (subject to the exceptions set forth in Rule 10b5-1(c)(ii)(D)).

Please contact the Compliance Officers if you are considering entering into, modifying or terminating an Approved 10b5-1 Plan or if you have any questions regarding such plans.

3. **Avoid Speculation.** We strongly encourage directors, officers and employees to avoid frequent (speculative) trading in our securities. Investing in our common stock provides an opportunity to share in our future growth. But investment in our Company and sharing in our growth does not mean short range speculation based on fluctuations in the market. Such activities put the personal gain of the Covered Person in conflict with the best interests of our Company and our shareholders.

4. **Ask Questions; Seek Counsel.** This Program only briefly summarizes the key provisions of some of the federal securities laws affecting you and does not purport to be a complete summary of all laws relating to the misuse of material non-public information or other securities laws which may be applicable to you. The federal securities laws are complex, and their application depends in large part on particular facts. You should not rely on casual advice. If you have any questions about how these rules and laws apply to you, please contact the Compliance Officers of our Company or your own legal counsel.

## **II. Special Limitations on Securities Transactions for Directors, Executive Officers and Access Group Employees.**

Members of our Board of Directors, executive officers and Access Group Employees are subject to the following restrictions on trading in our Company's Securities.

**A. Pre-Clearance of Securities Transactions.**

- **All transactions in our stock, such as sales, purchases, gifts, and other transactions, by directors, executive officers, and Access Group Employees must be pre-cleared by the Compliance Officers and must be completed only within periods of permitted securities trading, which trading windows will be established and communicated from time to time by the Compliance Officers.**

Directors, executive officers, and Access Group Employees can reasonably be anticipated to have access from time to time to material non-public information. In order to avoid unintentional violations of the federal securities laws, these persons will be required to clear any transaction (*i.e.*, sales, purchases, or gifts) in our stock with a Compliance Officer before engaging in the transaction. Pre-clearance is required so that the Compliance Officers will be in a position to aid the individual in determining whether material non-public information exists, avoiding any short-swing profit recovery and assuring that appropriate Form 4, Form 5 and Form 144 filings are timely made with the SEC, if required. The Compliance Officers will also have the opportunity to explain our policies to the individual and answer any questions.

When a Compliance Officer knows of a material non-public event involving our Company but the individual desiring to trade does not know of the event, the Compliance Officer will provide the individual with substantially the following explanation: "Our Company is in a quiet period right now and you cannot buy or sell our stock. You will be notified as soon as we are no longer in the quiet period and you will be able to trade at that time."

Pre-clearance is not required for transactions under an Approved 10b5-1 Plan once the applicable cooling-off period has expired. No trades may be made under an Approved 10b5-1 Plan until expiration of the applicable cooling-off period. The third party effecting the transaction under the Approved 10b5-1 Plan on behalf of the Covered Person should be instructed to send confirmations of all such transactions to the Compliance Officers.

**B. Section 16 Compliance.**

- **Directors and officers designated by our Board of Directors as executive officers subject to Section 16 of the Securities Exchange Act of 1934, as amended, are "SEC Reporting Persons" and are required to report all transactions in our securities to the SEC.**

A power of attorney will be obtained from each SEC Reporting Person granting the Compliance Officers and our counsel the power to sign the necessary forms and submit the forms to the SEC in the event the SEC Reporting Person is unable to do so.

Although it is the SEC Reporting Person's obligation to file the required Section 16(a) reports with the SEC, a Compliance Officer or our counsel will assist the executive officer in complying with this obligation by preparing the required Forms 3, 4 and 5 based on information that is provided by the SEC Reporting Person. A Compliance Officer or our counsel will send the report to the SEC Reporting Person to verify the information and execute the form. The Compliance Officer or our counsel will file the report with the SEC upon receipt.

**C. Short-swing Profits.**

- **Directors and officers designated as SEC Reporting Persons may not engage in a purchase or sale transaction within six months of a previous "matchable" sale or purchase transaction in our Company's securities, respectively, if such transaction is not an exempt transaction under Section 16 of the Securities Exchange Act of 1934, as amended.**

As an SEC Reporting Person, profits on any "matchable" transactions in our Company's securities within a six month period must be forfeited to our Company. Such transactions are subject to the rule whether or not the director or officer was aware of any material nonpublic information at any time during the six month period. Many important transactions are exempt from this rule, such as the exercise of a stock option granted by our Company, which exercise is not deemed a purchase. However, the subsequent sale of the shares issued upon exercise of the option is subject to the rule. Before you make any transaction in our Company's securities, determine whether you have made another transaction that could be matched within six months and consult with the Compliance Officers or legal counsel to ascertain whether a proposed transaction could violate the short-swing profits rules.

**D. Short Sale Prohibition.**

- **It is unlawful for an SEC Reporting Person to engage in a short sale of our Company's securities.**

The securities laws make it unlawful for our directors and executive officers to make short sales of our securities.

**III. Centralized Control of Information Released to the Public through Communications Officers.**

Our policy is to release information in a manner to assure its accuracy and broadest possible dissemination consistent with the type and relative importance of the information and to avoid selective disclosure of information. To implement this policy, the responsibility for contacts with the press, communication with analysts and the financial community and release of Company information will be centralized in a small number of designated senior officers who will be appointed by our Board of Directors. It will be the responsibility of these Communications Officers (as set forth in Schedule 2) to keep fully informed of all material developments regarding our Company and to communicate and coordinate with each other regarding the nature and timing of disclosures. All press releases or public statements by our Company will be reviewed with and approved by the Communications Officers prior to dissemination. Employees should refer all requests for information about the Company from the press, analysts, brokers, shareholders or the financial community generally to the Communications Officers.

**IV. Appointment of Compliance Officers.**

Our Board of Directors shall appoint one or more Compliance Officers to implement and oversee this Securities Law Compliance Program. The Compliance Officers (as set forth in Schedule 3) will be the primary contact for educating and answering questions of employees relating to securities law compliance. These officers are required to obtain a basic understanding of the securities laws, through a careful review of the Federal Securities Law Compliance Memorandum prepared for our officers and directors by our corporate counsel. The Compliance Officers will provide reminders to, and otherwise assist, a Covered Person to ensure that they meet all applicable securities laws obligations. The Compliance Officers will keep current on changes in the securities laws and assist counsel in preparing, reviewing, and reconciling necessary reports of transactions to the SEC. The Compliance Officers will also be responsible for reviewing and approving Rule 10b5-1 plans and generally implementing the securities trading procedures described in this Program.

**V. Dissemination of Securities Law Policy Statements.**

**A. Directors, Executive Officers, and Access Group Employees.**

Each of our directors, executive officers and Access Group Employees will be required to read and sign a Securities Law Policy Statement substantially in the form attached as Exhibit A.

In addition, each director and executive officer will be furnished and will be required to read a Securities Law Compliance Manual prepared by our corporate counsel and outlining the securities laws requirements applicable to them.

**B. All Other Employees.**

A Policy Statement substantially in the form attached as Exhibit B will be added to our Employee Handbook to inform all other employees of their responsibilities under the securities laws and our compliance policy.

## **SCHEDULE 1**

### **Access Group Employees**

Rocky Brands, Inc. "Access Group Employees" include:

1. All non-executive officers of our Company.
2. Certain first reports and administrative assistants to all officers of our Company.
3. All employees responsible for preparing or having access to financial reports and projections of our Company.
4. Such other persons as may be determined from time to time by our Board of Directors or our Compliance Officers

The Compliance Officers will maintain a current list of Access Group Employees and notify employees who are included on the list.

## **SCHEDULE 2**

### **Communications Officers**

Jason Brooks – Chairman, President and Chief Executive Officer

Tom Robertson – Chief Operating Officer, Chief Financial Officer and Treasurer

## **SCHEDULE 3**

### **Compliance Officers**

Tom Robertson – Chief Operating Officer, Chief Financial Officer and Treasurer

Jeremy D. Siegfried – Secretary

## ROCKY BRANDS, INC.

**Securities Law Policy Statement  
(To be signed by Directors, Executive Officers and Access Group Employees)**

By signing below, I acknowledge the following rules as forming the basic policy of Rocky Brands, Inc. (the "Company") for employees regarding compliance with the securities laws. I understand that the securities laws impose civil and criminal penalties on employees of public companies and others for violating insider trading and other provisions. I understand that I can be liable for civil and criminal penalties for merely passing along information, even if I do not personally trade or profit.

1. **I will not disclose material non-public information about the Company to any person, except on a need-to-know basis as a part of my job.** I understand that material non-public information includes any information that, if it were made public, would be important to a reasonable investor in the decision to buy, hold or sell our Company's stock. Both positive and negative information can be material. Examples of information that may be regarded as material include: projections of future earnings or losses; unpublished sales and earnings numbers; an undisclosed but declared stock dividend or a stock split; the undisclosed plan of a sale by our Company of additional stock; unannounced changes in senior management; and an undisclosed plan for a significant acquisition or divestiture of assets or a merger.

2. **I will not answer questions from any person regarding material non-public information regarding our Company, including results of operations.** All questions from the press, analysts, brokers, shareholders or the financial community generally shall be referred to one of our Company's Communications Officers designated from time to time by the Board of Directors.

3. **I will not buy or sell our Company's securities without first receiving pre-clearance from a Compliance Officer prior to placing my order.** I understand that this applies to any account in which I or my spouse or any member of my household has a direct or indirect interest, including trusts and retirement accounts, etc. Pre-clearance approval may be obtained from one of our Company's Compliance Officers as designated from time to time by the Board of Directors. Following the approval, I will also report the details of each trade, including the name of my broker, the type of transaction (e.g., purchase or sale), and the date and price of the transaction to one of the Compliance Officers as soon as possible. If I am a member of the Board of Directors or an executive officer designated as an SEC Reporting Person, I understand that I am also responsible for compliance with the requirements of SEC Rule 144. I will provide written notice to each broker where I or one of my household members maintains a securities account (and will furnish a copy of that notice to one of the Compliance Officers), that I am, as the case may be, a member of the Board of Directors, an executive officer designated as an SEC Reporting Person, or a member of the Access Group as designated by the Board of Directors or the Compliance Officer.

4. **I will not engage in short sales or options trading in our Company's securities.**
5. **I will not purchase or hold our Company's securities on margin without first receiving clearance from the Company's Compliance Officers.**
6. **I will report any violation or suspected violation of these rules by myself or any other person as soon as possible to either a Compliance Officer or our Company's counsel.**

I have read and understand the foregoing policy statement, have been given a copy to retain for my reference, and agree to be bound by its terms, and I understand that I can be subject to discipline up to and including termination from employment for violating any of the above rules.

[Insert for Employee Handbook]

## Securities Law Compliance Policy

This Policy Statement is a part of our Company's Securities Law Compliance Program, which is designed to inform all employees of their obligations under the securities laws as employees of a public company. The securities laws impose civil and criminal penalties on employees of public companies and others for violating insider trading and other provisions. This policy statement is intended to give employees the basic rules. You should contact your immediate supervisor if you have questions or need additional information.

**Material non-public information must not be disclosed to anyone, except to persons within our Company whose positions require them to know it.** Employees whose jobs cause them to possess material inside information should treat it carefully to avoid even inadvertent disclosure. Employees are not permitted to answer questions from any person regarding non-public information regarding Rocky Brands, Inc. (our Company), including results of operations. All questions from the press, securities analysts, brokers, or others shall be referred to your immediate supervisor.

What is *material inside* information? Any non-public information that, if it were made public, would be important to a reasonable investor in the decision to buy, hold or sell our Company's securities is material. Both positive and negative information about our Company can be material. As a practical matter, employees should ask themselves: "Would this non-public information be likely to result in an increase or decrease in the price of our Company's stock?" Examples of information that is often regarded as material include: projections of future earnings or losses; unpublished sales and earnings numbers; an undisclosed but declared stock dividend or stock split; the undisclosed sale by our Company of additional stock; changes in our senior management; and an undisclosed plan for a significant acquisition or divestiture of assets or a merger.

**No employee may place a purchase or sale order, or recommend that another person place a purchase or sale order, in our Company's securities when he or she has knowledge of material information concerning our Company that has not been disclosed to the public.** If an employee is in possession of material non-public information about our Company, they must refrain from trading in our Company's stock or recommending that others do so. The exercise of employee stock options is not subject to this Policy. However, Company stock that was acquired upon exercise of a stock option will be treated like any other of the Company's securities, and may not be sold by an employee who is in possession of material non-public information. Any employee who possesses material inside information should wait until the start of the second business day after the information has been publicly released before trading. The restrictions applicable to our employees apply equally to family members (and others) who share a household with such employees.

**Although our Company encourages employees to own our common stock, employees should avoid frequent (speculative) trading in our Company's common stock.** Investing in our Company's common stock provides an opportunity to share in the future growth of the Company. However, investment in our Company and sharing in our growth does not mean short-range speculation based on fluctuations in the market. Such activities put the personal gain of the employee in conflict with the best interest of our Company and shareholders.

**Employees are required to report any violation or suspected violation of this Policy statement soon as possible to Human Resources. Employees can be subject to disciplinary action up to and including termination of employment for violating this Policy statement.**

**CERTIFICATION PURSUANT TO EXCHANGE ACT RULES 13a-14(a) AND 15d-14(a) OF THE CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER**

I, Jason Brooks, certify that:

1. I have reviewed this annual report on Form 10-K of Rocky Brands, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this annual report is being prepared;
  - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO RULE 13a - 14(b) AND  
SECTION 1350 OF CHAPTER 63 OF TITLE 18 OF THE  
UNITED STATES CODE AS ADOPTED PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Annual Report of Rocky Brands, Inc. (the "Company") on Form 10-K for the year ended December 31, 2024 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), each of the undersigned hereby certifies, pursuant to Section 1350 of Chapter 63 of Title 18 of the United States Code as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

- (1) The Report fully complies with the requirements of Section 13(a) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
